of the education law, as amended by section 5 of part A of chapter 60 of
the laws of 2000, is amended to read as follows:
   (1) For new construction and the purchase of existing structures, the

median of such county or multi-county rates, but not less than one. Such base allowance shall apply to a building or an addition housing grades prekindergarten through six and shall be adjusted for a building or an addition housing grades seven through nine by a factor of one and four-tenths, for a building or an addition housing grades seven through twelve by a factor of one and five-tenths, for a building or addition housing special education programs by a factor of two, except that where such building or addition is connected to, or such space is located within, a public school facility housing programs for nondisabled pupils, as approved by the commissioner, a factor of three shall be used. If the commissioner of labor resets the statewide index reflecting changes in the costs of labor and materials since July first, nineteen hundred ninety-two, nineteen hundred ninety-two, the commissioner shall adopt regulations to supersede the basic per pupil allowance of up to six thousand three hundred seventy-five dollars to the imputed allowance in effect at that time.

In order to have such debt service expenditures approved, the school district shall submit to the commissioner, in a form he or she prescribes, documentation relating to the issuance of such bond, including but not limited to the original tax certiorari, the amortization schedule of such bond, and any other documentation deemed necessary. Provided, however, that in the event the school district refunds the original bond at any point, the school district shall provide such updated documentation as required by the commissioner, who shall adjust the annual approved expenditures accordingly. Such aid shall equal the product of the sum of (1) the building aid ratio defined pursuant to paragraph c of subdivision six of this section plus (2) one-tenth (0.1) multiplied by the actual approved debt service expenditures incurred in the base year pursuant to this subdivision.

There shall be apportioned to such city school districts and other school districts which were not components of a board of cooperative educational services in the base year for pupils in grades [ten] nine through twelve in attendance in career education programs as such programs are defined by the commissioner, subject for the purposes of this paragraph to the approval of the director of the budget, an amount for each such pupil to be computed by multiplying the career education aid ratio by three thousand nine hundred dollars. Such aid will be payable for weighted pupils attending career education programs operated by the school district and for weighted pupils for whom such school district contracts with boards of cooperative educational services to attend career education programs operated by a board of cooperative educational services. Weighted pupils for the purposes of this paragraph shall mean the sum of (i) the product of the attendance of students in grade nine multiplied by the special services phase-in factor plus (ii) the attendance of students in grades ten through twelve in career education sequences in trade, industrial, technical, agricultural or health programs plus the product of sixteen hundredths multiplied by the sum of (i) the product of the attendance of students in grade nine multiplied by the special services phase-in factor plus (ii) the attendance of students in grades ten through twelve in career education sequences in business and marketing as defined by the commissioner in regulations; provided that the special services phase-in factor shall be (i) for the two thousand nineteen--two thousand twenty school year, twenty-five percent (0.25), (ii) for the two thousand twenty--two thousand twenty-one school year, fifty percent (0.5), (iii) for the two thousand twenty-one--two thousand twenty-two school year, seventy-five percent (0.75), and (iv) for the two thousand twenty-two--two thousand twenty-three school year and thereafter, one hundred percent (1.0). This aid ratio shall be expressed as a decimal carried to three places without rounding, but not less than thirty-six percent.

Any school district that receives aid pursuant to this paragraph shall be required to use such amount to support career education programs in the current year.

A board of education which spends less than its local funds as defined by regulations of the commissioner for career education in the base year during the current year shall have its apportionment under this subdivision reduced in an amount equal to such deficiency in the current or a succeeding school year, provided however that the commissioner may waive such reduction upon determination that overall expenditures per pupil in support of career education programs were continued at a level equal to
or greater than the level of such overall expenditures per pupil in the preceding school year.

§ 19. Subdivision 16 of section 3602-ee of the education law is
REPEALED.

§ 20. Paragraph a of subdivision 5 of section 3604 of the education
law, as amended by chapter 161 of the laws of 2005, is amended to read
as follows:

a. State aid adjustments. All errors or omissions in the apportionment
shall be corrected by the commissioner. Whenever a school district has
been apportioned less money than that to which it is entitled, the
commissioner may allot to such district the balance to which it is enti-
tled. Whenever a school district has been apportioned more money than
that to which it is entitled, the commissioner may, by an order, direct
such moneys to be paid back to the state to be credited to the general
fund local assistance account for state aid to the schools, or may
deduct such amount from the next apportionment to be made to said
district, provided, however, that, upon notification of excess payments
of aid for which a recovery must be made by the state through deduction
of future aid payments, a school district may request that such excess
payments be recovered by deducting such excess payments from the
payments due to such school district and payable in the month of June in
(i) the school year in which such notification was received and (ii) the
two succeeding school years, provided further that there shall be no
interest penalty assessed against such district or collected by the
state. Such request shall be made to the commissioner in such form as
the commissioner shall prescribe, and shall be based on documentation
that the total amount to be recovered is in excess of one percent of the
district's total general fund expenditures for the preceding school
year. The amount to be deducted in the first year shall be the greater
of (i) the sum of the amount of such excess payments that is recognized
as a liability due to other governments by the district for the preceding
school year and the positive remainder of the district's unreserved
fund balance at the close of the preceding school year less the product
of the district's total general fund expenditures for the preceding
school year multiplied by five percent, or (ii) one-third of such excess
payments. The amount to be recovered in the second year shall equal the
lesser of the remaining amount of such excess payments to be recovered
or one-third of such excess payments, and the remaining amount of such
excess payments shall be recovered in the third year. Provided further
that, notwithstanding any other provisions of this subdivision, any
pending payment of moneys due to such district as a prior year adjust-
ment payable pursuant to paragraph c of this subdivision for aid claims
that had been previously paid as current year aid payments in excess of
the amount to which the district is entitled and for which recovery of excess payments is to be made pursuant to this paragraph, shall be reduced at the time of actual payment by any remaining unrecovered balance of such excess payments, and the remaining scheduled deductions of such excess payments pursuant to this paragraph shall be reduced by the commissioner to reflect the amount so recovered. The commissioner shall certify no payment to a school district based on a claim submitted later than three years after the close of the school year in which such payment was first to be made. For claims for which payment is first to be made in the nineteen hundred ninety-six--ninety-seven school year, the commissioner shall certify no payment to a school district based on a claim submitted later than two years after the close of such school year. For claims for which payment is first to be made in the nineteen hundred ninety-seven--ninety-eight school year and thereafter, the commissioner shall certify no payment to a school district based on a claim submitted later than one year after the close of such school year.

Provided, however, no payments shall be barred or reduced where such payment is required as a result of a final audit of the state. It is further provided that[, until June thirtieth, nineteen hundred ninety-six,] the commissioner may grant a waiver from the provisions of this section for any school district if it is in the best educational interests of the district pursuant to guidelines developed by the commissioner [and approved by the director of the budget].

§ 20-a. Upon such rejection of any proposed extension, the commissioner may order the board of education or trustee of the district to seek, obtain and consider bids pursuant to the provisions of this section. The board of education or the trustee of a school district electing to extend a contract as provided herein, may, in its discretion, increase the amount to be paid in each year of the contract extension by an amount not to exceed the regional consumer price index increase for the N.Y., N.Y.-Northeastern, N.J. area, based upon the index for all urban consumers (CPI-U), during the preceding twelve month period, provided it has been satisfactorily established by the contractor that there has been at least an equivalent increase in the amount of his or her cost of operation, during the period of the contract.

b. The claim for an apportionment to be paid to a school district pursuant to subdivision a of this section shall be submitted to the commissioner of education on a form prescribed for such purpose, and shall be payable upon determination by such commissioner that the form has been submitted as prescribed. Such approved amounts shall be payable on the same day in September of the school year following the year in which application was made as funds provided pursuant to subparagraph (4) of paragraph b of subdivision 4 of section 92-c of the state finance law, on the audit and warrant of the state comptroller on vouchers certified or approved by the commissioner of education in the manner prescribed by law from moneys in the state lottery fund and from the general fund to the extent that the amount paid to a school district pursuant to this section exceeds the amount, if any, due such school district pursuant to subparagraph (2) of paragraph a of subdivision 1 of section 3609-a of the education law in the school year following the year in which application was made.

c. The amount of such additional accrual shall be certified to the commissioner of education by the president of the board of education or the trustees or, in the case of a city school district in a city with a population in excess of 125,000 inhabitants, the mayor of such city. Such application shall be
made by a school district, after the board of education or trustees have
adopted a resolution to do so and in the case of a city school district
in a city with a population in excess of 125,000 inhabitants, with the
approval of the mayor of such city.

b. The claim for an apportionment to be paid to a school district
pursuant to subdivision a of this section shall be submitted to the
commissioner of education on a form prescribed for such purpose, and
shall be payable upon determination by such commissioner that the form

pursuant to this section exceeds the amount, if any, due such school
district pursuant to subparagraph (2) of paragraph a of subdivision 1 of
section 3609-a of the education law in the school year following the
year in which application was made.

c. Notwithstanding the provisions of section 3609-a of the education
law, an amount equal to the amount paid to a school district pursuant to
subdivisions a and b of this section shall first be deducted from the
following payments due the school district during the school year
following the year in which application was made pursuant to subpara-
graphs (1), (2), (3), (4) and (5) of paragraph a of subdivision 1 of
section 3609-a of the education law in the following order: the lottery

followed by the fixed fall payments payable pursuant to subparagraph (4)
of such paragraph and then followed by the district's payments to the
teachers' retirement system pursuant to subparagraph (1) of such para-
graph, and any remainder to be deducted from the individualized payments
due the district pursuant to paragraph b of such subdivision shall be
deducted on a chronological basis starting with the earliest payment due
the district.

