

A report to the 25th Assembly District from

ASSEMBLYWOMAN NILY ROZIC

November 2013

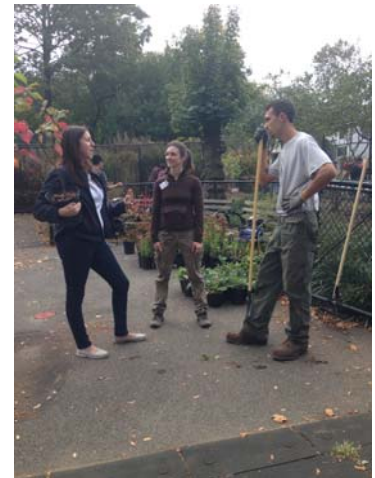

STAR EXEMPTION WORKSHOP AND REGISTRATION DRIVE

On October 27th, I hosted a STAR Exemption Workshop and Registration Drive at my district office. City and state agencies were on hand to answer questions and concerns from local residents about the Basic and Enhanced STAR Exemption. Thank you to all who attended! If you are a homeowner and need assistance with the registration process, please contact my office at 718-820-0241 or RozicN@assembly.state.ny.us. Remember to register for the STAR Program by December 31, 2013!

PRESERVING OUR PARKS

On October 19th, I visited Cunningham Park, Kissena Corridor Park, and the Olde Towne of Flushing Burial Ground to celebrate It's My Park Day. I joined local civic organizations, community groups, and volunteers to encourage the preservation and protection of green spaces that make our community great!

SUPPORTING AFTERSCHOOL PROGRAMS

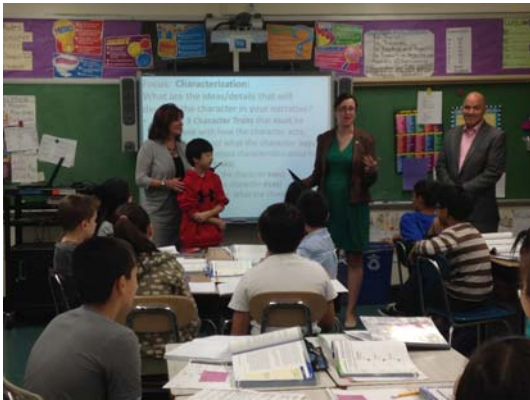

I joined local parents, students, school officials, and community members at the Child Center of NY's Parsons Beacon Center at the Parsons Educational Complex in Flushing to send the message that after-school programming is key to students' success. The event was celebrated across the country and was filled with fun and educational activities for all.

CELEBRATING OUR SENIORS

I joined State Senator Toby Stavisky and Assemblymember Ron Kim in celebrating the 10th Anniversary of the Hindu Temple Society of North America's Senior Program. During the event, participants of the senior program entertained the audience with traditional dances and original skits. I commend Dr. Uma Mysorekar and the Hindu Temple Society of North America for continuing to provide vital resources to our seniors.

RECOGNIZING OUR STUDENTS

I presented an award to Brendan Zheng of M.S. 158 with Paul Vallone to recognize his achievement at the 2013 World Pokémon Championship. Congratulations to Brendan for coming in first place in the Junior Division! It is important to recognize the accomplishments of our students and encourage their involvement in extracurricular activities.

ENJOYING THE BOTANICAL GARDEN

On October 20th, I joined the Queens Botanical Garden and hundreds of visitors at their 3rd Annual Harvest Fest and Pumpkin Patch. I set up a mobile office where local residents could inquire about upcoming workshops, events, and other community resources. Local businesses were in attendance to provide entertainment and family-friendly activities. Thank you to everyone who came out and made the event a success!
