and in their
neighborhood.
No excuses.**

It's time to take action. Here's what
Assemblyman Raia has done:

Voted for legislation that would:

- Institute the **Extreme Risk Protection Order**, which would enable a family member or law enforcement to apply for a court order to temporarily remove a person's firearms (**A.8976-B**)
- Prohibit the sale of a firearm to a **domestic violence abuser** (**A.5025**)
- **Ban the sale of "Bump Stocks"** or other trigger modification devices (**A.9958**)
- Require **investigation into the mental illness** records of every applicant who applies for a pistol license in NYS (**A.9978**)

For questions on this or any state
matter, please feel free to contact me:
