SUPPORTING OUR SCHOOLS SO OUR STUDENTS CAN SOAR

Making sure students are healthy, happy, and safe during school hours is critical. To support our schools and students, I am supporting legislation that will:

- ✓ Help keep our children safe during school hours by improving classroom safety mechanisms, emergency medical equipment, and school safety preparation and training (A.4534) as well as establishing standards for security and safety on school grounds. (A.3728)
- ✓ Prohibit cyberbullying in schools statewide to promote bully-free learning environments for students. (A.3112)
- ✓ Require school districts to provide early literacy programming for students in grades K through 5 to improve their vocabulary development and reading comprehension from a much younger age. (A.2897)
- ✓ Protect our children's health by requiring the installation of vaping detectors in certain schools. (A.2552)
- ✓ Require all public, charter, and non-public schools to serve breakfast and lunch at no cost to students. (A.1941)
