

2021-22
Assembly Budget Proposal

INTRODUCTION

Section 54 of the Legislative Law requires, among other things, a “comprehensive, cumulative report” to be made available to Members of the Assembly prior to action on budget bills advanced by the Governor. The following *“Summary of the Assembly Recommended Changes to the Executive Budget”* is prepared by Ways and Means Committee staff and is intended to provide a concise presentation of all additions, deletions, re-estimates and policy changes that are provided in the Assembly proposal, embodied in Assembly Resolution E. 107. The budget proposal of the Assembly Majority addresses each appropriation, as well as programmatic language that was first advanced in the Executive Budget.

All Funds	192,730	196,023	208,311	12,288

All Funds

The All Funds Budget is the broadest measure of spending; it accounts for unrestricted and restricted State funds as well as funds received from the Federal government.

The Assembly proposes an All Funds budget of \$208.3 billion for State Fiscal Year (SFY) 2021-22, which is \$12.3 billion over the Executive Plan. This is largely attributed to \$3.7 billion in restorations of the Executive's proposed local aid reductions and withholdings; and commitments to school aid, higher education, housing, rental assistance, small businesses, childcare, excluded workers and other programs.

The Assembly All Funds receipts are estimated at \$206.2 billion, which represents an increase of \$13.4 billion over the Executive Plan and an increase of \$10.0 billion or 5.1 percent above SFY 2020-21 estimates. This is mainly attributed to \$3.3 billion in Federal receipts from childcare and Medicaid; \$3 billion in additional unrestricted Federal aid; a \$2.7 billion increase in personal income tax over the Executive level; \$1.7 billion in business and other taxes; and \$1.4 billion in consensus revenues.

State Funds

State Funds spending consists of the General Fund, Debt Service Funds, Capital Projects Funds and Other State Funds. State Funds spending under the Assembly Plan is projected to total \$128.8 billion in SFY 2021-22, representing an increase of \$8.4 billion or 7.0 percent over the Executive's Plan, and an increase of \$14.4 billion over SFY 2020-21.

The Assembly estimates State Funds receipts in SFY 2021-22 will total \$125.0 billion, an increase of \$9.5 billion over the Executive Plan, and an increase of \$13.1 billion or 11.7 percent from SFY 2020-21.

State Operating Funds

The State Operating budget includes all State spending from the General Fund, State Special Revenue Funds, and Debt Service Funds. This measure excludes Capital Projects Funds and Federal spending. The Assembly Plan assumes State Operating Funds spending of \$113.3 billion, an increase of \$8.3 billion, or 7.9 percent over the Executive's estimate and an increase of \$11.1 billion or 10.9 percent over SFY 2020-21.

State Operating Fund receipts are estimated at \$113.8 billion, an increase of \$9.5 billion or 9.1 percent over the Executive Plan; and an increase of \$11.6 billion or 11.3 percent increase from SFY 2020-21.

General Fund

The General Fund is the primary operating fund of the State and accounts for all unrestricted tax revenue and other receipts not dedicated to a specific fund, program or activity. The General Fund receives monies from personal income taxes, sales and users taxes, business taxes, other taxes, miscellaneous receipts, and transfers from other funds.

The SFY 2021-22 Assembly Financial Plan proposal projects that General Fund spending will total \$91.6 billion. The proposed spending is \$9.3 billion over the Executive proposal. This is largely attributed to \$3.1 billion in restoration of the Executive's proposed local aid reductions and withholdings; and commitments to school aid, higher education, rental assistance, small businesses, childcare, excluded workers, and other programs.

The Assembly General Fund Spending represents an increase of \$16.9 billion or 22.6 percent from SFY 2020-21 estimated levels. This is attributed to additional spending and restoration actions of \$8.7 billion over the Executive proposed spending estimates of \$8.1 billion.

In SFY 2021-22, General Fund receipts are estimated to total \$90.6 billion. The proposed Assembly receipts are \$9.3 billion over the Executive forecast and \$15.0 billion or 19.8 percent over SFY 2020-21.

As part of the revenue consensus process, the Assembly agreed to increase the revenue forecast by \$1.0 billion in the current fiscal year and \$1.4 billion in SFY 2021-22. The Assembly proposal assumes this re-estimate and would provide additional sources of revenue to increase General Fund receipts by \$7.1 billion over the Executive Plan. Major actions include an increase

in the State Personal Income Tax surcharge for high income earners, which would generate an additional \$2.6 billion; the assumed receipt of an additional \$3 billion in unrestricted Federal aid; a surcharge on capital gains of 1 percent over \$1 million (\$701.4 million); and an expansion of business tax surcharge (\$1.0 billion).

The Assembly Budget estimates a closing fund balance \$8.87 billion at the end of SFY 2021-22, a \$3.1 billion increase from the Executive Plan. This is primarily attributed to an increase in revenue and various taxes.

