Phil Steck  
IS WORKING  
HARD  
FOR US**

# Assemblymember Steck IS DELIVERING RESULTS FOR OUR FAMILIES

## PROTECTING YOUR HARD-EARNED MONEY

Steck authored and passed legislation to **protect employees from wage theft** by holding limited liability corporations (LLCs) located in other countries to the same standards as those located here in New York (A.5131).

**To protect you from being taken advantage of by fake or fraudulent charities**, Steck introduced and passed a bill that requires fundraisers to inform potential donors of the state attorney general's resources on charitable giving (A.2688-B). The attorney general's report and other information on charitable giving can be found at [www.charitiesnys.com](http://www.charitiesnys.com).

He also authored and passed legislation to **crack down on unfair and oppressive contracts**, including ones that force consumers, including families of those in nursing homes, to arbitrate in other states (A.2855).

## PRESERVING THE ENVIRONMENT

Steck co-sponsored legislation to amend the state constitution to guarantee all New Yorkers have the **right to clean air and water** (A.6279).

To help ensure we're doing our part for a greener tomorrow, he co-sponsored legislation to establish statewide greenhouse gas emission limits and **require that 50 percent of New York's electricity is produced by renewable energy systems by 2030** (A.8270-B).

He also co-sponsored legislation to **ensure owners of petroleum storage facilities, vessels and railroads are responsible for cleaning up leaks and spills** (A.1773). This lifts the burden of costly cleanups off taxpayers.

## STANDING AGAINST GUN VIOLENCE

Steck helped make the Domestic Violence Escalation Prevention Act law to keep guns out of the wrong hands by **prohibiting an individual who has been convicted of a domestic violence crime from purchasing or possessing a firearm** (Ch. 60 of 2018).

He also passed legislation to establish an "extreme risk protection order" to **remove firearms from people demonstrating a serious threat** to themselves or others (A.11148).

He helped pass measures to **ban bump stocks** (A.9958) and **extend the waiting period** for those purchasing a gun who have not cleared a background check (A.2406).
