Mark Johns' *REAL* Reform Platform:

- **TERM LIMITS FOR ALL LEGISLATORS:** Mark is the lead sponsor on legislation that would impose term limits on all state lawmakers, helping to prevent corruption and promote legislative equality among legislators.
- **SOLE ACT:** Mark's landmark legislation would give all lawmakers a Single Opportunity for Legislative Equality, meaning that everyone – regardless of party or power – would be allowed to have one piece of statewide legislation come up for discussion, debate and an up or down vote during each 2-year legislative cycle.
- **PROHIBIT PENSIONS FOR CORRUPT LAWMAKERS:** Criminals should not be allowed to have taxpayer-funded pensions. Mark's plan would require elected officials who are convicted of crimes to forfeit their pension.
- **HOLD ALBANY ACCOUNTABLE TO RESTORE THE PUBLIC TRUST:** Mark supports enactment of the Public Officers Accountability Act, an omnibus bill that would reform campaign finance laws to help prevent corruption in Albany; implement new redistricting reforms to get rid of gerrymandered districts; and enact a two-year budget cycle to save taxpayers millions of dollars a year that can be spent in schools and fixing our roads and bridges.