Emergency Appropriations

- The Assembly modifies the Special Emergency appropriation (\$2 billion) to restore competitive bidding procedures and the authority of the Comptroller to review contracts.
- The Assembly provides \$10 billion to the Special Federal Emergency appropriation, for a total of \$45 billion and modifies the language to restore the approval of transfer of funds by Speaker of the Assembly, or the Chair of the Assembly Ways and Means Committee, and the Temporary President of the Senate, or the Chair of the Senate Finance Committee. The Assembly also restores legislative approvals to re-appropriations of SFY 2020-21 funds.
- The Assembly modifies the Special Public Health Emergency appropriation (\$6 billion) to restore competitive bidding procedures and the authority of the Comptroller to review contracts derived from this appropriation including conditions and limitations for the use of such funds and including the legislative approval of fund transfers.

- The Assembly provides \$4 billion to the Special Federal Emergency appropriation, for a total of \$13 billion and modifies language to make spending from the appropriation subject to legislative approval to allocate funds. The Assembly proposes to allocate a portion of the unrestricted Federal aid to offset state spending for the following initiatives:
 - \$1 billion for the Small Business Reopening and Relief Grant Program;
 - \$843 million for additional funding to supplement the State Emergency Rental Assistance Program;
 - \$250 million for the New York City Housing Authority;
 - \$180 million for SUNY expansion projects;
 - \$120 million for CUNY expansion projects;
 - \$125 million for additional Aid and Incentives to Municipalities (AIM);
 - \$100 million for the recovery of the New York arts community;
 - \$100 million for reimbursement of operating expenses incurred by nonprofit organizations respond to COVID-19;
 - \$60 million for public housing;
 - \$51.7 million for cost of living adjustments for Human Services programs;
 - \$50 million for the Nourish NY program;
 - \$40 million for anti-gun violence programs;
 - \$25 million for PPE reimbursement for OMH, OASAS and OPWDD voluntary providers;
 - \$25 million for the I Love New York Restaurants grant program;
 - \$20 million for Medication Assisted Treatment (MAT) for correctional facilities;
 - \$15 million for a Digital Inclusion grant program;
 - \$10 million for local fairs;
 - \$3 million for a statewide broadband availability study;
 - \$1 million for Many Threads, One Fabric Union-led Implicit Bias Training for public school educators;
 - \$900,000 for installation of broadband within state-operated congregate facilities; and
 - \$125,000 for medically fragile children.

Appropriations Preamble Language

- The Assembly does not include language in the preamble of the State Operations, Aid to Localities, and Capital Executive appropriation bills that would provide authority for the Division of Budget to:
 - withhold planned local assistance disbursements if unrestricted Federal aid of at least \$3 billion is not approved by August 31, 2021;
 - request and approve Federal aid spending plans from any agency or public authority;

- credit refunded amounts back to an original appropriation and reduce expenditures in the year the credit is received;
- reduce amounts owed to New York City if any State agencies incur any cost related to the administration of New York City's rent regulation program;
- withhold funding from any municipality with a police department that fails to submit a Police Reform Plan pursuant to Executive Order 203;
- require the Legislature to act on the Aid to Localities bill prior to the State Operations bill; and
- increase or decrease by interchange or transfer without limit, the amount of any state operations appropriations with any other appropriation of any department, agency or public authority.

SFY 2020-21 Estimated Closeouts

As part of revenue consensus, the Assembly Plan increases PIT receipts in SFY 2020-21 by \$1.02 billion as compared to the Executive's 30-day Financial Plan. Additionally, the Assembly Plan does not include the prepayment of \$1.6 billion in SFY 2020-21 of debt service due in SFY 2022-23 through SFY 2024-25. As a result, the SFY 2020-21 General Fund closing balance is estimated at \$9.86 billion, an increase of \$2.6 billion over the Executive proposal.

Revenue

Pursuant to the provisions of Section 23 of the State Finance Law, the Director of the Budget, the Secretary of the Senate Finance Committee, and the Secretary of the Ways and Means Committee are required to issue a joint report containing a consensus economic forecast and revenue estimate, no later than March 1st.

If there is a failure to issue a consensus report, the State Comptroller is required, no later than March 5th, to provide estimates of available revenues for the current and upcoming fiscal year.

The Executive and the Legislature reached consensus and provide the following update:

ECONOMIC AND REVENUE CONSENSUS REPORT FY 2022

This report contains the results of the consensus economic and revenue forecasting process conducted by the Executive and the Legislature in advance of the enactment of the FY 2022 Budget, pursuant to the provisions of Chapter 309 of the Laws of 1996.

The Consensus Forecasting Conference was held on February 24, 2021. Based on the testimony of experts at the Conference, the baseline outlook for both the economy and revenue remains highly uncertain and vulnerable to the effects of the COVID-19 pandemic. However, the national and state economies are expected to continue the current recovery path, both of which benefit from the increased availability of vaccines as well as substantial federal stimulus aid and supportive monetary policy.

Economic Forecast Review

The economic forecasts contained in the Executive Budget and Legislative reports portray recovering national and state economies for both the 2021 and 2022 calendar years. It is important to note that all parties' forecasts were completed prior to the February 24 Consensus Forecasting Conference.

All parties agree that the national economy, as measured by inflation-adjusted Gross Domestic Product, will recover robustly in 2021, following an unprecedented 3.5 percent decline in 2020. The consensus forecast for U.S. real GDP growth for 2021 is 5.7 percent, inclusive of additional federal fiscal stimulus, followed by growth of 3.7 percent for 2022.

