★ NEW YORK STATE ASSEMBLY

AS AN ELDER LAW ATTORNEY, I KNOW THAT WE NEED TO PROTECT WHAT COUNTS FOR WESTERN NEW YORK'S ELDERLY POPULATION WHO HAVE WORKED AND SAVED THEIR ENTIRE LIVES TO ENJOY THEIR GOLDEN YEARS. THAT'S WHY I MADE YOUR VOICE HEARD IN THE 2012-13 STATE BUDGET!

Ray Walter

- The budget contains relief from escalating co-pays for prescription drugs by restoring the EPIC program and capping co-payments at \$20.
- We were able to protect the right of spousal refusal, which keeps the government from draining your life savings to pay for your spouse's long-term care.
- An unfair attack on the families of Medicaid recipients was repealed by tightening the restrictions on the government's ability to raid a deceased New Yorker's estate. This ensures that, with proper planning, future generations can be protected.
- We followed the lessons of the greatest generation and spent responsibly, closing our deficit by tightening our belts rather than increasing taxes or creating more debt for our children and grandchildren to pay off.