§ 50. Notwithstanding the provisions of any law, rule, or regulation to
the contrary, the city school district of the city of Rochester, upon
the consent of the board of cooperative educational services of the

§ 51. The amounts specified in this section shall be a set-aside from
the state funds which each such district is receiving from the total

c. The commissioner of education shall not be authorized to withhold foundation aid from a school district that used such funds in accordance with this paragraph, notwithstanding any inconsistency with a request for proposals issued by such commissioner for the purpose of attendance improvement and dropout prevention for the 2019--2020 school year, and for any city school district in a city having a population of more than one million, the setaside for attendance improvement and dropout prevention shall equal the amount set aside in the base year. For the 2019--2020 school year, it is further provided that any city school district in a city having a population of more than one million shall allocate at least one-third of any increase from base year levels in funds set aside pursuant to the requirements of this section to community-based organizations. In school districts where the teachers are represented by certified or recognized employee organizations, all salary increases funded pursuant to this section shall be determined by separate collective negotiations conducted pursuant to the provisions and procedures of article 14 of the civil service law, notwithstanding the existence of a negotiated agreement between a school district and a certified or recognized employee organization.

§ 51-a. Section 273-a of the education law, as amended by chapter 498 of the laws of 2011, subdivision 1 as amended by chapter 480 of the laws of 2015, is amended to read as follows:

§ 273-a. State aid for library construction. 1. State aid shall be provided for up to fifty percent of the total project approved costs, excluding feasibility studies, plans or similar activities, for projects for the installation and infrastructure of broadband services, and for the acquisition of vacant land and the acquisition, construction, renovation or rehabilitation, including leasehold improvements, of buildings of public libraries and library systems chartered by the regents of the state of New York or established by act of the legislature subject to the limitations provided in subdivision [five] six of this section and upon approval by the commissioner, except that state aid may be provided for up to seventy-five percent of the total project approved costs for buildings of public libraries that are located in an economically disadvantaged community and that state aid may be provided for up to ninety percent of the total project approved costs for buildings of public libraries that are located in an economically distressed community. Provided however that the state liability for aid paid pursuant to this section shall be limited to funds appropriated for such purpose. Aid shall be provided on approved expenses incurred during the period commencing July first and ending June thirtieth for up to three years, or until the project is completed, whichever occurs first. Fifty percent of such aid shall be payable to each system or library upon approval of the application by the department. Forty percent of such aid shall be payable in the next state fiscal year. The remaining ten percent shall be payable upon project completion.

2. Each application for state aid shall be submitted by the board of trustees of the library or library system responsible for the operation of the subject building to the commissioner for his or her review and approval, after having been reviewed and approved by the governing board of the public library system of which such library is a member. Each application shall:

a. demonstrate that resources are or shall be available to provide for maximum utilization of the project if approved;

b. contain verification in such form as may be acceptable to the commissioner that the total cost of the project, exclusive of state aid, has been or will be obtained;

c. demonstrate that library operations would be made more economical as a consequence of approval;

d. be limited to one project concerning such building, provided that no building shall be the subject of more than one application per year;
e. contain documentation, where such an application requests state aid in an amount greater than fifty percent, demonstrating how the project will address the service needs of one or more economically disadvantaged communities. Such documentation may demonstrate need through poverty rates, concentrations of English language learners, low high school graduation rates, limited fiscal capacity or other relevant factors; and

f. contain documentation, where such an application requests state aid in an amount greater than seventy-five percent, demonstrating how the project will address the service needs of one or more economically distressed communities. An application must demonstrate that the average poverty rate within the library's service area is equal to or greater than the New York state average poverty rate using federal census data; and the library must demonstrate that it lacks the capacity to provide twenty-five percent of the project costs; and

g. provide such other information as may be required by the commissioner.

3. In approving any application that would receive state aid beyond fifty percent of the total project approved costs, the board of trustees of the library system shall give particular attention to addressing the library service needs of economically disadvantaged communities as provided for in paragraph e of subdivision two of this section.

4. In approving any application that would receive state aid beyond seventy-five percent of the total project approved costs, the board of trustees of the library system shall give particular attention to addressing the library service needs of economically distressed communities as provided for in paragraph f of subdivision two of this section. No more than ten percent of the total funds appropriated to a library system in subdivision six of this section may be used to support the total costs for projects that would receive state aid beyond seventy-five percent of the total project approved costs.

5. In approving any application the commissioner shall consider the condition of existing libraries and, where appropriate, the needs of isolated or economically disadvantaged communities, provided that no application shall be approved for a project that is deemed by the commissioner to have been completed prior to the date of the application.

[5.] 6. Aid shall be distributed pursuant to this section as follows:

a. sixty percent of the funds appropriated pursuant to this section shall be made available to libraries within each system by the commissioner in such manner as to insure that the ratio of the amount received within each system to the whole of the aid made available pursuant to this paragraph is no greater than the ratio of the population served by such system to the population of the state;

b. forty percent of the funds appropriated pursuant to this section shall be made available to library systems or libraries within each system by the commissioner in such manner as to insure that an equal amount is received within each system in the state;

c. any funds made available pursuant to paragraph a or b of this subdivision which by April first of each succeeding fiscal year, are declined by such libraries or library systems for any reason, or which cannot otherwise be used by such libraries or library systems for any reason, shall be made available by the commissioner to other eligible libraries within such system, or if no such library can use such funds shall be reallocated among the other library systems and their libraries
in a manner that will to the extent possible provide from such reallocated funds an equal amount to each such system.

[6.] 7. The commissioner shall adopt rules and regulations as are necessary to carry out the purposes and provisions of this section.

[7.] 8. The commissioner shall submit to the temporary president of the senate and the speaker of the assembly an annual report describing those projects that have received state funding of greater than fifty percent of project costs and the communities to be served by those projects.

§ 51-b. Section 2 of chapter 498 of the laws of 2011 amending the education law relating to the public library construction grant program, as amended by chapter 148 of the laws of 2014, is amended to read as follows:

§ 2. This act shall take effect on the first of April next succeeding the date on which it shall have become a law [and shall expire and be deemed repealed March 31, 2020].

§ 52. Support of public libraries. The moneys appropriated for the support of public libraries by a chapter of the laws of 2019 enacting the aid to localities budget shall be apportioned for the 2019--2020 state fiscal year in accordance with the provisions of sections 271, 272, 273, 282, 284, and 285 of the education law as amended by the provisions of this chapter and the provisions of this section, provided that library construction aid pursuant to section 273-a of the education law shall not be payable from the appropriations for the support of public libraries and provided further that no library, library system or program, as defined by the commissioner of education, shall receive less total system or program aid than it received for the year 2001--2002 except as a result of a reduction adjustment necessary to conform to the appropriations for support of public libraries.

Notwithstanding any other provision of law to the contrary the moneys appropriated for the support of public libraries for the year 2019--2020 by a chapter of the laws of 2019 enacting the education, labor and family assistance budget shall fulfill the state's obligation to provide such aid and, pursuant to a plan developed by the commissioner of education and approved by the director of the budget, the aid payable to libraries and library systems pursuant to such appropriations shall be reduced proportionately to assure that the total amount of aid payable does not exceed the total appropriations for such purpose.

