The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federcenters for medicare and medicaid services, provided, however, that commissioner of health is authorized to

submit any state plan amendment or seek 1 other federal approval, including waiver 2 3 authority, to implement the provisions of 4 the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a 6 7 manner that maximizes federal financial 8 participation, to the extent practicable, 9 including any federal financial partic-10 ipation that is available or is reasonably 11 expected to become available, in 12 discretion of the commissioner, under the 13 Affordable Care Act; (4) reductions shall 14 be made uniformly among categories of 15 services and geographic regions of the 16 state, to the extent practicable, and 17 shall be made uniformly within a category 18 of service, to the extent practicable, except where the commissioner determines 19 that there are sufficient grounds for 20 non-uniformity, including but not limited 21 22 to: the extent to which specific catego-23 ries of services contributed to department 24 of health medicaid state funds spending in 25 excess of the limits specified herein; the 26 need to maintain safety net services in 27 underserved communities; or the potential 28 benefits of pursuing innovative payment 29 models contemplated by the Affordable Care 30 Act, in which case such grounds shall be 31 set forth in the medicaid savings allocation adjustment; and (5) reductions 32 33 shall be made in a manner that does not 34 unnecessarily create administrative 35 burdens to medicaid applicants and recipi-36 ents or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

due to: enrollment fluctuations, rate

Each such monthly report shall be 12 provided to the chairs of the senate 13 finance and the assembly ways and means 14 committees and shall be posted on the 15 department of health's website in a timely 16 manner. 17

 effect retroactively to the extent permitted by the federal centers for medicare
 and medicaid services.

The director of the budget, in consultation with the commissioner of health, shall assess on monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable

Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

- The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.
- (a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.
- (b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.
- Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergen-
- For purposes of this section, a public health emergency is defined as:
 (i) a disaster, natural or otherwise, that significantly increases
 the immediate need for health care personnel in an area of the
 state; (ii) an event or condition that creates a widespread risk of
 exposure to a serious communicable disease, or the potential for
 such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat
 to public health.
- Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.
- In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all

fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).
