47 social services law; [and]

48 (12) Native Americans; and

49 (13) a person who is permanently placed in a nursing home for a
50 consecutive period of three months or more. In implementing this
51 provision, the department shall continue to support service delivery and
52 outcomes that result in community living for enrollees.

53 § 6. Section 4403-f of the public health law is amended by adding a
54 new subdivision 11-b to read as follows:

55 11-b. In cases of a managed long term care plan merger, acquisition,
56 or other similar arrangement approved by the department, any receiving

1 plan that is a party to the arrangement shall submit a report to the
 2 department within twelve months of the effective date of the trans-
 3 action. Such reports shall be in a form and format to be determined by
 4 the department and shall include, but not be limited to, information
 5 about the enrollees transferred and enrollee service authorization data
 6 before and after transfer. The department shall make a summary of the
 7 report available to the public.

8 § 7. Intentionally omitted.

9 § 8. Subdivision 1 of section 367-a of the social services law is
 10 amended by adding a new paragraph (h) to read as follows:

11 (h) Amounts payable under this title for medical assistance in the
 12 form of freestanding clinic services pursuant to article twenty-eight of
 13 the public health law provided to eligible persons participating in the
 14 New York traumatic brain injury waiver program who are also benefici-
 15 aries under part B of title XVIII of the federal social security act or
 16 who are qualified medicare beneficiaries under part B of title XVIII of
 17 such act shall not be less than the approved medical assistance payment
 18 level less the amount payable under part B.

19 § 9. The commissioner of health, in consultation with the rural health
 20 council, shall conduct a study of home and community based services
 21 available to recipients of the Medicaid program in rural areas of the
 22 state. Such study shall include a review and analysis of factors affect-
 23 ing such availability, including but not limited to transportation
 24 costs, costs of direct care personnel including home health aides,
 25 personal care attendants and other direct service personnel, opportu-
 26 nities for telehealth services, and technological advances to improve
 27 efficiencies. Consistent with the results of the study, the commissioner
 28 of health is authorized to provide a targeted Medicaid rate enhancement
 29 to fee-for-service personal care rates and rates under Medicaid waiver
 30 programs such as the nursing home transition and diversion waiver and
 31 the traumatic brain injury program waiver, in an aggregate amount of
 32 three million dollars minus the cost of conducting the study; provided
 33 further, that nothing in this section shall be deemed to affect payment
 34 for the costs of the study and any related Medicaid rate enhancement if
 35 federal participation is not available for such costs.

36 § 9-a. Subdivision 7 of section 4403-f of the public health law is
 37 amended by adding a new paragraph (j) to read as follows:

38 (j) Limitations on licensed home care service agency contracts. (i)
 39 The commissioner may establish methodologies to limit the number of
 40 licensed home care services agencies licensed pursuant to article thir-
 41 ty-six of the public health law with which managed long term care plans
 42 may enter into contracts, provided that such limitations are consistent
 43 with the specifications set forth in this paragraph.

44 (ii) Managed long term care plans operating in the city of New York
 45 and/or the counties of Nassau, Suffolk, and Westchester may enter into
 46 contracts with licensed home care services agencies in such region in a
 47 maximum number calculated based upon the following methodology:

48 (A) As of October first, two thousand eighteen, one contract per
 49 seventy-five members enrolled in the plan within such region; and

50 (B) As of October first, two thousand nineteen, one contract per one
 51 hundred members enrolled in the plan within such region.

52 (iii) Managed long term care plans operating in counties other than
 53 those in the city of New York and the counties of Nassau, Suffolk, and
 54 Westchester may enter into contracts with licensed home care services
 55 agencies in such region in a maximum number calculated based upon the
 56 following methodology:

1 (A) As of October first, two thousand eighteen, one contract per
2 forty-five members enrolled in the plan within such region.

3 (B) As of October first, two thousand nineteen, one contract per sixty
4 members enrolled in the plan within such region.

5 (iv) Notwithstanding subparagraphs (ii) and (iii) of this paragraph, a
6 managed long term care plan shall not enter into less than the number of
7 contracts with licensed home care services agencies in each county in
8 which the plan operates as is necessary to remain consistent with
9 network adequacy standards, as determined by the department in accord-
10 ance with federal regulations.

11 (v) When calculating the number of additional contracts that a managed
12 long term care plan may enter using the methodologies established pursu-
13 ant to this paragraph, any fractional result shall be rounded down.

14 (vi) The commissioner may increase the number of licensed home care
15 services agencies with which a managed long term care plan may contract,
16 on a county by county basis, if the commissioner determines that such
17 increase is necessary to: ensure adequate access to services in the
18 geographic area including, but not limited to, special needs services
19 and services that are culturally and linguistically appropriate; or to
20 avoid disruption in services in the geographic area.

21 (vii) Any licensed home care services agency that ceases operation as
22 a result of this paragraph shall conform with all applicable require-
23 ments, including but not limited to demonstrating to the department's
24 satisfaction continuity of care for individuals receiving services from
25 the agency.

26 (viii) The commissioner may require managed long term care plans to
27 provide evidence of compliance with this paragraph, on an annual basis.

28 (ix) In implementing the provisions of this paragraph, the commission-
29 er shall, to the extent practicable, consider and select methodologies
30 that seek to maximize continuity of care and minimize disruption to the
31 provider labor workforce, and shall, to the extent practicable and
32 consistent with the ratios set forth herein, continue to support
33 contracts between managed long term care plans and licensed home care
34 services agencies that are based on a commitment to quality and value.

35 (x) This subparagraph applies where implementation of the limits on
36 contracts with licensed home care service agencies of this paragraph (i)
37 would otherwise require an enrollee's care to be transferred from the
38 enrollee's current licensed home care service agency to another licensed
39 care service agency, and (ii) the enrollee (or the enrollee's authorized
40 representative) wants the enrollee to continue to be cared for by one or
41 more employees of the current licensed home care service agency, and
42 that continuation would otherwise be provided. In such a case: the
43 enrollee's managed long term care plan may contract with the enrollee's
44 current licensed home care service agency for the purpose of continuing
45 the enrollee's care by such employee or employees, and the contract
46 shall not count towards the limits on contracts under this paragraph for
47 a period of three months.

48 § 9-b. Subdivisions 4 and 6 of section 3605 of the public health law,
49 subdivision 4 as amended by section 62 of part A of chapter 58 of the
50 laws of 2010, subdivision 6 as added by chapter 959 of the laws of 1984,
51 are amended to read as follows:

52 4. The public health and health planning council shall not approve an
53 application for licensure unless it is satisfied as to: (a) the public
54 need for the existence of the licensed home health care service agency
55 at the time and place and under the circumstances proposed; (b) the
56 character, competence and standing in the community of the applicant's

1 incorporators, directors, sponsors, stockholders or operators; (c) the
2 financial resources of the proposed licensed home health care service
3 agency and its sources of financial revenues; and (d) such other matters
4 as it shall deem pertinent.

5 6. Neither [public need,] tax status nor profit-making status shall be
6 criteria for licensure.

7 § 9-c. Subdivision 2 of section 3605-a of the public health law, as
8 added by chapter 959 of the laws of 1984, is amended to read as follows:

9 2. No such license shall be revoked, suspended, limited, annulled or
10 denied without a hearing. However, a license may be temporarily
11 suspended or limited without a hearing for a period not in excess of
12 thirty days upon written notice to the agency following a finding by the
13 department that the public health or safety is in imminent danger.
14 Notwithstanding the provisions of this section, no licensed home care
15 services agency shall be permitted to operate unless it has registered
16 with the department pursuant to section thirty-six hundred five-b of
17 this article.

18 § 9-d. The public health law is amended by adding a new section 3605-b
19 to read as follows:

20 § 3605-b. Registration of licensed home care services agencies. 1.

21 (a) Notwithstanding any provision of law to the contrary, no licensed
22 home care services agency (LHCSA) licensed pursuant to section thirty-
23 six hundred five of this article shall be operated, provide nursing
24 services, home health aide services, or personal care services, or
25 receive reimbursement from any source for the provision of such services
26 during any period of time on or after January first, two thousand nine-
27 teen, unless it has registered with the commissioner in a manner
28 prescribed by the department.

29 (b) A LHCSA that fails to submit a complete and accurate set of all
30 required registration materials by the deadline established by the
31 commissioner shall be required to pay a fee of five hundred dollars for
32 each month or part thereof that the LHCSA is in default. A LHCSA that
33 failed to register in the prior year by the deadline of the current year
34 shall not be permitted to register for the upcoming registration period
35 unless it submits any unpaid late fees.

36 (c) The department shall post on its public website a list of all
37 LHCSAs, which shall indicate the current registration status of each
38 LHCSA.

39 (d) The department shall institute proceedings to revoke the license
40 of any LHCSA that fails to register for two annual registration periods,
41 whether or not such periods are consecutive. The department shall have
42 the discretion to pursue revocation of the license of a LHCSA on grounds
43 that it evidences a pattern of late registration over the course of
44 multiple years.

45 § 9-e. Effective April 1, 2018, the commissioner of health shall place
46 a moratorium on the processing and approval of applications seeking
47 licensure of a licensed home care services agency pursuant to section
48 3605 of the public health law that have not received establishment
49 approval or contingent establishment approval by the public health and
50 health planning council, except for: (a) an application seeking licen-
51 sure of a licensed home care services agency that is submitted with an
52 application for approval as an assisted living program authorized pursu-
53 ant to section 461-1 of the social services law; (b) an application
54 seeking approval to transfer ownership for an existing licensed home
55 care services agency that has been licensed and operating for a minimum
56 of five years for the purpose of consolidating ownership of two or more

1 licensed home care services agencies; and (c) an application seeking
2 licensure of a home care services agency where the applicant demon-
3 strates to the satisfaction of the commissioner of health that
4 submission of the application to the public health and health planning
5 council for consideration would be appropriate on grounds that the
6 application addresses a serious concern such as a lack of access to home
7 care services in the geographic area or a lack of adequate and appropri-
8 ate care, language and cultural competence, or special needs services.
9 Such moratorium shall expire on March 31, 2020. In implementing the
10 provisions of this section, the commissioner shall, to the extent prac-
11 ticable, review and, where appropriate, prioritize presentation to the
12 public health and health planning council of complete applications under
13 paragraph (b) of this section where the applicants demonstrate, to the
14 satisfaction of the commissioner, that the proposed change in ownership
15 is consistent with the goals of paragraph (j) of subdivision 7 of
16 section 4403-f of the public health law.

17 § 9-f. Section 365-f of the social services law is amended by adding a
18 new subdivision 4-c to read as follows:

19 4-c. Advertising by fiscal intermediaries. (a) A fiscal intermediary
20 shall not publish any advertisement that is false or misleading. For
21 purposes of this subdivision, an advertisement is any material produced
22 in any medium that can reasonably be interpreted as intended to market
23 the fiscal intermediary's services to medical assistance recipients.

24 (b) Fiscal intermediaries shall submit all advertisements to the
25 department prior to dissemination. Fiscal intermediaries shall not
26 disseminate any advertisement until it has been approved by the depart-
27 ment. The department shall render a decision on such submissions within
28 thirty days.

29 (c) Upon a fiscal intermediary's receipt of notification by the
30 commissioner that the fiscal intermediary has disseminated a false or
31 misleading advertisement, or that the fiscal intermediary disseminated
32 an advertisement without the department's approval, the fiscal interme-
33 diary shall have thirty days to cease disseminating or remove such
34 advertisement.

35 (d) Upon the commissioner's determination that a fiscal intermediary
36 has disseminated two advertisements that are either false or misleading
37 or that were not approved by the department, such entity shall be
38 prohibited from providing fiscal intermediary services and any authori-
39 zation granted shall be immediately revoked, suspended, limited or
40 annulled pursuant to subdivision four-b of this section. The department
41 shall maintain a list of such entities and shall make such list avail-
42 able to contracting entities listed in subparagraph (i) of paragraph (a)
43 of subdivision four-a of this section.

44 § 10. Paragraph (d-2) of subdivision 3 of section 364-j of the social
45 services law, as added by section 20-a of part B of chapter 59 of the
46 laws of 2016, is amended to read as follows:

47 (d-2) Services provided pursuant to waivers, granted pursuant to
48 subsection (c) of section 1915 of the federal social security act, to
49 persons suffering from traumatic brain injuries or qualifying for nurs-
50 ing home diversion and transition services, shall not be provided to
51 medical assistance recipients through managed care programs until at
52 least January first, two thousand [eighteen] twenty-two.

53 § 11. Section 4012 of the public health law is amended by adding a new
54 subdivision 5 to read as follows:

55 5. The commissioner shall establish a methodology as of July first,
56 two thousand eighteen subject to federal financial participation that

1 shall ensure a prospective ten-percent increase in the medicaid
2 reimbursement rates for hospice providers, relative to the reimbursement
3 rate, as of March thirty-first, two thousand eighteen, for services
4 provided by such providers on and after April first, two thousand eigh-
5 teen.

6 § 12. This act shall take effect immediately; provided, however, that
7 the amendments to paragraph (b) of subdivision 7 of section 4403-f of
8 the public health law made by sections three, four and five of this act
9 shall not affect the expiration of such paragraph pursuant to subdivi-
10 sion (i) of section 111 of part H of chapter 59 of the laws of 2011, as
11 amended, and shall be deemed to expire therewith; provided, further,
12 that the amendments to section 4403-f of the public health law made by
13 sections three, four, five, six and nine-a of this act shall not affect
14 the repeal of such section pursuant to chapter 659 of the laws of 1997,
15 as amended, and shall be deemed repealed therewith; provided, further,
16 that section four of this act shall take effect on October 1, 2018;
17 provided, further, that section nine-b of this act shall take effect
18 April 1, 2020; provided further that the commissioner of health is
19 authorized to issue regulations establishing the methodology for the
20 determination of public need pursuant to subdivision 4 of section 3605
21 of the public health law, as amended by section two of this act, prior
22 to such date; provided, further, that section nine-f of this act shall
23 apply to marketing contracts entered into after the effective date of
24 this act; and provided, further that the amendments to section 364-j of
25 the social services law made by section ten of this act shall not affect
26 the repeal of such section and shall be deemed repealed therewith.

PART C

28 Section 1. Intentionally omitted.

29 § 2. Section 365-1 of the social services law is amended by adding a
30 new subdivision 2-d to read as follows:

31 2-d. The commissioner shall establish reasonable targets for health
32 home participation by enrollees of special needs managed care plans
33 designated pursuant to subdivision four of section three hundred sixty-
34 five-m of this title and by high-risk enrollees of other Medicaid
35 managed care plans operating pursuant to section three hundred sixty-
36 four-j of this title, and shall encourage both the managed care provid-
37 ers and the health homes to work collaboratively with each other to
38 achieve such targets. The commissioner may assess penalties under this
39 subdivision in instances of failure to meet the participation targets
40 established pursuant to this subdivision, where the department has
41 determined that such failure reflected the absence of a good faith and
42 reasonable effort to achieve the participation targets, except that
43 managed care providers shall not be penalized for the failure of a
44 health home to work collaboratively toward meeting the participation
45 targets and a health home shall not be penalized for the failure of a
46 managed care provider to work collaboratively toward meeting the partic-
47 ipation targets.

48 § 3. Subdivision 6 of section 2899 of the public health law, as
49 amended by chapter 471 of the laws of 2016, is amended to read as

54 health care program certified under article thirty-six of this chapter;

1 any hospice program certified pursuant to article forty of this chapter;
 2 or any adult home, enriched housing program or residence for adults
 3 licensed under article seven of the social services law; or (b) a health
 4 home, or any subcontractor of such health home, who contracts with or is
 5 approved or otherwise authorized by the department to provide health
 6 home services to all those enrolled pursuant to a diagnosis of a devel-
 7 opmental disability as defined in subdivision twenty-two of section 1.03

 13 security act.

14 § 3-a. Subdivision 7 of section 2899-a of the public health law, as
 15 amended by chapter 88 of the laws of 2016, is amended to read as
 16 follows:

17 7. The department promptly shall make all determinations and actions
 18 required by subdivision five of section eight hundred forty-five-b of
 19 the executive law upon receipt of the information from the division of
 20 criminal justice services and the federal bureau of investigation,
 21 provided that when rendering a determination to propose denial of
 22 employment eligibility, the department shall provide the individual who
 23 is the subject of the criminal history information check with a copy of
 24 such criminal history information and a copy of article twenty-three-A
 25 of the correction law and inform such individual of his or her right to
 26 seek correction of any incorrect information contained in such criminal
 27 history information pursuant to the regulations and procedures estab-
 28 lished by the division of criminal justice services. The department
 29 shall create a permanent record, update the information in accordance
 30 with section eight hundred forty-five-b of the executive law and make
 31 only records or information received from the division of criminal
 32 justice services available to providers pursuant to this section.

33 § 4. Paragraph (b) of subdivision 9 of section 2899-a of the public
 34 health law, as added by chapter 331 of the laws of 2006, is amended to
 35 read as follows:

36 (b) Residential health care facilities licensed pursuant to article
 37 twenty-eight of this chapter and certified home health care agencies and
 38 long-term home health care programs certified or approved pursuant to
 39 article thirty-six of this chapter or a health home, or any subcontrac-
 40 tor of such health home, who contracts with or is approved or otherwise
 41 authorized by the department to provide health home services to all
 42 those enrolled pursuant to a diagnosis of a developmental disability as
 43 defined in subdivision twenty-two of section 1.03 of the mental hygiene
 44 law and enrollees who are under twenty-one years of age under section
 45 three hundred sixty-five-1 of the social services law, or any entity
 46 that provides home and community based services to enrollees who are
 47 under twenty-one years of age under a demonstration program pursuant to
 48 section eleven hundred fifteen of the federal social security act, may,
 49 subject to the availability of federal financial participation, claim as
 50 reimbursable costs under the medical assistance program, costs reflect-
 51 ing the fee established pursuant to law by the division of criminal
 52 justice services for processing a criminal history information check,
 53 the fee imposed by the federal bureau of investigation for a national
 54 criminal history check, and costs associated with obtaining the finger-
 55 prints, provided, however, that for the purposes of determining rates of
 56 payment pursuant to article twenty-eight of this chapter for residential

1 health care facilities, such reimbursable fees and costs shall be
2 reflected as timely as practicable in such rates within the applicable
3 rate period.

4 § 5. Subdivision 10 of section 2899-a of the public health law, as
5 amended by chapter 206 of the laws of 2017, is amended to read as
6 follows:

7 10. Notwithstanding subdivision eleven of section eight hundred
8 forty-five-b of the executive law, a certified home health agency,
9 licensed home care services agency or long term home health care program
10 certified, licensed or approved under article thirty-six of this chapter
11 or a home care services agency exempt from certification or licensure
12 under article thirty-six of this chapter, a hospice program under arti-
13 cle forty of this chapter, or an adult home, enriched housing program or
14 residence for adults licensed under article seven of the social services

20 under twenty-one years of age under section three hundred sixty-five-1
21 of the social services law, or any entity that provides home and commu-

23 under a demonstration program pursuant to section eleven hundred fifteen
24 of the federal social security act may temporarily approve a prospective
25 employee while the results of the criminal history information check and
26 the determination are pending, upon the condition that the provider
27 conducts appropriate direct observation and evaluation of the temporary
28 employee, while he or she is temporarily employed, and the care recipi-
29 ent; provided, however, that for a health home, or any subcontractor of
30 a health home, who contracts with or is approved or otherwise authorized
31 by the department to provide health home services to all enrollees
32 enrolled pursuant to a diagnosis of developmental disability as defined
33 in subdivision twenty-two of section 1.03 of the mental hygiene law and
34 enrollees who are under twenty-one years of age under section three
35 hundred sixty-five-1 of the social services law, or any entity that
36 provides home and community based services to enrollees who are under
37 twenty-one years of age under a demonstration program pursuant to
38 section eleven hundred fifteen of the federal social security act,
39 direct observation and evaluation of temporary employees shall not be
40 required until April first, two thousand nineteen. The results of such
41 observations shall be documented in the temporary employee's personnel
42 file and shall be maintained. For purposes of providing such appropriate
43 direct observation and evaluation, the provider shall utilize an indi-

53 twenty-one years of age under section three hundred sixty-five-1 of the
54 social services law, or any entity that provides home and community
55 based services to enrollees who are under twenty-one years of age under
56 a demonstration program pursuant to section eleven hundred fifteen of

1 the federal social security act. If the temporary employee is working
2 under contract with another provider certified, licensed or approved
3 under article thirty-six of this chapter, such contract provider's
4 appropriate direct observation and evaluation of the temporary employee,
5 shall be considered sufficient for the purposes of complying with this
6 subdivision.

7 § 6. Subdivision 3 of section 424-a of the social services law, as

33 under twenty-one years of age under section three hundred sixty-five-1
34 of this chapter, or any entity that provides home and community based
35 services to enrollees who are under twenty-one years of age under a
36 demonstration program pursuant to section eleven hundred fifteen of the
37 federal social security act; publicly-funded emergency shelters for
38 families with children, provided, however, for purposes of this section,
39 when the provider or provider agency is a publicly-funded emergency
40 shelter for families with children, then all references in this section
41 to the "potential for regular and substantial contact with individuals
42 who are cared for by the agency" shall mean the potential for regular
43 and substantial contact with children who are served by such shelter;
44 and any other facility or provider agency, as defined in subdivision

53 reasonable cause to suspect that a child coming before them in their
54 professional or official capacity is an abused or maltreated child, or
55 when they have reasonable cause to suspect that a child is an abused or
56 maltreated child where the parent, guardian, custodian or other person

1 legally responsible for such child comes before them in their profes-

11 PART D

13 social services law, as amended by section 7 of part D of chapter 57 of
14 the laws of 2017, is amended to read as follows:

15 (d) In addition to the amounts paid pursuant to paragraph (b) of this
16 subdivision, the department shall pay a professional pharmacy dispensing
17 fee for each such drug dispensed in the amount of ten dollars and eight
18 cents per prescription or written order of a practitioner; provided,
19 however that this professional dispensing fee will not apply to drugs
20 that are available without a prescription as required by section sixty-
21 eight hundred ten of the education law but do not meet the definition of
22 a covered outpatient drug pursuant to Section 1927K of the Social Secu-
23 rity Act.

24 § 2. Intentionally omitted.

25 § 3. Intentionally omitted.

26 § 4. Intentionally omitted.

27 § 5. Intentionally omitted.

28 § 6. Intentionally omitted.

29 § 7. Subdivision 4 of section 365-a of the social services law is
30 amended by adding a new paragraph (h) to read as follows:

31 (h) opioids prescribed in violation of the treatment plan standards of
32 subdivision eight of section thirty-three hundred thirty-one of the
33 public health law or treatment plan standards as otherwise required by
34 the commissioner.

35 § 7-a. Section 3331 of the public health law is amended by adding a
36 new subdivision 8 to read as follows:

37 8. No opioids shall be prescribed to a patient initiating or being
38 maintained on opioid treatment for pain which has lasted more than three
39 months or past the time of normal tissue healing, unless the medical
40 record contains a written treatment plan that follows generally accepted
41 national professional or governmental guidelines. The requirements of
42 this paragraph shall not apply in the case of patients who are being
43 treated for cancer that is not in remission, who are in hospice or other
44 end-of-life care, or whose pain is being treated as part of palliative
45 care practices.

46 § 8. Section 280 of the public health law, as added by section 1 of
47 part D of chapter 57 of the laws of 2017, is amended to read as follows:

48 § 280. Medicaid drug cap. 1. The legislature hereby finds and declares
49 that there is a significant public interest for the Medicaid program to
50 manage drug costs in a manner that ensures patient access while provid-
51 ing financial stability for the state and participating providers.
52 Since two thousand eleven, the state has taken significant steps to
53 contain costs in the Medicaid program by imposing a statutory limit on
54 annual growth. Drug expenditures, however, continually outpace other

1 cost components causing significant pressure on the state, providers,
2 and patient access operating under the Medicaid global cap. It is there-
3 fore intended that the department establish a Medicaid drug cap as a
4 separate component within the Medicaid global cap as part of a focused
5 and sustained effort to balance the growth of drug expenditures with the
6 growth of total Medicaid expenditures.

7 2. The commissioner shall establish a year to year department of
8 health [state-funds] state funds Medicaid drug [spending] expenditure
9 growth target as follows:

10 (a) for state fiscal year two thousand seventeen--two thousand eigh-
11 teen, be limited to the ten-year rolling average of the medical compo-
12 nent of the consumer price index plus five percent and minus a pharmacy
13 savings target of fifty-five million dollars; and

14 (b) for state fiscal year two thousand eighteen--two thousand nine-
15 teen, be limited to the ten-year rolling average of the medical compo-
16 nent of the consumer price index plus four percent and minus a pharmacy
17 savings target of eighty-five million dollars[.]; and

18 (c) for state fiscal year two thousand nineteen--two thousand twenty,
19 be limited to the ten-year rolling average of the medical component of
20 the consumer price index plus four percent and minus a pharmacy savings
21 target of eighty-five million dollars.

22 3. The department and the division of the budget shall assess on a
23 quarterly basis the projected total amount to be expended in the year on
24 a cash basis by the Medicaid program for each drug, and the projected
25 annual amount of state funds Medicaid drug expenditures on a cash basis
26 for all drugs, which shall be a component of the projected department of
27 health state funds Medicaid expenditures calculated for purposes of
28 sections ninety-one and ninety-two of part H of chapter fifty-nine of
29 the laws of two thousand eleven. For purposes of this section, state
30 funds Medicaid drug expenditures include amounts expended for drugs in
31 both the Medicaid fee-for-service program and Medicaid managed care
32 programs, minus the amount of any drug rebates or supplemental drug
33 rebates received by the department, including rebates pursuant to subdi-
34 vision five of this section with respect to rebate targets. The depart-
35 ment and the division of the budget shall report quarterly to the drug
36 utilization review board the projected state funds Medicaid drug expend-
37 itures including the amounts, in aggregate thereof, attributable to the
38 net cost of: changes in the utilization of drugs by Medicaid recipients;
39 changes in the number of Medicaid recipients; changes to the cost of
40 brand name drugs and changes to the cost of generic drugs. The informa-
41 tion contained in the report shall not be publicly released in a manner
42 that allows for the identification of an individual drug or manufacturer
43 or that is likely to compromise the financial competitive, or proprie-
44 tary nature of the information.

45 (a) In the event the director of the budget determines, based on Medi-
46 caid drug expenditures for the previous quarter or other relevant infor-
47 mation, that the total department of health state funds Medicaid drug
48 expenditure is projected to exceed the annual growth limitation imposed
49 by subdivision two of this section, the commissioner may identify and
50 refer drugs to the drug utilization review board established by section
51 three hundred sixty-nine-bb of the social services law for a recommenda-
52 tion as to whether a target supplemental Medicaid rebate should be paid
53 by the manufacturer of the drug to the department and the target amount
54 of the rebate.

55 (b) If the department intends to refer a drug to the drug utilization
56 review board pursuant to paragraph (a) of this subdivision, the depart-

1 ment shall notify the manufacturer of such drug and shall attempt to
2 reach agreement with the manufacturer on a rebate for the drug prior to
3 referring the drug to the drug utilization review board for review.

4 (c) In the event that the commissioner and the manufacturer have
5 previously agreed to a supplemental rebate for a drug pursuant to para-
6 graph (b) of this subdivision or paragraph (e) of subdivision seven of
7 section three hundred sixty-seven-a of the social services law, the drug
8 shall not be referred to the drug utilization review board for any
9 further supplemental rebate for the duration of the previous rebate
10 agreement.

11 (d) The department shall consider a drug's actual cost to the state,
12 including current rebate amounts, prior to seeking an additional rebate
13 pursuant to paragraph (b) or (c) of this subdivision and shall take into
14 consideration whether the manufacturer of the drug is providing signif-
15 icant discounts relative to other drugs covered by the Medicaid program.

16 (e) The commissioner shall be authorized to take the actions described
17 in this section only so long as total Medicaid drug expenditures are
18 projected to exceed the annual growth limitation imposed by subdivision
19 two of this section.

20 4. In determining whether to recommend a target supplemental rebate
21 for a drug, the drug utilization review board shall consider the actual
22 cost of the drug to the Medicaid program, including federal and state
23 rebates, and may consider, among other things:

24 (a) the drug's impact on the Medicaid drug spending growth target and
25 the adequacy of capitation rates of participating Medicaid managed care
26 plans, and the drug's affordability and value to the Medicaid program;
27 or

28 (b) significant and unjustified increases in the price of the drug; or

29 (c) whether the drug may be priced disproportionately to its therapeu-
30 tic benefits.

31 5. (a) If the drug utilization review board recommends a target rebate
32 amount on a drug referred by the commissioner, the commissioner shall
33 require a supplemental rebate to be paid by the drug's manufacturer in
34 an amount not to exceed such target rebate amount. With respect to a
35 rebate required in state fiscal year two thousand seventeen--two thou-
36 sand eighteen, the rebate requirement shall apply beginning with the
37 month of April, two thousand seventeen, without regard to the date the
38 department enters into the rebate agreement with the manufacturer.

39 (b) The supplemental rebate required by paragraph (a) of this subdivi-
40 sion shall apply to drugs dispensed to enrollees of managed care provid-
41 ers pursuant to section three hundred sixty-four-j of the social
42 services law and to drugs dispensed to Medicaid recipients who are not
43 enrollees of such providers.

44 (c) If the drug utilization review board recommends a target rebate
45 amount for a drug and the department is unable to negotiate a rebate
46 from the manufacturer in an amount that is at least seventy-five percent
47 of the target rebate amount, the commissioner is authorized to waive the
48 provisions of paragraph (b) of subdivision three of section two hundred
49 seventy-three of this article and the provisions of subdivisions twen-
50 ty-five and twenty-five-a of section three hundred sixty-four-j of the
51 social services law with respect to such drug; however, this waiver
52 shall not be implemented in situations where it would prevent access by
53 a Medicaid recipient to a drug which is the only treatment for a partic-
54 ular disease or condition. Under no circumstances shall the commissioner
55 be authorized to waive such provisions with respect to more than two
56 drugs in a given time.

1 (d) Where the department and a manufacturer enter into a rebate agree-
2 ment pursuant to this section, which may be in addition to existing
3 rebate agreements entered into by the manufacturer with respect to the
4 same drug, no additional rebates shall be required to be paid by the
5 manufacturer to a managed care provider or any of a managed care provid-
6 er's agents, including but not limited to any pharmacy benefit manager,
7 while the department is collecting the rebate pursuant to this section.

8 (e) In formulating a recommendation concerning a target rebate amount
9 for a drug, the drug utilization review board may consider:

10 (i) publicly available information relevant to the pricing of the
11 drug;

12 (ii) information supplied by the department relevant to the pricing of
13 the drug;

14 (iii) information relating to value-based pricing;

15 (iv) the seriousness and prevalence of the disease or condition that
16 is treated by the drug;

17 (v) the extent of utilization of the drug;

18 (vi) the effectiveness of the drug in treating the conditions for
19 which it is prescribed, or in improving a patient's health, quality of
20 life, or overall health outcomes;

21 (vii) the likelihood that use of the drug will reduce the need for
22 other medical care, including hospitalization;

23 (viii) the average wholesale price, wholesale acquisition cost, retail
24 price of the drug, and the cost of the drug to the Medicaid program
25 minus rebates received by the state;

26 (ix) in the case of generic drugs, the number of pharmaceutical
27 manufacturers that produce the drug;

28 (x) whether there are pharmaceutical equivalents to the drug; and

29 (xi) information supplied by the manufacturer, if any, explaining the
30 relationship between the pricing of the drug and the cost of development
31 of the drug and/or the therapeutic benefit of the drug, or that is
32 otherwise pertinent to the manufacturer's pricing decision; any such
33 information provided shall be considered confidential and shall not be
34 disclosed by the drug utilization review board in a form that identifies
35 a specific manufacturer or prices charged for drugs by such manufactur-
36 er.

37 6. (a) If the drug utilization review board recommends a target rebate
38 amount and the department is unsuccessful in entering into a rebate
39 agreement with the manufacturer of the drug satisfactory to the depart-
40 ment, the drug manufacturer shall in that event be required to provide
41 to the department, on a standard reporting form developed by the depart-
42 ment, the following information:

43 (i) the actual cost of developing, manufacturing, producing (including
44 the cost per dose of production), and distributing the drug;

45 (ii) research and development costs of the drug, including payments to
46 predecessor entities conducting research and development, such as
47 biotechnology companies, universities and medical schools, and private
48 research institutions;

49 (iii) administrative, marketing, and advertising costs for the drug,
50 apportioned by marketing activities that are directed to consumers,
51 marketing activities that are directed to prescribers, and the total
52 cost of all marketing and advertising that is directed primarily to
53 consumers and prescribers in New York, including but not limited to
54 prescriber detailing, copayment discount programs, and direct-to-consum-
55 er marketing;

56 (iv) the extent of utilization of the drug;

1 (v) prices for the drug that are charged to purchasers outside the
2 United States;

3 (vi) prices charged to typical purchasers in the state, including but
4 not limited to pharmacies, pharmacy chains, pharmacy wholesalers, or
5 other direct purchasers;

6 (vii) the average rebates and discounts provided per payer type in the
7 State; and

8 (viii) the average profit margin of each drug over the prior five-year
9 period and the projected profit margin anticipated for such drug.

10 (b) All information disclosed pursuant to paragraph (a) of this subdi-
11 vision shall be considered confidential and shall not be disclosed by
12 the department in a form that identifies a specific manufacturer or
13 prices charged for drugs by such manufacturer.

14 7. (a) If, after taking into account all rebates and supplemental
15 rebates received by the department, including rebates received to date
16 pursuant to this section, total Medicaid drug expenditures are still
17 projected to exceed the annual growth limitation imposed by subdivision
18 two of this section, the commissioner [of health] may: [subject drugs to
19 prior approval in accordance with existing processes and procedures,
20 which may include all drugs of a manufacturer that has not entered into
21 a supplemental rebate agreement required by this section;] subject any
22 drug of a manufacturer referred to the drug utilization review board
23 under this section to prior approval in accordance with existing proc-
24 esses and procedures when such manufacturer has not entered into a
25 supplemental rebate agreement as required by this section; directing
26 managed care plans to remove from their Medicaid formularies those drugs
27 [with respect to which a] that the drug utilization review board recom-
28 mends a target rebate amount for and the manufacturer has failed to
29 enter into a rebate agreement required by this section; promoting the
30 use of cost effective and clinically appropriate drugs other than those
31 of a manufacturer who has a drug that the drug utilization review board
32 recommends a target rebate amount and the manufacturer has failed to
33 enter into a rebate agreement required by this section; allowing
34 manufacturers to accelerate rebate payments under existing rebate
35 contracts; and such other actions as authorized by law. The commissioner
36 shall provide written notice to the legislature thirty days prior to
37 taking action pursuant to this paragraph, unless action is necessary in
38 the fourth quarter of a fiscal year to prevent total Medicaid drug
39 expenditures from exceeding the limitation imposed by subdivision two of
40 this section, in which case such notice to the legislature may be less
41 than thirty days.

42 (b) The commissioner shall be authorized to take the actions described
43 in paragraph (a) of this subdivision only so long as total Medicaid drug
44 expenditures are projected to exceed the annual growth limitation
45 imposed by subdivision two of this section. In addition, no such actions
46 shall be deemed to supersede the provisions of paragraph (b) of subdivi-
47 sion three of section two hundred seventy-three of this article or the
48 provisions of subdivisions twenty-five and twenty-five-a of section
49 three hundred sixty-four-j of the social services law, except as allowed
50 by paragraph (c) of subdivision five of this section; provided further
51 that nothing in this section shall prevent access by a Medicaid recipi-
52 ent to a drug which is the only treatment for a particular disease or
53 condition.

54 8. The commissioner shall report by February first annually to the
55 drug utilization review board on savings achieved through the drug cap
56 in the last year. Such report shall provide data on what savings were

1 achieved through actions pursuant to subdivisions three, five and seven
2 of this section, respectively, and what savings were achieved through
3 other means and how such savings were calculated and implemented.

4 § 9. This act shall take effect immediately and shall be deemed to
5 have been in full force and effect on and after April 1, 2018; provided,
6 however, that the amendments to paragraph (d) of subdivision 9 of
7 section 367-a of the social services law made by section one of this act
8 shall not affect the expiration or repeal of such provisions and shall
9 expire or be deemed repealed therewith.

6 a new subdivision 8 to read as follows:

7 8. (a) The commissioner may require a health home or licensed home
8 care services agency to report on the costs incurred by the health home
9 or licensed home care services agency in rendering health care services
10 to Medicaid beneficiaries. The department of health may specify the
11 frequency and format of such reports, determine the type and amount of
12 information to be submitted, and require the submission of supporting
13 documentation, provided, however, that the department shall provide no
14 less than ninety calendar days' notice before such reports are due.

15 (b) If the department determines that the cost report submitted by a
16 provider is inaccurate or incomplete, the department shall notify the
17 provider in writing and advise the provider of the correction or addi-
18 tional information that the provider must submit. The provider must
19 submit the corrected or additional information within thirty calendar
20 days from the date the provider receives the notice.

21 (c) The department shall grant a provider an additional thirty calen-
22 dar days to submit the original, corrected or additional cost report
23 when the provider, prior to the date the report is due, submits a writ-
24 ten request to the department for an extension and establishes to the
25 department's satisfaction that the provider cannot submit the report by
26 the date due for reasons beyond the provider's control.

27 (d) All reports shall be certified by the owner, administrator, chief
28 executive officer, or public official responsible for the operation of
29 the provider. The cost report form shall include a certification form,
30 which shall specify who must certify the report.

31 § 1-a. Subdivision 4-a of section 365-f of the social services law is
32 amended by adding a new paragraph (i) to read as follows:

33 (i) (i) The commissioner may require a fiscal intermediary to report
34 on the direct care and administrative costs of personal assistance
35 services as accounted for by the fiscal intermediary. The department may
36 specify the frequency and format of such reports, determine the type and
37 amount of information to be submitted, and require the submission of
38 supporting documentation, provided, however, that the department shall
39 provide no less than ninety calendar days' notice before such reports
40 are due.

41 (ii) If the department determines that the cost report submitted by a
42 provider is inaccurate or incomplete, the department shall notify the
43 provider in writing and advise the provider of the correction or addi-
44 tional information that the provider must submit. The provider must
45 submit the corrected or additional information within thirty calendar
46 days from the date the provider receives the notice.

47 (iii) The department shall grant a provider an additional thirty
48 calendar days to submit the original, corrected or additional cost
49 report when the provider, prior to the date the report is due, submits a
50 written request to the department for an extension and establishes to
51 the department's satisfaction that the provider cannot submit the report
52 by the date due for reasons beyond the provider's control.

6 amended by section 1 of part G of chapter 57 of the laws of 2017, is
7 amended to read as follows:

8 1. For state fiscal years 2011-12 through [2018-19] 2019-20, the
9 director of the budget, in consultation with the commissioner of health
10 referenced as "commissioner" for purposes of this section, shall assess
11 on a monthly basis, as reflected in monthly reports pursuant to subdivi-
12 sion five of this section known and projected department of health state
13 funds medicaid expenditures by category of service and by geographic
14 regions, as defined by the commissioner, and if the director of the
15 budget determines that such expenditures are expected to cause medicaid
16 disbursements for such period to exceed the projected department of
17 health medicaid state funds disbursements in the enacted budget finan-
18 cial plan pursuant to subdivision 3 of section 23 of the state finance
19 law, the commissioner of health, in consultation with the director of
20 the budget, shall develop a medicaid savings allocation plan to limit
21 such spending to the aggregate limit level specified in the enacted
22 budget financial plan, provided, however, such projections may be
23 adjusted by the director of the budget to account for any changes in the
24 New York state federal medical assistance percentage amount established
25 pursuant to the federal social security act, changes in provider reven-
26 ues, reductions to local social services district medical assistance
27 administration, minimum wage increases, and beginning April 1, 2012 the
28 operational costs of the New York state medical indemnity fund and state
29 costs or savings from the basic health plan. Such projections may be
30 adjusted by the director of the budget to account for increased or expe-
31 dited department of health state funds medicaid expenditures as a result
32 of a natural or other type of disaster, including a governmental decla-
33 ration of emergency.

34 § 3. Section 2807-c of the public health law is amended by adding a
35 new subdivision 34 to read as follows:

36 34. Enhanced safety net hospital program. (a) For the purposes of this
37 subdivision, "enhanced safety net hospital" shall mean a hospital which:

38 (i) in any of the previous three calendar years, has met the following
39 criteria:

40 (A) not less than fifty percent of the patients it treats receive
41 medicaid or are medically uninsured;

42 (B) not less than forty percent of its inpatient discharges are
43 covered by medicaid;

45 practice law and rules and other laws relating to malpractice and
46 professional medical conduct, as amended by section 18 of part H of
47 chapter 57 of the laws of 2017, is amended to read as follows:

48 § 40. The superintendent of financial services shall establish rates
49 for policies providing coverage for physicians and surgeons medical
50 malpractice for the periods commencing July 1, 1985 and ending June 30,
51 [2018] 2019; provided, however, that notwithstanding any other provision
52 of law, the superintendent shall not establish or approve any increase
53 in rates for the period commencing July 1, 2009 and ending June 30,
54 2010. The superintendent shall direct insurers to establish segregated
55 accounts for premiums, payments, reserves and investment income attrib-
56 utable to such premium periods and shall require periodic reports by the

1 insurers regarding claims and expenses attributable to such periods to
2 monitor whether such accounts will be sufficient to meet incurred claims
3 and expenses. On or after July 1, 1989, the superintendent shall impose
4 a surcharge on premiums to satisfy a projected deficiency that is
5 attributable to the premium levels established pursuant to this section
6 for such periods; provided, however, that such annual surcharge shall
7 not exceed eight percent of the established rate until July 1, [2018]
8 2019, at which time and thereafter such surcharge shall not exceed twen-
9 ty-five percent of the approved adequate rate, and that such annual
10 surcharges shall continue for such period of time as shall be sufficient
11 to satisfy such deficiency. The superintendent shall not impose such
12 surcharge during the period commencing July 1, 2009 and ending June 30,
13 2010. On and after July 1, 1989, the surcharge prescribed by this
14 section shall be retained by insurers to the extent that they insured
15 physicians and surgeons during the July 1, 1985 through June 30, [2018]
16 2019 policy periods; in the event and to the extent physicians and
17 surgeons were insured by another insurer during such periods, all or a
18 pro rata share of the surcharge, as the case may be, shall be remitted
19 to such other insurer in accordance with rules and regulations to be
20 promulgated by the superintendent. Surcharges collected from physicians
21 and surgeons who were not insured during such policy periods shall be
22 apportioned among all insurers in proportion to the premium written by
23 each insurer during such policy periods; if a physician or surgeon was
24 insured by an insurer subject to rates established by the superintendent
25 during such policy periods, and at any time thereafter a hospital,
26 health maintenance organization, employer or institution is responsible
27 for responding in damages for liability arising out of such physician's
28 or surgeon's practice of medicine, such responsible entity shall also
29 remit to such prior insurer the equivalent amount that would then be
30 collected as a surcharge if the physician or surgeon had continued to
31 remain insured by such prior insurer. In the event any insurer that
32 provided coverage during such policy periods is in liquidation, the
33 property/casualty insurance security fund shall receive the portion of
34 surcharges to which the insurer in liquidation would have been entitled.
35 The surcharges authorized herein shall be deemed to be income earned for
36 the purposes of section 2303 of the insurance law. The superintendent,
37 in establishing adequate rates and in determining any projected defi-
38 ciency pursuant to the requirements of this section and the insurance
39 law, shall give substantial weight, determined in his discretion and
40 judgment, to the prospective anticipated effect of any regulations
41 promulgated and laws enacted and the public benefit of stabilizing
42 malpractice rates and minimizing rate level fluctuation during the peri-
43 od of time necessary for the development of more reliable statistical
44 experience as to the efficacy of such laws and regulations affecting
45 medical, dental or podiatric malpractice enacted or promulgated in 1985,
46 1986, by this act and at any other time. Notwithstanding any provision
47 of the insurance law, rates already established and to be established by
48 the superintendent pursuant to this section are deemed adequate if such
49 rates would be adequate when taken together with the maximum authorized
50 annual surcharges to be imposed for a reasonable period of time whether
51 or not any such annual surcharge has been actually imposed as of the
52 establishment of such rates.