All parties expect national employment growth to continue to recover. The consensus forecast calls for employment growth of 2.8 percent in 2021 and 3.6 percent in 2022, following a dramatic decline of 5.7 percent in 2020. All parties expect a higher rate of consumer price inflation for 2021 and 2022, as measured by the Consumer Price Index. All parties consent to an inflation rate projection of 2.3 percent for 2021 and 2.4 percent for 2022. Consistent with expectations pertaining to both employment and inflation, all parties consent to a wage growth

projection of 6.7 percent for 2021 and 5.2 percent for 2022, following growth of just 0.6 percent for 2020. Similarly, all parties consent to a personal income growth projection of 5.7 percent for 2021 and a decline of 0.6 percent for 2022, following growth of 6.3 percent for 2020. The consensus forecast for U.S. corporate profits, with capital consumption and inventory valuation adjustments included, calls for a recovery in 2021 with growth of 6.4 percent in 2021 and 5.1 percent in 2022. All parties agree that the yearly yield on 3-Month Treasury bills will average 0.2 percent in 2021 and 0.3 percent in 2022, based on the parties' baseline forecast assumptions.

The parties agree that payroll employment in New York State will increase by 8.8 percent in FY 2022, following a dramatic 12.1 percent decline in FY 2021. The consensus forecast for personal income growth is 6.5 percent for FY 2021 and 2.8 percent for FY 2022. The consensus forecast calls for wage growth of 6.4 percent for FY 2022, following a decline of 2.6 percent for FY 2021.

Note: The Senate and Assembly Minority construct their personal income and wage series based on BEA data, whereas all other parties use NYS Department of Labor QCEW data; the two series can deviate substantially from one another.

All parties agree that there are multiple and elevated risks to the economic outlook for the national and state economies. Any unanticipated setbacks to the ongoing efforts to contain the spread of the Coronavirus, and therefore the sustainable re-opening of all sectors of the economy, will continue to be a significant downside risk to the economic and revenue forecasts, as it directly impacts the financial markets, global supply chains and trade.

In contrast, a quick resolution of the Coronavirus pandemic, both domestically and internationally, will lead to stronger growth in output, employment, wages and corporate profits than reflected in the consensus forecast.

Risks to both the national and the New York forecasts also stem from monetary and fiscal policy actions. Higher interest rates than reflected in the consensus forecast could hamper the housing recovery and reduce business investment and hiring. As the world's financial capital, New York could be negatively affected should interest rates materially deviate from the pace that is reflected in the consensus forecast. All parties identify the financial market outlook as critical for the health of the state economy and the underlying tax base. The impact of the federal tax law changes on taxpayer behavior, especially the state and local taxes (SALT) deduction limitation, will continue to present a major source of risk to the state's housing market, especially in certain downstate markets. In addition, all parties agree that the spread of the Coronavirus has substantially impacted the commuting and teleworking patterns of workers with implications for the economic and fiscal outlook of the State.

Revenue Forecast Review

Section 23 of the State Finance Law defines receipts subject to consensus as the combined total of All Funds tax receipts, General Fund miscellaneous receipts and lottery revenues. The revenue estimates from all parties for FY 2021 and projections for FY 2022 exhibited significant variance, but participants reached consensus on a two-year revenue total that is \$2.453 billion above the Executive Budget estimate.

In addition to the risks mentioned above, the following risk factors could affect actual results during the next 13 months:

- the growth in financial sector bonus payments in the first quarter of calendar year 2022;
and,
- the timing of the ongoing economic recovery and the efforts to contain and, hopefully, eradicate, the Coronavirus as a threat to the national and state economies.

SFY 2021-22 Assembly Tax and Revenue Proposals

- **Part A – Personal Income Tax (PIT) High Income Surcharge:** The Assembly modifies the Executive’s proposal to establish a new progressive PIT surcharge on taxpayers with incomes over \$5 million, to instead increase current 8.82 percent rate to 9.85 percent and to establish two new brackets as follows: 10.85 percent for taxpayers between \$5 million and \$25 million and 11.85 percent for taxpayers over \$25 million. The Assembly does not include language that would allow for high income earners to prepay their liability and to receive an out-year tax deduction.
- Part B – Intentionally Omitted.
- **Part C – Pass-Through Entity Tax:** The Assembly modifies the Executive proposal to establish an optional pass-through entity tax, to accelerate the implementation date to include tax year 2020; allow additional eligible businesses to participate in the program; expand the types of income eligible for the tax; and provide for a progressive rate for filers with incomes over \$5 million.
- **Part D – Employer Child Care Credits:** The Assembly modifies the Executive proposal to establish a child care credit component to the Excelsior Jobs Program and to expand the Employer Provided Child Care Credit, to allow additional businesses to participate in the Excelsior program if they provide child care for their employees. In addition, the Assembly would accelerate, by one year, the effective date for the employer sponsored child care credit expansion.
- **Part E – Modify and Simplify Various Business Tax Provisions:** The Assembly accepts the Executive proposal to eliminate a \$15 per trip tax on foreign bus and taxicab corporations that make trips into the State of New York; and to eliminate the State S-corporation election requirement, and require all federal S corporations to be treated as such for New York tax purposes.
- **Part F – Modify the Film Tax Credit:** The Assembly accepts the Executive proposal to extend the Empire State Film Production Credit and the Film Post Production Credit for one year, through tax year 2026; remove the exemption for pilots from the minimum project budget requirements; and modify the Post Production Credit to expand the jurisdictions that are eligible to receive the 10 percent supplemental tax credit for labor costs to include: Columbia, Dutchess, Greene, Orange, Putnam, Rensselaer, Saratoga, Sullivan, Ulster, Warren, and Washington counties.
- **Part G – Increase Wage and Withholding Filing Penalty:** The Assembly modifies the Executive proposal to increase the penalty imposed on employers for failure to provide complete and accurate wage reporting and withholding reports, to accept the increase in the penalty from \$50 per employee to \$100 per employee, but to increase the maximum

penalty from \$10,000 to \$20,000 per employer, instead of the \$50,000 maximum proposed by the Executive.

- Part H – Intentionally Omitted.
- Part I – Intentionally Omitted.
- **Part J – Eliminate the State Racing Admissions Tax:** The Assembly modifies the Executive proposal to eliminate the four percent State racing admissions tax and instead apply the four percent sales tax to such transactions, to remove certain data sharing provisions.
- **Part K – Sales Tax Refunds Interest Payments:** The Assembly modifies the Executive proposal to increase the amount of time that the Tax Department has to review sales tax refund claims of over \$100,000 without accruing interest, to accept certain technical amendments, but remove proposed provisions extending the interest-free period from three to six months.
- Part L – Intentionally Omitted.
- **Part M – Extend Dodd-Frank Protection Act Related Sales Tax Exemptions:** The Assembly accepts the Executive proposal to extend, for three years, the sales tax exemption provided to financial institutions that are required under federal law to create subsidiaries and then transfer the property or services to those subsidiaries without the transfer being considered a taxable sale.
- **Part N – Sales Tax Remote Vendor Registration:** The Assembly accepts the Executive proposal to make technical changes to clarify that the vendors with no physical presence in New York must only register and collect sales taxes if they have \$500,000 in sales over the previous four quarters.
- **Part O – Enhance Real Estate Transfer Tax (RETT) Compliance:** The Assembly accepts the Executive proposal to add responsible billing language to RETT current law; prohibit sellers from passing on the basic RETT to buyers; and exempt certain entities that are members of LLCs from having to disclose all of their members/shareholders on a RETT return form in the sale of a building with four residential units or less.
- **Part P – Modify Cigarette Vendor Enforcement:** The Assembly modifies the Executive proposal to prohibit a retail dealer with revoked or suspended cigarette licenses from possessing any taxed cigarettes and tobacco products during the period of revocation or suspension, to remove language that would presume that such possession represents an “intent to sell” and remove language providing the authority for the Tax Department to suspend a retailer’s sales tax authorization for such violations.

- **Part Q – Simplify Certain Tax Filing and Reporting Requirements:** The Assembly accepts the Executive proposal to reduce the tax filing frequency for certain low volume alcoholic beverage tax (ABT) and highway use tax (HUT) taxpayers to allow them to remit taxes on a quarterly or annual basis.
- **Part R – Modify the Collection of the Taxicab Tax and Congestion Surcharge:** The Assembly accepts the Executive proposal to transfer the responsibility for the collection, reporting and remittance of the taxicab tax and congestion surcharge from individual agents, medallion owners and HAIL vehicle owners to the technology service providers that arrange for their trips.
- **Part S – Tax Preparer Regulation and Enforcement:** The Assembly modifies the Executive proposal to amend various tax preparer oversight provisions, to eliminate language establishing a new daily penalty and to modify the proposed language to maintain a 30 day penalty cure period. The Assembly accepts the language requiring the prominent posting of certain information and increasing in the existing penalties.
- Part T – Intentionally Omitted.
- Part U – Intentionally Omitted.
- **Part V – School Tax Relief (STAR) Program:** The Assembly modifies the Executive proposal to transfer mobile home owners from the STAR exemption program to the STAR credit program, to have such owners transferred automatically, and to ensure they receive proper notification from the Tax Department. The Assembly removes the Executive proposals to: close the Enhanced STAR Exemption Program to new applicants and require newly-qualified taxpayers to enroll in the Enhanced STAR Credit Program; require that property owners who want to switch from the STAR exemption to the STAR credit must do so by May 1; authorize the Tax Department to provide reports of deceased persons to local assessors directly; and modify the STAR exemption appeals process to have any appeals determined by the Tax Department, rather than by the State Board of Real Property Tax Services
- Part W – Intentionally Omitted.
- Part X – Intentionally Omitted.
- **Part Y - Authorize Mobile Sports Wagering and Establish a Casino Tax Rate Petition Process:** The Assembly modifies the Executive proposal to legalize mobile sports wagering within New York State, to replace the Executive’s centralized procurement model with an alternative structure operating through the existing New York State casinos, to establish a 12 percent tax on gross gaming revenue, and to establish a \$12 million licensing fee for each participating platform. The Assembly does not include the proposed language establishing a process for casinos to petition for a lower tax rate.

- Part Z – Intentionally Omitted.
- Part AA – Intentionally Omitted.
- **Part BB – Modify Restriction on Lottery Draw Game Offerings:** The Assembly modifies the Executive proposal to eliminate a current law restriction that limits the number of daily offerings of Pick 10, Take 5, Lotto and future lottery games tickets to a single daily offering, to instead authorize these games no more than twice daily, and to add a one year sunset with a reporting requirement.
- **Part CC – Transfer the Gaming Inspector General to the State Inspector General:** The Assembly modifies the Executive proposal to consolidate the function of the Gaming Inspector General under the Authority of the Office of the State Inspector General, to require a report on the activities of the Office, include additional protections for civil service employees, and remove the proposed changes relating to statements made by Commission officers or employees to the Gaming Inspector General.
- **Part DD – Extend Pari-Mutuel Tax Rate and Simulcast Provisions:** The Assembly accepts the Executive proposal to extend the current pari-mutuel tax rate structure and other racing-related provisions for one year.
- **Part EE – Extend the Alternative Fuels Exemption:** The Assembly accepts the Executive proposal to extend the existing full exemptions of E-85, compressed natural gas and hydrogen, and the partial exemption of B-20 from motor fuel, petroleum business and state and local sales taxes, for five additional years, until September 1, 2026.
- **Part FF - Extend the Farm Workforce Retention Credit:** The Assembly accepts the Executive proposal to extend the \$600 per employee Farm Workforce Retention Credit for three years, through tax year 2024.
- **Part GG - Extend and Increase the Low-Income Housing Credits:** The Assembly modifies the Executive proposal to extend the low-income housing tax credit for five years and to increase the amount of the credit, to increase the annual amount by \$15 million per year, instead of the \$8 million annual increase proposed by the Executive.
- **Part HH – Modify the Musical and Theatrical Production Credit:** The Assembly accepts the Executive proposal to extend the musical and theatrical production credit for regions outside of New York City for an additional four years, through January 1, 2026, and increase the annual credit cap from \$4 million to \$8 million.

- **Part II – Extend the Hire-A-Vet Credit for Two Years:** The Assembly accepts the Executive proposal to extend the Hire-a-Vet Credit for an additional two years, to taxable years beginning before January 1, 2024, for employment commenced before January 1, 2023.
- **Part JJ - Extend the Economic Transformation and Facility Redevelopment Program:** The Assembly modifies the Executive proposal to extend the Economic Transformation and Facility Redevelopment Program tax credits for an additional five years, to instead extend these provisions for one additional year.
- Part KK – Intentionally Omitted.
- Part LL – Intentionally Omitted.
- **Part MM – Expand the Earned Income Tax Credit (EITC):** The Assembly includes language to increase the State EITC from 30 percent to 40 percent of the federal EITC credit.
- **Part NN – Establish a Capital Gains Surcharge:** The Assembly includes language to establish a new one percent surcharge on the capital gains of taxpayers with adjusted gross incomes of over \$1 million per year.
- **Part OO – Establish a Corporate Tax Surcharge:** The Assembly includes language to establish a new 18 percent surcharge on the tax liability of corporate franchise taxpayers, corporate utility taxpayers and insurance taxpayers, with tax liability over certain minimum thresholds.
- **Part PP – Modify Small Businesses Taxation:** The Assembly includes language to make various changes related to the taxation of small businesses, including proposals to:
 - reduce the Corporate Franchise Tax rate from 6.5 percent to 4 percent for businesses with 100 or fewer employees with a net income of \$390,000 or less;
 - increase the existing sole proprietor and farm business income deduction from the current 5 percent to 15 percent for small businesses that are paying taxes through the personal income tax and that have less than \$250,000 of small business income;
 - modify the existing Investment Tax Credit to make it refundable for taxpayers whose primary source of income is from farming operations; and
 - eliminate the estimated tax underpayment penalty for New York S corporations.
- **Part QQ – Expand the Historic Rehabilitation Credit:** The Assembly includes language to expand the existing Historic Rehabilitation Credit, to increase the eligible reimbursement from 20 percent to 30 percent, for projects under \$2.5 million.

- **Part RR – Expand the Excelsior Program to Public Housing:** The Assembly includes language to expand the Excelsior Jobs Program to include community significant projects that are located in the leased space of publicly owned housing developments. Eligible employers would be required to prioritize the employment and/or training of current public housing residents; and to create or maintain five new jobs or make a capital investment of more than \$1 million.
- **Part SS – Location Requirement Waiver for Tax Credits:** The Assembly includes language to allow the Tax Department to waive the location requirement for certain tax credits if the eligible business required its employees to work from home due to the COVID-19 pandemic.
- **Part TT – Reinstate the Capital Base Tax:** The Assembly includes language to reinstate an alternative minimum tax on business corporations at the rate of 0.15 percent the taxpayer's total business capital.
- **Part UU – Repeal the Local Sales Tax Intercept:** The Assembly includes language to repeal the authorization for the state to intercept \$250 million in county sales tax revenue to provide payments to distressed providers. Any additional payments made by the Department of Health to these providers would be supported with General Fund resources.
- **Part VV – Establish a Mezzanine Debt Recording Tax:** The Assembly includes language to apply the existing mortgage recording taxes to any mezzanine debt or preferred equity investment (subordinate debt) that is acquired along with a secured base mortgage. This would include the basic tax of \$0.50 per \$100 of debt, the special additional tax of \$0.25 per \$100 of debt; and the additional tax of \$0.25 per \$100 of debt outside of the Metropolitan Commuter Transportation District (MCTD) and \$0.30 per \$100 of debt within the MCTD.
- **Part WW – Establish a Pied-a-Terre Tax:** The Assembly includes language to establish a progressive state tax on the owners of certain high-value secondary homes in New York City, consisting of a sliding tax rate, which is based on the type of real property and value of the home. For family residences of one to three units, the tax would range from 0.3 percent to 4 percent of the property's market value over \$5 million. For condominiums and co-operatives, the rate would range from 10 percent to 13.5 percent of the properties assessed value in excess of \$300,000.
- **Part XX – Modify the Estate Tax:** The Assembly includes language to increase the top rate of the estate tax by four percentage points, from 16 percent to 20 percent, for estates with a value over \$10.1 million.
- **Part YY – New York City Small Business Recovery Credit:** The Assembly includes language to authorize the City of New York to establish a \$50 million small business tax credit, which would support businesses in the accommodation sector; the arts, entertainment and

recreation sector; and the food services sector. The credit would be equal six percent of the rent expense incurred by the business in 2021, up to a maximum of \$10,000 per entity.

- **Part ZZ – Breast Pump Sales Tax Exemption:** The Assembly includes language to clarify that breast pump replacement supplies are excluded from sales tax.
- **Part AAA – Nassau County Property Tax Exemption:** The Assembly includes language to provide an exemption from real property taxation on the increase in market value due to certain capital improvements and new construction of class one properties located in Nassau County. For eligible properties, the exemptions would phase-out over an eight-year period.
- **TED Part TT – Pandemic Recovery and Restart Program:** The Assembly modifies the Executive proposal to establish a small business return-to-work tax credit (\$50 million); a restaurant return-to-work tax credit (\$50 million), and a New York City musical and theatrical production tax credit (\$25 million) to support certain businesses that have been disproportionately impacted by the COVID-19 pandemic, to modify the small business credit to make it advanceable in the upcoming fiscal year and to also add reporting language for the new credits.
- **ELFA Part U – Housing Development Fund Corporation Sales Tax Exemption:** The Assembly accepts the Executive proposal to clarify the eligibility of not-for-profit Housing Development Fund Corporations that enter into a regulatory agreement with the Division of Homes and Community Renewal or the New York City Department of Housing Preservation and Development to qualify for a sales tax exemption to support the development of affordable housing.

Executive Revenue Proposals that are Not Included

- **Part B – Delay PIT Middle Class Tax Cuts:** The Assembly does not include the Executive proposal to delay the phase-in of the middle-class PIT cut, which began in 2018 and is currently scheduled to be fully phased-in by 2025.
- **Part H – Cannabis Regulation and Taxation Act:** The Assembly proposes to continue discussions with the Executive and the Senate to provide for the legalization and regulation of the cultivation, production, sale of cannabis and cannabis products for adult-use, expanding the existing medical cannabis program and address the collateral consequences of the criminalization of cannabis.

The Assembly supports the establishment of a centralized regulatory approach for the licensure and regulation of medical, adult-use and hemp-based cannabis and cannabis products and businesses through the creation of a regulatory body comprised of legislative

and executive appointments, as well as ex-officio agency representation from agencies involved in implementation.

The Assembly also supports provisions to: reduce criminal penalties attributed to future cannabis related activity; expand the ability of individuals to vacate or expunge certain lower level past cannabis convictions; protect legal rights in the workplace; ensure appropriate standards and protections are in place as it relates to public assistance, child care workers, foster parents and investigations of child abuse, neglect, and endangerment involving the use of cannabis ; provide access to business mentoring, application process assistance, incubators, capital and other social equity programs necessary to support the long-term success of social and economic equity applicants as part of a plan to award 50 percent of adult-use cannabis licenses to individuals in communities that have been disproportionately impacted by past criminalization of cannabis, communities of color, minority- and women-owned business, disadvantaged farmers and service-disabled veterans; establish a reasonable tax structure related to the sale of adult-use cannabis; provide for personal cultivation; ensure access to medical cannabis is maintained and expanded; recognize community priorities through local opt-out provisions from the adult-use market; and other priorities deemed necessary and appropriate.

The Assembly maintains that it is critically important that revenue generated from legalization of cannabis be invested in communities that have been disproportionately impacted by past criminalization of cannabis, including creating a Community Grants Reinvestment Fund. Therefore, the Assembly will further continue discussions on how to direct revenue to ensure that funds will be used for: public education; job creation, skills development and training; social justice and reentry services for impacted communities; substance use disorder services and mental health services; community-based supportive services; expanded training for state and local law enforcement to maintain driver safety; and any other uses deemed necessary and appropriate.

- **Part I – Modify Taxation of the Vacation Rental Industry:** The does not include the Executive proposal to impose existing sales taxes on vacation rentals; make vacation rentals in New York City subject to the same use fee paid on hotel stays; and require vacation rental marketplace providers that facilitate vacation rental transactions, collect sales tax on the vacation rentals that they facilitate.
- **Part L – Local Sales Tax Authorizations:** The Assembly does not include the Executive proposal to make permanent all current law local sales tax rate authorizations and provide the 57 counties outside of New York City, and the five cities that currently have additional tax rates, with permanent authority to impose a one percent additional rate of sales tax, or their currently authorized additional rate, whichever is higher.
- **Part T – Tax Tribunal Appeals:** The Assembly does not include the Executive proposal to provide the Tax Department with the right to appeal adverse Tax Appeals Tribunal

decisions. Under current law, only taxpayers may seek additional judicial review of an adverse determination.

- **Part U – Modernize and Merge Real Property Tax Forms and Processes:** The Assembly does not include the Executive proposal to combine the property transfer form and the real estate transfer tax form into a consolidated real property transfer form and to create an online system for e-filing and paying the associated taxes and fees.
- **Part W – Make Technical and Conforming Changes to Real Property Tax Law:** The Assembly does not include the Executive proposal to make various technical changes, including proposals to:
 - establish that a majority of the duly appointed members of the State Board of Real Property Tax Services constitutes a quorum for the transaction of business. The board consists of five members, however, two of the seats are currently vacant;
 - repeal an obsolete section of law related to local reassessment that expired in 1981;
 - remove a reference to the State Board of Real Property Tax Services that was erroneously left in law when the board and the Office of Real Property Tax Services (ORPTS) were merged into the DTF 2010;
 - allow the cancellation of hearings on various tentative ORPTS determinations when no complaints have been filed; and
 - clarify the local option exemption requirements relating to population restrictions and filing requirements.
- **Part X – Promote the Development of Renewable Energy Projects:** The Assembly does not include the Executive proposal to extend the existing real property tax exemption for renewable energy projects from 2025 until 2030, and to establish a statewide, standardized approach for real property tax assessment for such projects.
- **Part Z – Authorize a Request for Information for Gaming Facility Licenses:** The Assembly does not include the Executive proposal to authorize the New York State Gaming Commission to issue a Request for Information (RFI) for the purpose of soliciting interest regarding the three unawarded gaming facility licenses.
- **Part AA – Eliminate Quick Draw Restrictions:** The Assembly does not include the Executive proposal to eliminate restrictions limiting sales of Quick Draw tickets to premises larger than 2,500 square feet only, and the restriction requiring that a person must be 21 years of age to play Quick Draw on premises where alcoholic beverages are served.

- **Part KK – Delay Implementation of the Secure Choice Program:** The Assembly does not include the Executive proposal to extend the statutory deadline for implementing the Secure Choice Program, from April 12, 2020 to December 31, 2021.
- **Part LL – Temporarily Suspend Certain Racing Support Payments:** The Assembly does not include the Executive proposal to temporarily suspend racing support obligations from the Rivers Casino to the Saratoga Racino and Raceway while any COVID-19 related restrictions are in effect for either facility. These payment obligations would resume accruing once each facility operates without any COVID-19 related restrictions for six full and consecutive calendar months.

 - **to allow for the Attorney General to appoint a monitor to oversee any police agency that fails to comply with the executive order for the New York State Police Reform and Reinvention Collaborative;**

- to create an arrest warrant prohibitor to bar the purchase of a firearm, rifle, or shotgun by individuals who are the subject of an outstanding warrant for a designated serious offense or felony charge; and
- to clarify in statute when a gun must be reported to the criminal gun clearinghouse and require all state and local law enforcement agencies in the state to opt-in to the gun tracing program of the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF); require the test firing of certain guns, or submission of information regarding certain ammunition cartridges, for entry into the National Integrated Ballistic Information Network; and require each gun seized or recovered by law enforcement to be run through the National Crime Information Center (NCIC) system to determine if the gun has been reported stolen.

Assembly Budget Proposal SFY 2021-22 State Board of Elections

The Assembly provides an All Funds appropriation of \$47.96 million, an increase of \$32.07 million over the Executive proposal.

State Operations

- The Assembly provides \$17.96 million, an increase of \$2.07 million for regulatory operations.

Aid to Localities

- Not Applicable.

Capital Projects

- The Assembly provides \$30 million in capital funding for various expenses of the state and local board of elections. The State Board of Elections would provide up to \$6.5 million and the remainder shall be allocated to local boards of elections and administered by the State Board of Elections.

Article VII

- The Assembly modifies legislation that would expand early voting hours by requiring early voting sites to be open for a minimum number of consecutive hours.
- The Assembly does not include an Executive proposal to include judges and their immediate family under existing protections for domestic violence victims that keep records including their personal information private, and allow these individuals to omit their home address from public display where it is otherwise required by the Election Law.
- The Assembly will address election reforms outside of the budget and does not include Executive proposals that would:
 - reform the absentee ballot voting process to increase by 15 days the period in which absentee ballots may be requested;

- **require County Boards of Elections to mail absentee ballots within four days of receiving an absentee ballot application, except between seven and ten days prior to an election, when boards must mail absentee ballots within 24 hours of receiving the absentee ballot application;**
- **authorize County Boards of Elections to begin processing absentee ballots as they are received and to begin counting absentee ballots on Election Day; and**
- **establish a uniform timeline for counties to initiate recounts for close elections and would require recounts be completed within five days.**

- The Assembly does not include the Executive proposal that would create the Office of Addiction and Mental Health Services.

Assembly Budget Proposal SFY 2021-22 Office of Mental Health

The Assembly provides an All Funds appropriation of \$4.5 billion, an increase of \$71.5 million over the Executive proposal.

State Operations

- The Assembly restores \$22 million in funding to preserve 200 inpatient beds from state-operated psychiatric facilities. This funding would also preserve 280 full time equivalent (FTE) positions. The Assembly modifies the Executive Article VII language that would extend the requirement for OMH to reinvest savings from inpatient psychiatric bed closures, by setting aside \$4.4 million, or 20 percent to be used by community-based mental health programs to recruit and retain its workforce.
- The Assembly denies the conversion of Rockland Children's Psychiatric Center (RCPC) to a voluntary-operated center and restores \$8 million to preserve 15 inpatient beds and prevents beds to be transferred to NYC Children's Psychiatric Center in Bronx, NY. This funding would also preserve 75 FTE positions.
- The Assembly restores \$4 million to preserve 100 residential beds in State-operated facilities and 50 FTE positions.

Aid to Localities

- The Assembly provides \$25 million in funding to reimburse OMH, OASAS and OPWDD community-based providers for PPE costs incurred as a result of the COVID-19 pandemic.
- The Assembly restores \$17.2 million for local assistance payments for non-residential programs under OMH.
- The Assembly does not include the Executive language that would defer, for one year the human services COLA, and instead authorizes a COLA starting on April 1, 2021. This would result in an increase of \$15 million for OMH providers in SFY 2021-22.
- The Assembly provides \$10 million in funding to support statewide crisis intervention services and programs, including Crisis Intervention Training (CIT) and Mental Health First Aid training for law enforcement, first responders or local entities; mobile crisis teams which includes interdisciplinary teams of health and mental health professionals; implicit

bias training; and other alternative or innovative approaches related to community-based public safety crisis response.

- The Assembly restores \$4.5 million and includes an additional \$1.5 million to fund the Dwyer Veteran Peer-to-Peer Services for a total of \$6 million.
- The Assembly provides \$3 million in funding for Crisis Intervention Teams.
- The Assembly modifies the Executive proposal of \$1 million to develop a suicide prevention program for veterans and first responders.

- The Assembly provides \$300,000 for supportive services targeting individuals and their families who are managing or recovering from substance use or mental health disorder and transitioning from different types of settings.
- Due to the increasing need for mental health services resulting from many factors including the COVID-19 pandemic, the Assembly recognizes the need for a mental health workforce that can meet the demand for mental health services. The Assembly will commit to working with the Senate and the Executive to alleviate workforce challenges for voluntary nonprofit agencies, increase access to care, and remove barriers to treatment. The Assembly will also consider policies and initiatives that will assist New York's mental health programs to recruit and retain a workforce of mental health professionals, who are appropriately trained to provide comprehensive care that meets the mental health needs of those who require treatment.

Capital Projects

- The Assembly accepts the Executive proposal and recommends no changes.

Article VII

- The Assembly modifies the Executive proposal to extend the use of time limited demonstration programs, by requiring the Office of Mental Health (OMH) to include information on the progress of demonstration programs in its statewide comprehensive plan.

- The Assembly modifies the Executive proposal to extend the requirement for OMH to reinvest savings from inpatient psychiatric bed closures by setting aside 20 percent of the savings for recruitment and retention of the community-based mental health workforce.
- The Assembly does not include the Executive proposal that would suspend notification and community reinvestment requirements for the closure of a facility operated by OMH and authorize OMH to close, consolidate, reduce, transfer or otherwise redesign services of hospitals, other facilities and programs operated by the office.
- The Assembly proposes to modify the Executive proposal that would authorize the commissioner of OMH to impose sanctions on service providers for operating certificate non-compliance and develop a schedule of fees for processing operating certificates by maintaining the current non-compliance penalties and requiring revenue generated from the processing fees be deposited into the mental health anti-stigma fund instead of directing the revenue into the general fund.
- The Assembly modifies the Executive proposal that would create crisis stabilization centers and expand Assisted Outpatient Treatment (AOT) court orders and involuntary commitment for individuals with mental illness, removing language to expand AOT orders and involuntary commitment, and clarify that crisis stabilization services are voluntary; grant authority for a crisis center to determine through assessment if they can meet a person's service needs, and direct or refer a person to a higher level of care, if deemed appropriate; require the commissioners of the OMH and the OASAS to develop educational materials on crisis stabilization services and provide crisis intervention training, mental health first aid and implicit bias training in the catchment area of a crisis center for law enforcement first responders, and other local entities.
- The Assembly does not include the Executive proposal that would create the Office of Addiction and Mental Health Services.
