

Mark Johns' real reform plan
would save us more than
\$150 million a year which means:

3.75 million

potholes
can be
filled.

or

32%

larger average upstate
property tax freeze
rebate checks.

or

3,394

new teachers
can be
hired.

MARK
JOHNS
Real Reform

Assemblyman Mark Johns' real reform plan would save us more than \$150 million a year.

- Create **more transparent state budgets** by ending the secretive “three men in a room” status quo and requiring all budget meetings to be televised live
- Chop the **size and cost of the state legislature** and enact 2-year state budgets to reduce the time spent in Albany – and the expense to taxpayers footing the bill
- Allow the public to **review state spending** by requiring every dollar to be clearly lined out in legislation
- Prohibit campaign kickbacks to **end the “pay to play” culture** that allows special interests to dominate over state budgets and policies
- **Term limits** for all legislators
- **Pension forfeiture** for public officials convicted of corruption
- **Legislative equality** through the SOLE Act
- **Reduce Medicaid fraud**, waste, and abuse

For more information on this or any other state issue, please contact
Assemblyman Mark Johns: (585) 223-9130