§ 52-a. Subdivision a of section 5 of chapter 121 of the laws of 1996, relating to authorizing the Roosevelt union free school district to finance deficits by the issuance of serial bonds, as amended by section 42-a of part CCC of chapter 59 of the laws of 2018, is amended to read as follows:

a. Notwithstanding any other provisions of law, upon application to the commissioner of education submitted not sooner than April first and not later than June thirtieth of the applicable school year, the Roosevelt union free school district shall be eligible to receive an apportionment pursuant to this chapter for salary expenses, including related benefits, incurred between April first and June thirtieth of such school year. Such apportionment shall not exceed[: for the 1996-97 school year through the 2018-19 school year,] four million dollars ($4,000,000); for the 2019-20 school year, three million dollars ($3,000,000); for the 2020-21 school year, two million dollars ($2,000,000); for the 2021-22 school year, one million dollars ($1,000,000); and for the 2022-23 school year, zero dollars]. Such annual application shall be made after
the board of education has adopted a resolution to do so with the
approval of the commissioner of education.
§ 52-b. Subparagraph 2 of paragraph a of subdivision 4 of section 1950
of the education law, as amended by chapter 698 of the laws of 2003, is
amended to read as follows:
(2) Notwithstanding any inconsistent provision of law in no event
shall the total salary including amounts paid pursuant to section twen-
ty-two hundred nine of this chapter for district superintendents [for
each school year through the two thousand two--two thousand three school
year exceed ninety-eight percent of that earned by the commissioner for
state fiscal year nineteen hundred ninety-two--ninety-three, and in no
event shall such total salary for a district superintendent] for the two
thousand [three] nineteen--two thousand [four] twenty school year or any
subsequent school year exceed: (i) one hundred six percent of the salary
cap applicable in the preceding school year, or (ii) ninety-eight
percent of that earned by the commissioner in the two thousand [three]
nineteen--two thousand [four] twenty state fiscal year, whichever is
less. In no event shall any district superintendent be permitted to
accumulate vacation or sick leave credits in excess of the vacation and
sick leave credits managerial/confidential employees of the state are
permitted to accumulate pursuant to regulations promulgated by the state
civil service commission, nor may any district superintendent at the
time of separation from service be compensated for accrued and unused
vacation credits or sick leave, or use accrued and unused sick leave for
retirement service credit or to pay for health insurance in retirement,
at a rate in excess of the rate permitted to managerial/confidential
employees of the state pursuant to regulations of the state civil
service commission. In addition to the payment of supplementary salary,
a board of cooperative educational services may provide for the payment
of all or a portion of the cost of insurance benefits for the district
superintendent of schools, including but not limited to health insur-

ance benefit made available to managerial/confidential employees of the
state; provided that any such payments for whole life, split dollar or
other life insurance policies having a cash value shall be included in
the total salary of the district superintendent for purposes of this
paragraph, and provided further that any payments for the employee
contribution, co-pay or uncovered medical expenses under a health insur-
ance plan also shall be included in the total salary of the district
superintendent. Notwithstanding any other provision of law, payments
for such insurance benefits may be based on the district superinten-
dent's total salary or the amount of his or her supplementary salary
only. Any payments for transportation or travel expenses in excess of
actual, documented expenses incurred in the performance of duties for
the board of cooperative educational services or the state, and any
other lump sum payment not specifically excluded from total salary
pursuant to this subparagraph, shall be included in the total salary of
the district superintendent for purposes of this subparagraph. Nothing
herein shall prohibit a district superintendent from waiving any rights
provided for in an existing contract or agreement as hereafter prohibit-
ed in favor of revised compensation or benefit provisions as permitted
herein. In no event shall the terms of the district superintendent's
contract, including any provisions relating to an increase in salary,
compensation or other benefits, be contingent upon the terms of any

At each such meeting, the smart schools review board shall announce the date for their next meeting. Upon approval, the smart schools project or projects described in the investment plan shall be eligible for smart schools grants. A smart schools project included in a school district's smart schools investment plan shall not require separate approval of the commissioner unless it is part of a school construction project required [__]

The amount of such apportionment shall equal the product of the building aid ratio defined pursuant to paragraph c of subdivision six of this section and the actual approved expenses incurred by the district in the base year for each school building so inspected, provided that the amount of such apportionment shall not exceed the building condition survey aid ceiling[, and provided further that such approved expenses shall include approved expenses for testing of potable water systems for lead contamination pursuant to section eleven hundred ten of the public health law]. Such aid shall equal the product of the building aid ratio defined pursuant to paragraph c of subdivision six of this section and the actual approved expenditures incurred in the base year pursuant to this subdivision. Commencing in the two thousand nineteen-two thousand twenty school year and every year thereafter, additional building aid pursuant to this subdivision shall include approved expenses for testing of potable water systems for lead contamination pursuant to section eleven hundred ten of the public health law.

This bill would amend Section 6-r of the General Municipal Law to allow eligible participating employers of the New York State Teachers' Retirement System (NYSTRS) to establish a reserve sub-fund within the retirement contribution reserve fund for the purpose of reserving money to offset future required contributions to NYSTRS. Additionally, the total balance in the sub-fund shall not exceed ten percent of the total compensation or salaries of all teachers employed by the employer who are members of NYSTRS paid during the immediately preceding fiscal year.

The governing board of the employer may by resolution authorize expenditures from the retirement contribution reserve fund. The governing board of the employer may also by resolution authorize the transfer of money between the separately administered sub-fund and the retirement contribution reserve fund subject to the limits on annual payments into the sub-fund and the balance of the sub-fund as provided in this bill.

It is estimated that there will be no annual cost to the employers of members of the New York State Teachers' Retirement System if this bill is enacted.

No child to whom the provisions of this article may apply, shall be detained in any prison, jail, lockup, or other place used for adults convicted of crime or under arrest and charged with a crime.
2. The detention of a child in a secure detention facility shall not be directed under any of the provisions of this article.

3. Detention of a person alleged to be or adjudicated as a person in need of supervision shall, except as provided in subdivision four of this section, be authorized only in a foster care program certified by the office of children and family services, or a certified or approved family boarding home, [or a non-secure detention facility certified by the office] and in accordance with section seven hundred thirty-nine of this article. The setting of the detention shall take into account (a) the proximity to the community in which the person alleged to be or adjudicated as a person in need of supervision lives with such person's parents or to which such person will be discharged, and (b) the existing educational setting of such person and the proximity of such setting to the location of the detention setting.

4. Whenever detention is authorized and ordered pursuant to this article, for a person alleged to be or adjudicated as a person in need of supervision, a family court in a city having a population of one million or more shall, notwithstanding any other provision of law, direct detention in a foster care facility established and maintained pursuant to the social services law. In all other respects, the detention of such a person in a foster care facility shall be subject to the identical terms and conditions for detention as are set forth in this article and in section two hundred thirty-five of this act.

5. (a) The court shall not order or direct detention under this article, unless the court determines that there is no substantial likelihood that the youth and his or her family will continue to benefit from diversion services, and that continuation in the home would not be appropriate because such continuation would (i) continue or worsen the circumstances alleged in the underlying petition, or that created the need for a petition to be sought, or (ii) create a safety risk to the child or the child's family and that all other available alternatives to detention have been exhausted; and

(b) [Where the youth is sixteen years of age or older, the court shall not order or direct detention under this article, unless the court determines and states in its order that special circumstances exist to warrant such detention.

(c)] If the respondent may be a sexually exploited child as defined in subdivision one of section four hundred forty-seven-a of the social services law, the court may direct the respondent to an available short-term safe house as defined in subdivision two of section four hundred forty-seven-a of the social services law as an alternative to detention.

§ 4. Intentionally omitted.

§ 4-a. Section 727 of the family court act, as amended by chapter 920 of the laws of 1982, subdivisions (a) and (b) as amended by chapter 419 of the laws of 1987, is amended to read as follows:

(a) The agency responsible for operating a [detention facility] foster care program certified by the office of children and family services or a certified or approved family boarding home, or in a city of one million or more, the agency responsible for operating a foster care facility, may release a child in custody before the filing of a petition to the custody of his parents or other relative, guardian or legal custodian when the events occasioning the taking into custody appear to involve a petition to determine whether a person is in need of supervision rather than a petition to determine whether a person is a juvenile delinquent.
1  (b) When a release is made under this section such release may, but
2  need not, be conditioned upon the giving of a recognizance in accord
3  with paragraph (i) of subdivision (b) of section seven hundred twenty-
4  four [(b) (i)] of this part.
5  (c) If the probation service for any reason does not release a child
6  under this section, the child shall promptly be brought before a judge
7  of the court, if practicable, and section seven hundred twenty-eight of
8  this part shall apply.
9  § 5. Subdivisions (c) and (d) of section 728 of the family court act,
10  subdivision (d) as added by chapter 145 of the laws of 2000, paragraph
11  (i) as added and paragraph (ii) of subdivision (d) as renumbered by
12  section 5 of part E of chapter 57 of the laws of 2005, and paragraph
13  (iii) as amended and paragraph (iv) of subdivision (d) as added by
14  section 10 of subpart B of part Q of chapter 58 of the laws of 2011, are
15  amended to read as follows:
16  (c) An order of release under this section may, but need not, be
17  conditioned upon the giving of a recognizance in accord with [sections
18  seven hundred twenty-four (b)] paragraph (i) of subdivision (b) of
19  section seven hundred twenty-four of this article.
20  (d) Upon a finding of facts and reasons which support a detention
21  order pursuant to this section, the court shall also determine and state
22  in any order directing detention:
23  (i) that there is no substantial likelihood that the youth and his or
24  her family will continue to benefit from diversion services, and that
25  continuation in the home would not be appropriate because such continua-
26  tion would (A) continue or worsen the circumstances alleged in the
27  underlying petition, or that created the need for a petition to be
28  sought, or (B) create a safety risk to the child or the child's family
29  and that all other available alternatives to detention have been
30  exhausted; and
31  (ii) whether continuation of the child in the child's home would be
32  contrary to the best interests of the child based upon, and limited to,
33  the facts and circumstances available to the court at the time of the
34  hearing held in accordance with this section; and
35  (iii) where appropriate, whether reasonable efforts were made prior to
36  the date of the court hearing that resulted in the detention order, to
37  prevent or eliminate the need for removal of the child from his or her
38  home or, if the child had been removed from his or her home prior to the
39  court appearance pursuant to this section, where appropriate, whether
40  reasonable efforts were made to make it possible for the child to safely
41  return home; and
42  (iv) whether the setting of the detention takes into account the prox-
43  imity to the community in which the person alleged to be or adjudicated
44  as a person in need of supervision lives with such person's parents or
45  to which such person will be discharged, and the existing educational
46  setting of such person and the proximity of such setting to the location
47  of the detention setting.
48  § 6. Intentionally omitted.
49  § 7. Subdivision (b), paragraph (i) of subdivision (d) and subdivision
50  (f) of section 735 of the family court act, subdivision (b) as amended
51  by chapter 38 of the laws of 2014, paragraph (i) of subdivision (d) as
52  amended by chapter 535 of the laws of 2011 and subdivision (f) as added
53  by section 7 of part E of chapter 57 of the laws of 2005, are amended to
54  read as follows:
55  (b) The designated lead agency shall:
A. 2006--B 55

1 (i) confer with any person seeking to file a petition, the youth who
2 may be a potential respondent, his or her family, and other interested
3 persons, concerning the provision of diversion services before any peti-
4 tion may be filed; and
5 (ii) diligently attempt to prevent the filing of a petition under this
6 article or, after the petition is filed, to prevent the placement of the
7 youth into foster care in accordance with section seven hundred fifty-
8 six of this article; and
9 (iii) assess whether the youth would benefit from residential respite
10 services; and
11 (iv) assess whether the youth is a sexually exploited child as defined
12 in section four hundred forty-seven-a of the social services law and, if
13 so, whether such youth should be referred to a safe house; and
14 (v) determine whether alternatives to detention are appropriate to
15 avoid remand of the youth to detention; and
16 (v) (vi) assess whether remaining in the home would cause the
17 continuation or worsening of the circumstances that created the need for
18 a petition to be sought, or create a safety risk to the child, or the
19 child's family; and
20 (vii) determine whether an assessment of the youth for substance use
21 disorder by an office of alcoholism and substance abuse services certi-
22 fied provider is necessary when a person seeking to file a petition
23 alleges in such petition that the youth is suffering from a substance
24 use disorder which could make the youth a danger to himself or herself
25 or others. Provided, however, that notwithstanding any other provision
26 of law to the contrary, the designated lead agency shall not be required
27 to pay for all or any portion of the costs of such assessment or for any
28 substance use disorder or detoxification services, except in cases where
29 medical assistance for needy persons may be used to pay for all or any
30 portion of the costs of such assessment or services. The office of alco-
31 holism and substance abuse services shall make a list of its certified
32 providers available to the designated lead agency.
33 (i) providing, at the first contact, information on the availability
34 of or a referral to services in the geographic area where the youth and
35 his or her family are located that may be of benefit in avoiding the
36 need to file a petition under this article; including the availability,
37 for up to twenty-one days, of a residential respite program, if the
38 youth and his or her parent or other person legally responsible for his
39 or her care agree, and the availability of other non-residential crisis
40 intervention programs such as family crisis counseling or alternative
41 dispute resolution programs or an educational program as defined in
42 section four hundred fifty-eight-1 of the social services law.
43 (f) Efforts to prevent the filing of a petition pursuant to this
44 section may extend until the designated lead agency determines that
45 there is no substantial likelihood that the youth and his or her family
46 will benefit from further attempts. Efforts at diversion pursuant to
47 this section may continue after the filing of a petition where the
48 designated lead agency determines that the youth and his or her family
49 will benefit from further attempts to prevent placement of the youth
50 from entering foster care in accordance with section seven hundred
51 fifty-six of this article.
52 § 8. Intentionally omitted.
53 § 9. Intentionally omitted.
54 § 10. Intentionally omitted.
55 § 11. Intentionally omitted.
56 § 12. Intentionally omitted.
§ 12-a. Section 751 of the family court act, as amended by chapter 100 of the laws of 1993, is amended to read as follows:

§ 751. Order dismissing petition. If the allegations of a petition under this article are not established, the court shall dismiss the petition. The court may in its discretion dismiss a petition under this article, in the interests of justice where attempts have been made to adjust the case as provided for in sections seven hundred thirty-five and seven hundred forty-two of this article and the probation service has exhausted its efforts to successfully adjust such case as a result of the petition's failure to provide reasonable assistance to the probation service. In dismissing a petition pursuant to this section, the court shall consider whether a referral of services would be appropriate to meet the needs of the respondent and his or her family.

§ 13. Section 754 of the family court act, subdivision 1 as designated by chapter 878 of the laws of 1976, paragraph (c) of subdivision 1 as amended by section 4 of part V of chapter 383 of the laws of 2001, the closing paragraph of subdivision 1 as added by section 5 of part V of chapter 55 of the laws of 2012, subdivision 2 as amended by chapter 7 of the laws of 1999, subparagraph (ii) of paragraph (a) of subdivision 2 as amended by section 20 and the closing paragraph of paragraph (b) of subdivision 2 as amended by section 21 of part L of chapter 56 of the laws of 2015, is amended to read as follows:

§ 754. Disposition on adjudication of person in need of supervision.
1. Upon an adjudication of person in need of supervision, the court shall enter an order of disposition:
   (a) Discharging the respondent with warning;
   (b) Suspending judgment in accord with section seven hundred fifty-five of this part;
   (c) Continuing the proceeding and placing the respondent in accord with section seven hundred fifty-six of this part; [provided, however, that the court shall not place the respondent in accord with section seven hundred fifty-six where the respondent is sixteen years of age or older, unless the court determines and states in its order that special circumstances exist to warrant such placement]; or
   (d) Putting the respondent on probation in accord with section seven hundred fifty-seven of this part.

The court may order an eligible person to complete an education reform program in accordance with section four hundred fifty-eight-l of the social services law, as part of a disposition pursuant to paragraph (a), (b) or (d) of this subdivision.

2. (a) Notwithstanding any other provision of law to the contrary, the court shall not order placement with the local commissioner of social services pursuant to section seven hundred fifty-six of this part unless the court finds and states in writing that:
   (i) no appropriate suitable relative or suitable private person is available for placement pursuant to section seven hundred fifty-six of this part; and
   (ii) placement in the child's home would not be appropriate because such placement would:
       (A) continue or worsen the circumstances alleged in the underlying petition; or
       (B) create a safety risk to the child, or the child's family.
   (b) The order shall state the court's reasons for the particular disposition. If in accordance with paragraph (a) of this subdivision the court determines placement is appropriate and places the child in accordance with section seven hundred fifty-six of this part, the court
in its order shall determine: (i) whether continuation in the child's home would be contrary to the best interest of the child and where appropriate, that reasonable efforts were made prior to the date of the dispositional hearing held pursuant to this article to prevent or eliminate the need for removal of the child from his or her home and, if the child was removed from his or her home prior to the date of such hearing, that such removal was in the child's best interest and, where appropriate, reasonable efforts were made to make it possible for the child to return safely home. If the court determines that reasonable efforts to prevent or eliminate the need for removal of the child from the home were not made but that the lack of such efforts was appropriate under the circumstances, the court order shall include such a finding; and (ii) in the case of a child who has attained the age of fourteen, the services needed, if any, to assist the child to make the transition from foster care to independent living. Nothing in this subdivision shall be construed to modify the standards for directing detention set forth in section seven hundred thirty-nine of this article.

[(b)] (c) For the purpose of this section, reasonable efforts to prevent or eliminate the need for removing the child from the home or to make it possible for the child to return safely to the home of the child shall not be required where the court determines that:

(i) the parent of such child has subjected the child to aggravated circumstances, as defined in subdivision (g) of section seven hundred twelve of this article;

(ii) the parent of such child has been convicted of (A) murder in the first degree as defined in section 125.27 or murder in the second degree as defined in section 125.25 of the penal law and the victim was another child of the parent; or (B) manslaughter in the first degree as defined in section 125.20 or manslaughter in the second degree as defined in section 125.15 of the penal law and the victim was another child of the parent, provided, however, that the parent must have acted voluntarily in committing such crime;

(iii) the parent of such child has been convicted of an attempt to commit any of the crimes set forth in subparagraphs (i) and (ii) of this paragraph, and the victim or intended victim was the child or another child of the parent; or has been convicted of criminal solicitation as defined in article one hundred, conspiracy as defined in article one hundred five or criminal facilitation as defined in article one hundred fifteen of the penal law for conspiring, soliciting or facilitating any of the foregoing crimes, and the victim or intended victim was the child or another child of the parent;

(iv) the parent of such child has been convicted of assault in the second degree as defined in section 120.05, assault in the first degree as defined in section 120.10 or aggravated assault upon a person less than eleven years old as defined in section 120.12 of the penal law, and the commission of one of the foregoing crimes resulted in serious physical injury to the child or another child of the parent;

(v) the parent of such child has been convicted in any other jurisdiction of an offense which includes all of the essential elements of any crime specified in subparagraph (ii), (iii) or (iv) of this paragraph, and the victim of such offense was the child or another child of the parent; or

(vi) the parental rights of the parent to a sibling of such child have been involuntarily terminated; unless the court determines that providing reasonable efforts would be in the best interests of the child, not contrary to the health and safe-
ty of the child, and would likely result in the reunification of the parent and the child in the foreseeable future. The court shall state such findings in its order.

If the court determines that reasonable efforts are not required because of one of the grounds set forth above, a permanency hearing shall be held within thirty days of the finding of the court that such efforts are not required. At the permanency hearing, the court shall determine the appropriateness of the permanency plan prepared by the social services official which shall include whether and when the child: (A) will be returned to the parent; (B) should be placed for adoption with the social services official filing a petition for termination of parental rights; (C) should be referred for legal guardianship; (D) should be placed permanently with a fit and willing relative; or (E) should be placed in another planned permanent living arrangement with a significant connection to an adult willing to be a permanency resource for the child if the child is age sixteen or older and if the requirements of subparagraph (E) of paragraph (iv) of subdivision (d) of section seven hundred fifty-six-a of this part have been met. The social services official shall thereafter make reasonable efforts to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child as set forth in the permanency plan approved by the court. If reasonable efforts are determined by the court not to be required because of one of the grounds set forth in this paragraph, the social services official may file a petition for termination of parental rights in accordance with section three hundred eighty-four-b of the social services law.

For the purpose of this section, in determining reasonable efforts to be made with respect to a child, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

For the purpose of this section, a sibling shall include a half-sibling.

Paragraph (a) of subdivision 7 of section 384-b of the social services law, as amended by chapter 113 of the laws of 2010, is amended to read as follows:

(a) For the purposes of this section, "permanently neglected child" shall mean a child who is in the care of an authorized agency and whose parent or custodian has failed for a period of either at least one year or fifteen out of the most recent twenty-two months following the date such child came into the care of an authorized agency substantially and continuously or repeatedly to maintain contact with or plan for the future of the child, although physically and financially able to do so, notwithstanding the agency's diligent efforts to encourage and strengthen the parental relationship when such efforts will not be detrimental to the best interests of the child. The court shall consider the special circumstances of an incarcerated parent or parents, or of a parent or parents participating in a residential substance abuse treatment program, when determining whether a child is a "permanently neglected child" as defined in this paragraph. In such cases, the court also shall consider the particular constraints, including but not limited to, limitations placed on family contact and the unavailability of social or rehabilitative services to aid in the development of a meaningful relationship between the parent and his or her child, that may impact the parent's ability to substantially and continuously or repeatedly maintain contact with his or her child and to plan for the future of his or her child as defined in paragraph (c) of this subdivision. Where a
court has previously determined in accordance with paragraph (b) of subdivision three of section three hundred fifty-eight-a of this chapter or section one thousand thirty-nine-b, subparagraph (A) of paragraph (i) of subdivision (b) of section one thousand fifty-two, paragraph [(b)] (c) of subdivision two of section seven hundred fifty-four or paragraph (c) of subdivision two of section 352.2 of the family court act that reasonable efforts to make it possible for the child to return safely to his or her home are not required, the agency shall not be required to demonstrate diligent efforts as defined in this section. In the event that the parent defaults after due notice of a proceeding to determine such neglect, such physical and financial ability of such parent may be presumed by the court.

§ 13-b. Subdivision (a) of section 755 of the family court act, as amended by chapter 124 of the laws of 1993, is amended to read as follows:
(a) Rules of court shall define permissible terms and conditions of a suspended judgment. The court may order as a condition of a suspended judgment restitution or services for public good pursuant to section seven hundred fifty-eight-a of this part, and[, except when the respondent has been assigned to a facility in accordance with subdivision four of section five hundred four of the executive law,] in cases wherein the record indicates that the consumption of alcohol by the respondent may have been a contributing factor, the court may order attendance at and completion of an alcohol awareness program established pursuant to section 19.25 of the mental hygiene law.

§ 14. Section 756 of the family court act, as amended by chapter 920 of the laws of 1982, paragraph (i) of subdivision (a) as amended by chapter 309 of the laws of 1996, the opening paragraph of paragraph (ii) of subdivision (a) as amended by section 11 of part G of chapter 58 of the laws of 2010, subdivision (b) as amended by chapter 7 of the laws of 1999, and subdivision (c) as amended by section 10 of part E of chapter 57 of the laws of 2005, is amended to read as follows:
§ 756. Placement. (a) (i) For purposes of section seven hundred fifty-four of this part, the court may place the child in its own home or in the custody of a suitable relative or other suitable private person or a commissioner of social services, to the extent such commissioner shall direct placement in (1) a foster care program certified by the office of children and family services, (2) a certified or approved family boarding home, (3) in a city having a population of one million or more, a foster care facility established and maintained pursuant to the social services law, or (4) an available long term safe house for youth meeting the definition of a sexually exploited child as defined in subdivision one of section four hundred forty-seven-a of the social services law subject to the orders of the court.
(ii) Where the child is placed with the commissioner of the local social services district, the court may direct the commissioner to place the child with an authorized agency or class of authorized agencies, including, if the court finds that the respondent is a sexually exploited child as defined in subdivision one of section four hundred forty-seven-a of the social services law, an available long term safe house. Unless the dispositional order provides otherwise, the court so directing shall include one of the following alternatives to apply in the event that the commissioner is unable to so place the child:
(1) the commissioner shall apply to the court for an order to stay, modify, set aside, or vacate such directive pursuant to the provisions.
of section seven hundred sixty-two or seven hundred sixty-three of this part; or

(2) the commissioner shall return the child to the family court for a new dispositional hearing and order.

(b) Placements under this section may be for an initial period of [twelve months] ninety days. The court may extend a placement pursuant to section seven hundred fifty-six-a of this part. In its discretion, the court may recommend restitution or require services for public good pursuant to section seven hundred fifty-eight-a of this part in conjunction with an order of placement. [For the purposes of calculating the initial period of placement, such placement shall be deemed to have commenced sixty days after the date the child was removed from his or her home in accordance with the provisions of this article.] If the respondent has been in detention pending disposition, the initial period of placement ordered under this section shall be credited with and diminished by the amount of time spent by the respondent in detention prior to the commencement of the placement unless the court finds that all or part of such credit would not serve the best interests of the respondent.

(c) A placement pursuant to this section with the commissioner of social services shall not be directed in any detention facility, but the court may direct detention pending transfer to a placement authorized and ordered under this section for no more than than [fifteen] ten days after such order of placement is made. Such direction shall be subject to extension pursuant to subdivision three of section three hundred ninety-eight of the social services law, upon written documentation to the office of children and family services that the youth is in need of specialized treatment or placement and the diligent efforts by the commissioner of social services to locate an appropriate placement.

§ 14-a. Section 756-a of the family court act, as added by chapter 604 of the laws of 1986, subdivision (a) as amended by chapter 309 of the laws of 1996, subdivisions (b) and (d) as amended by section 4 of part B of chapter 327 of the laws of 2007, subdivisions (c) and (e) as amended by chapter 7 of the laws of 1999, paragraph (ii) of subdivision (d) as amended by section 3 of part M of chapter 54 of the laws of 2016, paragraphs (iii), (iv) and (v) of subdivision (d) as amended by section 23 and subdivision (d-1) as amended by section 24 of part L of chapter 56 of the laws of 2015, is amended to read as follows:

§ 756-a. Extension of placement. (a) In any case in which the child has been placed pursuant to section seven hundred fifty-six of this part, the child, the person with whom the child has been placed or the commissioner of social services may petition the court to extend such placement. Such petition shall be filed at least [sixty] thirty days prior to the expiration of the period of placement, except for good cause shown, but in no event shall such petition be filed after the original expiration date.

(b) The court shall conduct a permanency hearing concerning the need for continuing the placement. The child, the person with whom the child has been placed and the commissioner of social services shall be notified of such hearing and shall have the right to be heard thereat.

(c) The provisions of section seven hundred forty-five of this article shall apply at such permanency hearing. If the petition is filed within [sixty] thirty days prior to the expiration of the period of placement, the court shall first determine at such permanency hearing whether good

cause has been shown. If good cause is not shown, the court shall
dismiss the petition.

(d) At the conclusion of the permanency hearing the court may, in its
discretion, order an extension of the placement for not more than [one
year] ninety days. The court must consider and determine in its order:
(i) where appropriate, that reasonable efforts were made to make it
possible for the child to safely return to his or her home, or if the
permanency plan for the child is adoption, guardianship or some other
permanent living arrangement other than reunification with the parent or
parents of the child, reasonable efforts are being made to make and
finalize such alternate permanent placement including consideration of
appropriate in-state and out-of-state placements;
(ii) in the case of a child who has attained the age of fourteen, (A)
the services needed, if any, to assist the child to make the transition
from foster care to successful adulthood; and (B)(1) that the permanency
plan developed for the child, and any revision or addition to the plan
shall be developed in consultation with the child and, at the option of
the child, with up to two additional members of the child's permanency
planning team who are selected by the child and who are not a foster
parent of, or case worker, case planner or case manager for, the child,
except that the local commissioner of social services with custody of
the child may reject an individual so selected by the child if such
commissioner has good cause to believe that the individual would not act
in the best interests of the child, and (2) that one individual so
selected by the child may be designated to be the child's advisor and,
as necessary, advocate with respect to the application of the reasonable
and prudent parent standard;
(iii) in the case of a child placed outside New York state, whether
the out-of-state placement continues to be appropriate and in the best
interests of the child;
(iv) whether and when the child: (A) will be returned to the parent;
(B) should be placed for adoption with the social services official
filing a petition for termination of parental rights; (C) should be
referred for legal guardianship; (D) should be placed permanently with a
fit and willing relative; or (E) should be placed in another planned
permanent living arrangement with a significant connection to an adult
willing to be a permanency resource for the child if the child is age
sixteen or older and (1) the social services official has documented to
the court: (I) intensive, ongoing, and, as of the date of the hearing,
unsuccessful efforts made by the social services district to return the
child home or secure a placement for the child with a fit and willing
relative including adult siblings, a legal guardian, or an adoptive
parent, including through efforts that utilize search technology includ-
ing social media to find biological family members for children, (II)
the steps the social services district is taking to ensure that (A) the
child's foster family home or [child care facility] other applicable
foster care programs is following the reasonable and prudent parent
standard in accordance with guidance provided by the United States
department of health and human services, and (B) the child has regular,
ongoing opportunities to engage in age or developmentally appropriate
activities including by consulting with the child in an age-appropriate
manner about the opportunities of the child to participate in activ-
ities; and (2) the social services district has documented to the court
and the court has determined that there are compelling reasons for
determining that it continues to not be in the best interest of the
child to return home, be referred for termination of parental rights and
placed for adoption, placed with a fit and willing relative, or placed with a legal guardian; and (3) the court has made a determination explaining why, as of the date of the hearing, another planned living arrangement with a significant connection to an adult willing to be a permanency resource for the child is the best permanency plan for the child; and
(v) where the child will not be returned home, consideration of appropriate in-state and out-of-state placements.
(d-1) At the permanency hearing, the court shall consult with the respondent in an age-appropriate manner regarding the permanency plan; provided, however, that if the respondent is age sixteen or older and the requested permanency plan for the respondent is placement in another planned permanent living arrangement with a significant connection to an adult willing to be a permanency resource for the respondent, the court must ask the respondent about the desired permanency outcome for the respondent.
(e) Pending final determination of a petition to extend such placement filed in accordance with the provisions of this section, the court may, on its own motion or at the request of the petitioner or respondent, enter one or more temporary orders extending a period of placement not to exceed thirty days upon satisfactory proof showing probable cause for continuing such placement and that each temporary order is necessary. The court may order additional temporary extensions, not to exceed a total of fifteen days, if the court is unable to conclude the hearing within the thirty day temporary extension period. In no event shall the aggregate number of days in extensions granted or ordered under this subdivision total more than forty-five days. The petition shall be dismissed if a decision is not rendered within the period of placement or any temporary extension thereof. Notwithstanding any provision of law to the contrary, the initial permanency hearing shall be held within [twelve months of the date the child was placed into care] a reasonable period of time prior to the expiration of the initial period of placement pursuant to section seven hundred fifty-six of this article and no later than every twelve months thereafter. [For the purposes of this section, the date the child was placed into care shall be sixty days after the child was removed from his or her home in accordance with the provisions of this section.]
(f) Successive extensions of placement under this section may be granted, but no placement may be made or continued beyond the child's eighteenth birthday without his or her consent and in no event past his or her twenty-first birthday.

exhibits any other indicia of control over the contractor or subcontrac-
tor, or covered developer, or covered lessee or lessor or over which the
contractor or subcontractor, or covered developer, or covered lessee or

established by the fiscal officer.

3. The public agency providing financial assistance or entering into a

6. The fiscal officer shall maintain a list of covered developers, covered lessees or lessors, and covered development projects, including the addresses of each. Such list shall be updated and published as often as is necessary to keep it current.

7. Within two weeks of receiving financial assistance or entering into a covered lease, a covered developer, covered lessee or lessor, or covered employer shall post in the same location and manner that other statutorily required notices are posted at every such covered development project or real property subject to a covered lease, and provide each building service employee a copy of a written notice which shall be prepared by the fiscal officer, detailing the wages, benefits, and other protections to which building service employees are entitled under this section. § 3. Section 232 of the labor law, as added by chapter 777 of the laws of 1971, is amended to read as follows:

§ 4. Section 233 of the labor law, as added by chapter 777 of the laws of 1971, is amended to read as follows:

§ 233. Record keeping. 1. In all cases where service work is being performed pursuant to a contract therefor or covered lease, or covered development project, the contractor, or covered developer, or covered lessee or lessor shall keep original payrolls or transcripts thereof, subscribed and confirmed by him as true, under penalties of perjury, showing the hours and days worked by each employee, the craft, trade or occupation at which he was employed, and the wages paid. A covered developer, or covered lessee or lessor may satisfy this requirement by obtaining copies of employment records from a covered employer.

2. Where the wages paid include sums which are not paid directly to the workmen weekly and which are expended for supplements, the records required to be maintained shall include a record of such hourly payment on behalf of such employees, the supplement for which such payment has been made, and the name and address of the person to whom such payment has been made. In all such cases, the contractor or covered developer, or covered lessee or lessor shall keep a true and inscribed copy of the agreement under which such payments are made, a record of all net payments made thereunder, and a list of all persons for whom such payments are made. A covered developer, or covered lessee or lessor may satisfy this requirement by obtaining copies of employment records from a covered employer.

The covered developer, or covered lessee or lessor shall include a record of such hourly payment on behalf of such employees, the supplement for which such payment has been made, and the name and address of the person to whom such payment has been made.
oper, or covered lessee or lessor shall obtain such records from any
covered employer and preserve such records for a period of six years
after the completion of the employee's work.

§ 5. Paragraph (f) of subdivision 1 of section 234 of the labor law,
as added by chapter 777 of the laws of 1971, is amended to read as
follows:

(f) to require a contractor or covered developer, or covered lessee or
lessor to file with the fiscal officer a record of the wages actually
paid by such contractor or covered developer, or covered lessee or
lessor to the employees and of their hours of work;

§ 6. The labor law is amended by adding a new section 235-a to read as
follows:

§ 235-a. Investigations, hearings, and private right of action for
covered leases and covered development projects. 1. Whenever the fiscal
officer has reason to believe that a building service employee perform-
ing building service work in connection with a covered lease or covered
development project has been paid less than the applicable prevailing
wage and supplements or upon receipt of a written complaint, the fiscal
officer shall conduct a special investigation to determine the facts
relating thereto.

2. If, despite the requirements of law, the fiscal officer has not
determined the prevailing wage as required in this article, the fiscal
officer shall determine in the proceeding before him or her the wages
prevailing at the time the work was performed for the crafts, trades or
occupations of the employees involved.

3. In an investigation conducted under the provisions of this section,
the inquiry of the fiscal officer shall not extend to work performed
more than three years prior to: (a) the filing of the complaint, or (b)
the commencement of the investigation upon the fiscal officer's own
volition, whichever is earlier in point of time.

4. (a) The investigation and hearing shall be expeditiously conducted
and upon the completion thereof the fiscal officer shall determine the
issues raised and shall make and file an order in his or her office
stating such determination and forthwith serve personally or by mail a
copy of such order and determination together with a notice of filing
upon all parties to the proceeding and upon the financial officer of the
public agency involved.

(b) In addition to directing payment of wages found to be due, such
order of the fiscal officer shall direct payment of liquidated damages
in an amount equal to the greater of two percent of the annual value of
the financial assistance or covered lease, or two tenths of a percent of
the total value of the financial assistance or covered lease. Where the
fiscal officer is the commissioner, the penalty shall be paid to the
commissioner for deposit in the state treasury. Where the fiscal officer
is a city comptroller or other analogous officer, the penalty shall be
paid to said officer for deposit in the city treasury.