53 § 5. Section 5 and subdivisions (a) and (e) of section 6 of part J of
54 chapter 63 of the laws of 2001, amending chapter 266 of the laws of

PART Q

Section 1. The public health law is amended by adding a new section 2825-f to read as follows:

§ 2825-f. Health care facility transformation program: statewide III.

1. A statewide health care facility transformation program is hereby established under the joint administration of the commissioner and the president of the dormitory authority of the state of New York for the purpose of strengthening and protecting continued access to health care services in communities. The program shall provide funding in support of capital projects, debt retirement, working capital or other non-capital projects that facilitate health care transformation activities including, but not limited to, merger, consolidation, acquisition or other activities intended to: (a) create financially sustainable systems of care; (b) preserve or expand essential health care services; (c) modernize obsolete facility physical plants and infrastructure; (d) foster participation in alternative payment arrangements including, but not limited to, contracts with managed care plans and accountable care organizations; (e) for residential health care facilities, increase the quality of resident care or experience; or (f) improve health information technology infrastructure, including telehealth, to strengthen the acute, post-acute and long-term care continuum. Grants shall not be available to support general operating expenses. The issuance of any bonds or notes hereunder shall be subject to section sixteen hundred eighty-r of the public authorities law and the approval of the director of the division of the budget, and any projects funded through the issuance of bonds or notes hereunder shall be approved by the New York state public authorities control board, as required under section fifty-one of the public authorities law.

2. The commissioner and the president of the dormitory authority shall enter into an agreement, subject to approval by the director of the budget, and subject to section sixteen hundred eighty-r of the public authorities law, for the purposes of awarding, distributing, and administering the funds made available pursuant to this section. Such funds may be distributed by the commissioner for grants to general hospitals, residential health care facilities, adult care facilities licensed under title two of article seven of the social services law, diagnostic and treatment centers and clinics licensed pursuant to this chapter or the mental hygiene law, children's residential treatment facilities licensed pursuant to article thirty-one of the mental hygiene law, assisted living programs approved by the department pursuant to section four hundred sixty-one-1 of the social services law, and community-based health care providers as defined in subdivision three of this section for grants in support of the purposes set forth in this section. A copy of such agreement, and any amendments thereto, shall be provided to the chair of the senate finance committee, the chair of the assembly ways and means committee, and the director of the division of the budget no later than thirty days prior to the release of a request for applications for funding under this program. Projects awarded, in whole or part, under sections twenty-eight hundred twenty-five-a and twenty-eight

1 hundred twenty-five-b of this article shall not be eligible for grants
2 or awards made available under this section.

3 3. Notwithstanding section one hundred sixty-three of the state
4 finance law or any inconsistent provision of law to the contrary, up to
5 four hundred seventy-five million dollars of the funds appropriated for
6 this program shall be awarded without a competitive bid or request for
7 proposal process for grants to health care providers (hereafter "appli-
8 cants"). Provided, however, that a minimum of: (a) sixty million dollars
9 of total awarded funds shall be made to community-based health care
10 providers, which for purposes of this section shall be defined as a

17 certificate under article sixteen of the mental hygiene law; a home care
18 provider certified or licensed pursuant to article thirty-six of this
19 chapter; or hospices licensed or granted an operating certificate pursu-

21 of the total awarded funds shall be made to residential health care
22 facilities.

23 4. Notwithstanding any inconsistent subdivision of this section or any
24 other provision of law to the contrary, the commissioner, with the
25 approval of the director of the budget, may expend up to twenty million
26 dollars of the funds appropriated for this program pursuant to subdivi-
27 sion three of this section, not including funds dedicated for communi-
28 ty-based health care providers under paragraph (a) of such subdivision
29 or for residential health care facilities under paragraph (b) of such
30 subdivision, for awards made pursuant to paragraph (1) of subdivision
31 three of section four hundred sixty-one-1 of the social services law,
32 provided that funding shall be prioritized for awards made pursuant to
33 subparagraph (i) of such paragraph, with remaining funding available for
34 awards made pursuant to subparagraphs (ii) and (iii) of such paragraph.

35 5. In determining awards for eligible applicants under this section,
36 the commissioner shall consider criteria including, but not limited to:

37 (a) the extent to which the proposed project will contribute to the
38 integration of health care services or the long term sustainability of
39 the applicant or preservation of essential health services in the commu-
40 nity or communities served by the applicant;

54 affected by the proposed project and the manner in which community
55 engagement has shaped such project; and

1 (i) the extent to which the proposed project addresses potential risk
2 to patient safety and welfare.

3 6. Disbursement of awards made pursuant to this section shall be
4 conditioned on the awardee achieving certain process and performance
5 metrics and milestones as determined in the sole discretion of the
6 commissioner. Such metrics and milestones shall be structured to ensure
7 that the goals of the project are achieved, and such metrics and mile-
8 stones shall be included in grant disbursement agreements or other
9 contractual documents as required by the commissioner.

10 7. The department shall provide a report on a quarterly basis to the
11 chairs of the senate finance, assembly ways and means, and senate and
12 assembly health committees, until such time as the department determines
13 that the projects that receive funding pursuant to this section are
14 substantially complete. Such reports shall be submitted no later than
15 sixty days after the close of the quarter, and shall include, for each
16 award, the name of the applicant, a description of the project or

52 report assessing the use of electronic submissions and make recommenda-

55 through electronic means, or by April first, two thousand fifteen,
56 whichever is earlier, the commissioner shall prepare a report assessing

 2 dations regarding future use of this procurement method. Such reports
 3 shall be published on the website of the office of general services.
 4 Except where otherwise provided by law, procurements shall be compet-
 5 itive, and state agencies shall conduct formal competitive procurements
 6 to the maximum extent practicable. State agencies shall document the
 7 determination of the method of procurement and the basis of award in the
 8 procurement record. Where the basis for award is the best value offer,
 9 the state agency shall document, in the procurement record and in
 10 advance of the initial receipt of offers, the determination of the eval-
 11 uation criteria, which whenever possible, shall be quantifiable, and the
 12 process to be used in the determination of best value and the manner in
 13 which the evaluation process and selection shall be conducted.

14 § 3. This act shall take effect on the first of January next succeed-

 16 that the amendments to subdivision 7 of section 163 of the state finance
 17 law made by section one of this act shall not affect the repeal of such
 18 section and shall be deemed repealed therewith.

16 section shall be deemed to be void and unenforceable.

17 § 3. Paragraph 31 of subsection (i) of section 3216 of the insurance

24 preauthorization. Coverage provided under this paragraph shall not be
25 subject to concurrent review for the first two weeks of continuous

34 the outpatient treatment is medically necessary for the patient. Any
35 utilization review of the treatment provided under this subparagraph may
36 include a review of all services provided during such outpatient treat-
37 ment, including all services provided during the first two weeks of
38 continuous treatment, not to exceed fourteen visits, of such outpatient
39 treatment. Provided, however, the insurer shall only deny coverage for
40 any portion of the initial two weeks of continuous treatment, not to
41 exceed fourteen visits, for outpatient treatment on the basis that such
42 treatment was not medically necessary if such outpatient treatment was
43 contrary to the evidence-based and peer reviewed clinical review tool
44 utilized by the insurer which is designated by the office of alcoholism
45 and substance abuse services. An insured shall not have any financial
46 obligation to the facility for any treatment under this subparagraph
47 other than any copayment, coinsurance, or deductible otherwise required

55 network. Coverage provided under this paragraph shall not be subject to
56 preauthorization. Coverage provided under this paragraph shall not be

1 subject to concurrent review for the first two weeks of continuous
2 treatment, not to exceed fourteen visits, provided the facility notifies
3 the insurer of both the start of treatment and the initial treatment
4 plan within forty-eight hours. The facility shall perform clinical
5 assessment of the patient at each visit, including the periodic consul-
6 tation with the insurer to ensure that the facility is using the
7 evidence-based and peer reviewed clinical review tool utilized by the
8 insurer which is designated by the office of alcoholism and substance
9 abuse services and appropriate to the age of the patient, to ensure that
10 the outpatient treatment is medically necessary for the patient. Any
11 utilization review of the treatment provided under this subparagraph may
12 include a review of all services provided during such outpatient treat-
13 ment, including all services provided during the first two weeks of
14 continuous treatment, not to exceed fourteen visits, of such outpatient
15 treatment. Provided, however, the insurer shall only deny coverage for
16 any portion of the initial two weeks of continuous treatment, not to
17 exceed fourteen visits, for outpatient treatment on the basis that such
18 treatment was not medically necessary if such outpatient treatment was
19 contrary to the evidence-based and peer reviewed clinical review tool
20 utilized by the insurer which is designated by the office of alcoholism
21 and substance abuse services. An insured shall not have any financial

36 plan within forty-eight hours. The facility shall perform clinical
37 assessment of the patient at each visit, including the periodic consul-

40 corporation which is designated by the office of alcoholism and
41 substance abuse services and appropriate to the age of the patient, to
42 ensure that the outpatient treatment is medically necessary for the
43 patient. Any utilization review of the treatment provided under this
44 paragraph may include a review of all services provided during such
45 outpatient treatment, including all services provided during the first
46 two weeks of continuous treatment, not to exceed fourteen visits, of
47 such outpatient treatment. Provided, however, the corporation shall only
48 deny coverage for any portion of the initial two weeks of continuous
49 treatment, not to exceed fourteen visits, for outpatient treatment on
50 the basis that such treatment was not medically necessary if such outpa-
51 tient treatment was contrary to the evidence-based and peer reviewed
52 clinical review tool utilized by the corporation which is designated by
53 the office of alcoholism and substance abuse services. A subscriber
54 shall not have any financial obligation to the facility for any treat-

45 tors. All manufacturers and distributors licensed under this article
46 (hereinafter referred to as "licensees"), that sell or distribute
47 opioids in the state of New York shall be required to pay an opioid
48 stewardship payment. On an annual basis, the commissioner shall certify
49 to the state comptroller the amount of all revenues collected from
50 opioid stewardship payments and any penalties imposed. The amount of
51 revenues so certified shall be deposited quarterly into the opioid
52 stewardship fund established pursuant to section ninety-seven-aaaaa of

33 must be submitted by August 1, 2018. Subsequent annual reports shall be
34 submitted on April first of each year based on the actual opioid sales
35 and distributions of the prior calendar year.

36 (b) For the purpose of such annual reporting, MMEs shall be determined
37 pursuant to a formulation to be issued by the department and updated as
38 the department deems appropriate.

39 5. Determination of ratable share. Each manufacturer and distributor
40 licensed under this article that sells or distributes opioids in the
41 state of New York shall pay a portion of the total opioid stewardship
42 payment amount. The ratable share shall be calculated as follows:

43 (a) The total amount of MMEs sold or distributed in the state of New
44 York by the licensee for the preceding calendar year, as reported by the
45 licensee pursuant to subdivision four of this section, shall be divided
46 by the total amount of MME sold in the state of New York by all licen-
47 sees pursuant to this article to determine the licensee payment percent-
48 age. The licensee payment percentage shall be multiplied by the total
49 opioid stewardship payment. The product of such calculation shall be
50 the licensee's ratable share. The department shall have the authority
51 to adjust the total number of a licensee's MMEs to account for the
52 nature and use of the product, as well as the type of entity purchasing
53 the product from the licensee, when making such determination and adjust
54 the ratable share accordingly.

55 (b) The licensee's total amount of MME sold or distributed, as well as
56 the total amount of MME sold or distributed by all licensees under this

1 article, used in the calculation of the ratable share shall not include
2 the MME of those opioids which are: (i) manufactured in New York state,

12 October fifteenth of each year based on the opioids sold or distributed
13 for the prior calendar year.

14 6. Payment of ratable share. The licensee shall make payments quarter-

21 determines that a licensee failed to report required information as
22 required by this section, those licensees complying with this section
23 shall receive a reduced assessment of their ratable share in the follow-
24 ing year equal to the amount in excess of any overpayment in the prior
25 payment period.

26 8. Licensee opportunity to appeal. A licensee shall be afforded an
27 opportunity to submit information to the department to justify why the
28 ratable share provided to the licensee, pursuant to paragraph (c) of
29 subdivision five of this section, or amounts paid thereunder are in
30 error or otherwise not warranted. If the department determines thereaft-
31 er that all or a portion of such ratable share, as determined by the
32 commissioner pursuant to subdivision five of this section, is not
33 warranted, the department may: (a) adjust the ratable share; (b) adjust
34 the assessment of the ratable share in the following year equal to the
35 amount in excess of any overpayment in the prior payment period; or (c)
36 refund amounts paid in error.

42 information on patient demographics and the actual cost of services
43 delivered by the state and by state-funded providers. The certification
44 of such spending shall begin in state fiscal year two thousand eigh-
45 teen-nineteen, and continue annually thereafter. The total amount of
46 such spending shall be provided to the department by the commissioner of
47 OASAS no later than June thirtieth of each year. There shall be no
48 stewardship fund payments beginning on July first in the event state
49 operating funds spent in the OASAS budget for opioid prevention, treat-
50 ment and recovery in the most recently reported year is equal to or less
51 than state operating funds spent for such purposes in state fiscal year
52 two thousand nine-ten.

53 10. Penalties. (a) The department may assess a civil penalty in an
54 amount not to exceed one thousand dollars per day against any licensee
55 that fails to comply with subdivisions four and four-a of this section.

1 (b) In addition to any other civil or criminal penalty provided by
2 law, where a licensee has failed to pay its ratable share in accordance
3 with subdivision six of this section, the department may also assess a
4 penalty of no less than ten percent and no greater than three hundred
5 percent of the ratable share due from such licensee.

6 (c) Where the ratable share, or any portion thereof, has been passed
