1 Section 1. a) The several amounts specified in this chapter for capi-  
2 tal projects, or so much thereof as shall be necessary to accomplish the

4 construction programs (hereinafter referred to by the abbreviation CCP),  
5 purposes, and projects designated by the appropriations, and authorized  
6 to be made available as hereinafter provided to the respective public  
7 officers; such appropriations shall be deemed to provide all costs  
8 necessary and pertinent to accomplish the intent of the appropriations

1 and are appropriated in accordance with the provisions of section 93 of  
2 the state finance law.

3 b) Any amounts specified in this chapter for advances for capital  
4 projects, or so much thereof as shall be necessary to accomplish the  
5 purpose of the appropriations, are appropriated by comprehensive  
6 construction programs (hereinafter referred to by the abbreviation CCP),  
7 purposes and projects designated by the appropriations as advances from  
8 the capital projects fund in accordance with the provisions of sections  
9 40-a and 93 of the state finance law, and are authorized to be paid as  
10 hereinafter provided as an advance for a share, part or whole of the  
11 cost for such programs, purposes and projects hereinafter specified.

12 c) The several amounts specified in this chapter as capital projects -  
13 reappropriations, or so much thereof as shall be sufficient to accom-  
14 plish the purpose of the appropriations, as appropriated by comprehen-  
15 sive construction programs (hereinafter referred to by the abbreviation  
16 CCP), purposes, and projects, being the undisbursed and/or unexpended  
17 balances of the prior year's appropriations, are reappropriated and  
18 unless otherwise amended or repealed in part or total in this chapter  
19 shall continue to be available for the same purposes as the prior appro-  
20 priations or as otherwise amended for the fiscal year beginning April 1,  
21 2025.

22 The capital projects reappropriations contained in this chapter may be  
23 amended by repealing the items set forth in brackets and by adding ther-  
24 eto the underscored material. Certain reappropriations in this chapter  
25 are shown using abbreviated text, with three leader dots (an ellipsis)  
26 followed by three spaces (... ) used to indicate where existing law  
27 that is being continued is not shown. However, unless a change is clear-  
28 ly indicated by the use of brackets [ ] for deletions and underscores  
29 for additions, the purpose, amounts, funding source and all other  
30 aspects pertinent to each item of appropriation shall be as last appro-  
31 priated.

32 For the purpose of complying with section 25 of the state finance law,  
33 the year, chapter and section of the last act reappropriating a former  
34 original appropriation or any part thereof is, unless otherwise indi-  
35 cated, chapter 54, section 1, of the laws of 2024.

36 d) No moneys appropriated by this chapter shall be available for  
37 payment until a certificate of approval has been issued by the director  
38 of the budget, who shall file such certificate with the department of  
39 audit and control, the chairperson of the senate finance committee and  
40 the chairperson of the assembly ways and means committee.

41 e) Notwithstanding any provision contained herein or any other law to  
42 the contrary, if, on a cash basis of accounting, a general fund imbal-  
43 ance has or is expected to occur in fiscal year 2025-26, the budget  
44 director is hereby authorized to withhold all or some of the amounts  
45 appropriated herein, including amounts that are to be paid on specific  
46 dates prescribed in law or regulation. Prior to withholding any amounts,  
47 the director shall consider whether other means are available for accom-  
48 plishing the purposes of this provision. Provided further, the director  
49 shall consider the impact of any such amounts to be withheld. To the  
50 extent the state is obligated to make payment to any individual or enti-  
51 ty pursuant to any appropriation contained herein, such obligation shall  
52 be reduced commensurate with such payments withheld by the director of  
53 the budget.

54 The following types of appropriations shall be exempt from such with-  
55 holds pursuant to this provision: (a) public assistance payments for  
56 families and individuals and payments for eligible aged, blind and disa-

1 bled persons related to supplemental social security; (b) any reductions  
2 that would violate federal law; (c) payments of debt service and related  
3 expenses for which the state is constitutionally obligated to pay debt  
4 service or is contractually obligated to pay debt service, subject to an  
5 appropriation, including where the state has a contingent contractual  
6 obligation; and (d) payments the state is obligated to make pursuant to  
7 court orders or judgments.

8 For purposes of this provision, a general fund imbalance shall occur  
9 if any state fiscal year 2025-26 quarterly financial plan update  
10 required by subdivision 4 of section 23 of the state finance law  
11 reflects, or if at any point during the final quarter of state fiscal  
12 year 2025-26 the budget director projects, that estimated general fund  
13 receipts and/or estimated general fund disbursements have or will vary  
14 from the estimates included in the state fiscal year 2025-26 enacted  
15 budget financial plan required by sections 22 and 23 of the state  
16 finance law results in a cumulative budget imbalance of \$2,000,000,000  
17 or more. Provided however, that such \$2,000,000,000 must be calculated  
18 without considering any payments withheld in accordance with this  
19 provision or any depletion of the state fiscal year 2025-26 transaction  
20 risk reserve accounting mechanism.

21 "Estimated general fund receipts" shall mean general fund tax  
22 receipts, after payment of debt service and miscellaneous receipts esti-  
23 mated by the budget director to be received during state fiscal year  
24 2025-26.

25 "Estimated general funds disbursements" shall mean general funds  
26 disbursements, including transfers, estimated by the budget director to  
27 be made during state fiscal year 2025-26.

28 No later than ten business days following the issuance of any state  
29 fiscal year 2025-26 quarterly financial plan update that includes a  
30 determination, and/or the date in the final quarter of the state fiscal  
31 year 2025-26 upon which the budget director determines, that a general  
32 fund imbalance exists, the budget director shall provide notification of  
33 payments that will be withheld pursuant to this provision to the presi-  
34 dent pro tempore of the senate and the speaker of the assembly.  
35 Provided, however, the aggregate amount of payments withheld pursuant to  
36 this provision shall at no point be in an amount greater than the deter-  
37 mined cumulative general fund imbalance. Provided further however,  
38 before any payments may be withheld pursuant to this provision, the  
39 budget director shall first deplete the \$2,000,000,000 transaction risk  
40 reserve accounting mechanism to resolve the determined general fund  
41 imbalance, as practicable. Such notification will also identify any  
42 other means the budget director intends to use to resolve any portion of  
43 the general fund imbalance, including but not limited to the aforemen-  
44 tioned depletion of the transaction risk reserve and/or any other  
45 resources.

46 Following such budget director notification, the legislature shall  
47 have ten business days to prepare and adopt by concurrent resolution its  
48 own withhold plan which conforms with the requirements of this  
49 provision, and which achieves the same aggregate of payment withholds as  
50 the budget director's withhold plan. If after ten business days follow-  
51 ing the budget director's notification the legislature fails to prepare  
52 and adopt its own withhold plan, or if the budget director determines  
53 that the withhold plan prepared and adopted by the legislature does not  
54 conform with the requirements of this provision, the withholds identi-  
55 fied in the budget director's withhold plan will immediately take  
56 effect.

1 Notwithstanding any other provision contained herein or any other  
2 provision of law to the contrary, any payments withheld pursuant to this  
3 section may be paid in full or in part if a subsequent general fund  
4 surplus materializes in state fiscal year 2025-26.

5 f) The appropriations contained in this chapter shall be available for  
6 the fiscal year beginning on April 1, 2025 except as otherwise noted.
