# Now is the time for Real Reform!

According to a recent Siena Research Institute Poll, an overwhelming 97 percent of New Yorkers want Albany to address Real Reform this year. Time and time again, the people of New York support the reforms in **Assemblyman Mark Johns' Real Reform** platform:

- ✓ Term Limits for All Legislators
- ✓ Pension Forfeiture for Public Officials Convicted of Corruption
- ✓ Legislative Equality through the SOLE Act
- ✓ Public Initiative To Allow The People To Vote On the Reforms the State Legislature Refuses To Address

There is still time for Albany to enact **Real Reform** this year! Join Mark Johns in his fight to deliver Real Reform by contacting the governor and legislative leaders and telling them to pass Real Reform this session.