(c) An order directing the payment to specified employees of wages
found to be due and unpaid shall include interest at a rate not less
than six per centum per year and not more than the rate of interest then
in effect as prescribed by the superintendent of financial services
pursuant to section fourteen-a of the banking law per annum from the
time such wages should have been paid. In determining the rate of
interest to be imposed the fiscal officer shall consider the size of the
employer's business, the good faith of the employer, the gravity of the violation, the history of previous violations of the employer, successor or substantially-owned affiliated entity, any officer of the covered developer, covered lessee or lessor, or covered employer who knowingly participated in the violation of this article, and any of the partners if the covered developer, covered lessee or lessor, or covered employer is a partnership or any of the five largest shareholders of the covered developer, covered lessee or lessor, or the covered employer, as determined by the fiscal officer, and the failure to comply with recordkeeping or other non-wage requirements.

5. (a) Provided that no proceeding for judicial review as provided in this section shall then be pending and the time for initiation of such proceeding shall have expired, the fiscal officer shall file with the county clerk of the county where the employer resides or has a place of business the order of the fiscal officer containing the amount found to be due. The filing of such order shall have the full force and effect of a judgment duly docketed in the office of such clerk. The order may be enforced by and in the name of the fiscal officer in the same manner, and with like effect, as that prescribed by the civil practice law and rules for the enforcement of a money judgment.

(b) When a final determination has been made in favor of a complainant and the covered developer, covered lessee or lessor, or covered employer found violating this article has failed to make payment as required by the order of the fiscal officer, and provided that no relevant proceeding for judicial review shall then be pending and the time for initiation of such proceeding shall have expired, the fiscal officer may file a copy of the order of the fiscal officer containing the amount found to be due with the county clerk of the county of residence or place of business of any of the following:

(i) any substantially-owned affiliated entity or any successor of the covered developer, covered lessee or lessor, or covered employer;

(ii) any of the partners if the covered developer, covered lessee or lessor, or covered employer is a partnership or any of the five largest shareholders of the covered developer, covered lessee or lessor, or covered employer, as determined by the fiscal officer; or

(iii) any officer of the covered developer, covered lessee or lessor, or covered employer who knowingly participated in the violation of this article; provided, however, that the fiscal officer shall within five days of the filing of the order provide notice thereof to the partner or top five shareholders or successor or substantially-owned affiliated entity. The notified party may contest the filing on the basis that it is not a partner or one of the five largest shareholders, an officer of the covered developer, covered lessee or lessor, or covered employer who knowingly participated in the violation of this article, or a successor or substantially-owned affiliated entity. If, after reviewing the information provided by the notified party in support of such contest, the fiscal officer determines that the notified party is not within the definitions described herein, the fiscal officer shall immediately draw his or her filing of the order.

(c) The filing of such order shall have the full force and effect of a judgment duly docketed in the office of such clerk. The order may be enforced by and in the name of the fiscal officer in the same manner, and with like effect, as that prescribed by the civil practice law and rules for the enforcement of a money judgment.

6. When a final determination has been made and such determination is in favor of an employee, such employee may, in addition to any other
remedy provided by this article, institute an action in any court of
appropriate jurisdiction against the entity alleged to have violated this
article, any substantially-owned affiliated entity, any officer of the
covered developer, covered lessee or lessor, or covered employer who
knowingly participated in the violation of this article, and any of the
partners if the covered developer, covered lessee or lessor, or covered
employer is a partnership or any of the five largest shareholders of the
covered developer, covered lessee or lessor, or covered employer, as
determined by the fiscal officer, for the recovery of the difference
between the sum, if any, actually paid to him or her by the aforesaid
financial officer pursuant to said order and the amount found to be due
him or her as determined by said order. Such action must be commenced
within three years from the date of the filing of said order, or if the
said order is reviewed in a proceeding pursuant to article seventy-eight
of the civil practice law and rules, within three years after the termi-
nation of such review proceeding.

7. (a) Any person claimed to be aggrieved by violation of this arti-
cle shall have a cause of action in any court of competent jurisdiction
against the entity alleged to have violated this article, any substan-
tially-owned affiliated entity, any officer of the covered developer,
covered lessee or lessor, or covered employer who knowingly participated
in the violation of this article, and any of the partners if the covered
developer, covered lessee or lessor, or covered employer is a partner-
ship or any of the five largest shareholders of the covered developer,
covered lessee or lessor, or covered employer, as determined by the
fiscal officer, for the recovery of the difference between the sum, if
any, actually paid to him or her by the aforesaid financial officer
pursuant to said order and the amount found to be due him or her as
determined by said order. The cause of action may seek damages, includ-
ing punitive damages, and for injunctive relief and such other remedies
as may be appropriate, unless such person has filed a complaint with the
fiscal officer with respect to such claim. In an action brought by a
building service employee, if the court finds in favor of the employee,
it shall award the employee, in addition to other relief, his or her
reasonable attorneys' fees and costs.

(b) Investigation by the fiscal officer shall not be a prerequisite to
nor a bar against a person bringing a civil action under this section.
Notwithstanding any inconsistent provision of subdivisions one through
six of this section where a complaint filed with the fiscal officer is
dismissed an aggrieved person shall maintain all rights to commence a
civil action pursuant to this action as if no complaint had been filed.

(c) No procedure or remedy set forth in this section is intended to be
exclusive or a prerequisite for asserting a claim for relief to enforce
any rights hereunder in a court of law. This section shall not be
construed to limit an employee's right to bring a common law cause of
action for wrongful termination.

(d) Any judgment or court order awarding remedies under this section
shall provide that if any amounts remain unpaid upon the expiration of
ninety days following issuance of judgment, or ninety days after expira-
tion of the time to appeal and no appeal is then pending, whichever is
later, the total amount of judgment shall automatically increase by
fifteen percent.

(e) In any action instituted upon a wage claim by a building service
employee in which the employee prevails, the court may allow such
employee, in addition to ordinary costs, a reasonable sum, not exceeding
one hundred dollars for expenses which may be taxed as costs. No assignee of a wage claim shall be benefited by this paragraph.

(f) Notwithstanding any other provision of law, an action to recover upon a liability imposed by this article must be commenced within the greater of six years from the date the cause of action accrued or two years from the time the plaintiff or the person under whom the plaintiff claims discovered the fraud, or could with reasonable diligence have discovered it. The statute of limitations shall be tolled from the date an employee files a complaint with the fiscal officer or the fiscal officer commences an investigation, whichever is earlier, until an order to comply issued by the fiscal officer becomes final, or where the fiscal officer does not issue an order, until the date on which the fiscal officer notifies the complainant that the investigation has concluded.

8. (a) No person shall take any adverse action against an employee that penalizes an employee for, or is reasonably likely to deter an employer from, exercising or attempting to exercise rights under this article or interfere with an employee's exercise of rights under this article.

(b) Taking an adverse action includes, but is not limited to threatening, intimidating, disciplining, discharging, demoting, suspending, or harassing an employee, reducing the hours of pay of an employee, informing another employer than an employee has engaged in activities protected by this article, discriminating against the employee, including actions related to perceived immigration status or work authorization, and maintenance or application of an absence control policy that counts protected leave as an absence that may lead to or result in an adverse action.

(c) An employee need not explicitly refer to a provision of this article to be protected from an adverse action.

(d) A causal connection may be established between the exercise, attempted exercise, or anticipated exercise of rights protected by this article and an employer's adverse action against an employee or a group of employees by indirect or direct evidence.

(e) Retaliation is established when it is shown that a protected activity was a motivating factor for an adverse action, whether or not other factors motivated the adverse action.

9. (a) When a final determination has been made against a covered employer in favor of a complainant and the covered developer, or covered lessee or lessor has made payment to the complainant of any wages and interest due the complainant and any civil penalty, and providing that no relevant proceeding for judicial review shall then be pending and the time for initiation of such proceeding shall have expired, the covered developer, or covered lessee or lessor may file a copy of the order of the fiscal officer containing the amount found to be due with the county clerk of the county of residence or place of business of the covered employer. The filing of such order shall have the full force and effect of a judgment duly docketed in the office of such clerk. The judgment may be docketed in favor of the covered developer who may proceed as a judgment creditor against the covered employer for the recovery of all monies paid by the covered developer, or covered lessee or lessor under such order.

(b) When a covered developer, or covered lessee or lessor has made payment to a complainant of any wages and interest due to him or her because of a covered employer's violation of this article, the covered developer, or covered lessee or lessor may bring suit to recover all
monies paid by the covered developer, or covered lessee or lessor from the covered employer.

10. When two judgments or final orders pursuant to the provisions of this section have been entered against a covered developer, covered lessee or lessor, covered employer, successor, or any substantially-owned affiliated entity of the covered developer, covered lessee or lessor, or covered employer, any of the partners if the covered developer, covered lessee or lessor, or covered employer is a partnership, any of the five largest shareholders of the covered developer, covered lessee or lessor, or covered employer, any officer of the covered developer, covered lessee or lessor, or covered employer who knowingly participated in the violation of this article within any consecutive six-year period determining that such covered developer, covered lessee or lessor, or covered employer and/or its successor, substantially-owned affiliated entity of the covered developer, covered lessee or lessor, or covered employer, any of the partners or any of the five largest shareholders of the covered developer, covered lessee or lessor, or covered employer, any officer of the covered developer, covered lessee or lessor, or covered employer who knowingly participated in the violation of this article has willfully failed to pay the prevailing wages in accordance with the provisions of this article, whether such failures were concurrent or consecutive and whether or not such final determinations concerning separate covered leases or awards of financial assistance are rendered simultaneously, such covered developer, covered lessee or lessor, covered employer, successor, and if the covered developer, covered lessee or lessor, covered employer, successor, or any substantially-owned affiliated entity of the covered developer, covered lessee or lessor, or covered employer, any of the partners if the covered developer, covered lessee or lessor, or covered employer is a partnership, or any of the five largest shareholders of the covered developer, covered lessee or lessor, or covered employer, any officer of the covered developer, covered lessee or lessor, or covered employer, any of the partners if the covered developer, covered lessee or lessor, or covered employer who knowingly participated in the violation of this article, or any successor is a corporation, any officer of such corporation who knowingly participated in such failure, shall be ineligible to enter into covered leases with a public agency or receive financial assistance for a period of five years from the date of the second order; provided, however, that where any such final order involves the falsification of payroll records or the kickback of wages, the covered developer, covered lessee or lessor, covered employer, successor, substantially-owned affiliated entity of the covered developer, covered lessee or lessor, or covered employer, any partner if the covered developer, covered lessee or lessor, or covered employer is a partnership or any of the five largest shareholders of the covered developer, covered lessee or lessor, or covered employer, any officer of the covered developer, covered lessee or lessor, or covered employer who knowingly participated in the violation of this article shall be ineligible to receive for a period of five years from the date of the first final order. Nothing in this subdivision shall be construed as affecting any provision of any other law or regulation relating to the awarding of financial assistance or entering into a covered lease with a public agency. The commissioner shall maintain a list of covered developers, and covered lessors or lessees, who are ineligible, including their names, address, date and duration of their ineligibility. Such list shall be updated and published as often as is necessary to keep it current.
§ 7. Subdivision 1 of section 237 of the labor law, as amended by chapter 698 of the laws of 1988, is amended and a new subdivision 5 is added to read as follows:
1. Subcontractors engaged for service work by a contractor or its subcontractor and covered employers, shall, upon receipt from the covered developer, or covered lessee or lessor, contractor or its subcontractor of the schedule of wages and supplements specified in the contract or article nine prevailing wage schedule, provide to the covered developer, covered lessee or lessor, contractor or its subcontractor a verified statement attesting that the covered employer or subcontractor has received and reviewed such schedule of wages and supplements, and agrees that it will pay the applicable prevailing wages and will pay or provide the supplements specified therein. Such verified statement shall be filed in the manner described in subdivision three of this section for subcontractors of a contractor or its subcontractor, and in the manner described in subdivision four of this section for covered employers. It shall be a violation of this article for any covered developer, covered lessee or lessor, contractor or its subcontractor to fail to provide for its subcontractor a copy of the schedule of wages and supplements specified in the contract or article nine prevailing wage schedules.
5. Prior to receiving financial assistance or entering into a covered lease, or an extension, renewal, amendment, modification of a covered lease, and annually thereafter, every covered developer, covered lessee or lessor, or covered employer shall provide the public agency providing financial assistance and the fiscal officer with an annual verified statement that all building service employees employed at a covered development project or at real property subject to a covered lease by the covered developer, covered lessee or lessor, or by a covered employer to perform building service work will be and/or have been paid the prevailing wage. Such verified statement shall include a record of the days and hours worked and the wages paid to each building service employee employed at the covered development project, or at real property subject to a covered lease, where the wages paid include sums which are not paid directly to the workmen weekly and which are expended for supplements, the statement shall include a record of such hourly payments on behalf of such employees, the supplement for which such payment has been made, and the name and address of the person to whom the payment has been made. Such statement shall be verified by the oath of the chief executive or chief financial officer of the covered developer, or covered lessee or lessor, or the designee of any such person that he or she has read such statements subscribed by him or her and knows the contents thereof, and that the same is true of his or her own knowledge, except with respect to wages and supplements owing by contract which may be certified upon information and belief. A violation of any provision of the statement, or failure to provide such statement, shall constitute a violation of this section. The fiscal officer or a public agency leasing or providing financial assistance may inspect the records maintained pursuant to section two hundred thirty-three of this article to verify these statements.

§ 8. Subdivision 1 of section 238 of the labor law, as added by chapter 777 of the laws of 1971, is amended and two new subdivisions 3 and 4 are added to read as follows:
1. Any contractor, covered developer, covered lessee or lessor, covered employer, or subcontractor who shall upon his oath verify any statement required to be filed under this article which is known by him
to be false shall be guilty of perjury and punishable as provided by the
penal law.

3. In the event of a failure by a covered developer, covered lessee or
lessor, or covered employer to comply with the provisions of this arti-
cle, the covered developer, covered lessee or lessor, or covered emplo-
yee shall be provided with a written notice of failure to comply by the
fiscal officer allowing ten days to cure the failure to comply. If the
covered developer, covered lessee or lessor, or covered employer fails
to timely cure in addition to any other remedies available at law or in
equity, the fiscal officer shall be permitted to seek the following
remedies:

(a) Suspension: suspend the payments of any financial assistance to
the covered developer until the date of cure.

(b) Liquidated damages: failure to provide a required record or
statement or to allow workplace access may result in liquidated damages
in an amount equal to the greater of two percent of the annual value of
the financial assistance or covered lease, or two-tenths of a percent of
the total value of the financial assistance or covered lease.

(c) Termination: a material breach of this article that continues for
a period of six months or more, shall allow the public agency to termi-
nate the financial assistance or covered lease.

(d) Penalty for late filing: late filing of any report required under
this article: a payment of one thousand dollars per day for each day the
report is late for up to fourteen days. After fourteen days, the remedy
in paragraph (b) of this subdivision shall apply.

4. Where the fiscal officer is the commissioner, the penalty shall be
paid to the commissioner for deposit in the state treasury. Where the
fiscal officer is a city comptroller or other analogous officer, the
penalty shall be paid to said officer for deposit in the city treasury.

§ 9. Section 239 of the labor law, as added by chapter 777 of the laws
of 1971, subdivisions 1, 2 and 3 as amended by chapter 770 of the laws
of 1986, is amended to read as follows:

§ 239. Provisions in contracts prohibiting discrimination on account
of race, creed, color, national origin, age or sex. Every covered
developer and covered lessee or lessor shall comply with the follow-
ing provisions and every contract for service work shall contain
provisions by which the contractor agrees:

1. that in the hiring of employees for the performance of work under
the contract or any subcontract thereunder within the territorial limits
of this state, no contractor, subcontractor, nor any person acting on
behalf of such contractor or subcontractor, shall by reason of race,
creed, color, national origin, age, sex or disability, discriminate
against any citizen of the state of New York who is qualified and avail-
able to perform the work to which the employment relates;

2. that no contractor, subcontractor, nor any person on his behalf
shall, in any manner, discriminate against or intimidate any employee
hired for the performance of work under the contract on account of race,
creed, color, national origin, age, sex or disability;

3. that there may be deducted from the amount payable to the contrac-
tor by the public agency under the contract a penalty of fifty dollars
for each person for each day during which such person was discriminated
against or intimidated in violation of the provisions of the contract;

4. that the contract, covered lease, or grant of financial assistance
may be cancelled or terminated by the public agency, and all moneys due
or to become due thereunder may be forfeited for a second or any subse-
quent violation of the terms or conditions of this section of the contract.

§ 10. Section 239-a of the labor law, as added by chapter 777 of the laws of 1971, is amended to read as follows:

§ 239-a. Enforcement of article. If the fiscal officer, as defined herein, finds that any covered developer, covered lessee or lessor, or contractor on service work fails to comply with or evades the provisions of this article, he shall present evidence of such noncompliance or evasion to the public agency having charge of such work, or who has entered into a covered lease or provided financial assistance for the covered development project for enforcement. Where such evidence indicates a noncompliance or evasion on the part of a subcontractor or covered employer, the contractor or covered developer, or covered lessee or lessors, shall be responsible for such noncompliance or evasion. It shall be the duty of the public agency in charge of such service work, or who has entered into a covered lease or provided financial assistance for the covered development project to enforce the provisions of this article.

§ 11. This act shall take effect immediately.

§ 2. Severability clause. If any clause, sentence, paragraph, subdivision, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 3. This act shall take effect immediately provided, however, that the applicable effective date of Parts A through NN of this act shall be as specifically set forth in the last section of such Parts.
