### All Funds

The All Funds Budget is the broadest measure of spending; it accounts for unrestricted and restricted State funds as well as funds received from the federal government.

The Enacted budget All Funds is estimated at $220.5 billion for State Fiscal Year (SFY) 2022-23, which is $4.0 billion over the Executive plan, including major investments such as $950 million for the Emergency Rental Assistance Program (ERAP), $800 million for hospitals, $290 million for childcare, $268 million for childcare providers stabilization, $250 million for utility arrears relief, $200 million for childcare market rate, $125 million for the Landlord Rental Assistance Program (LRAP), $125 million for Universal Prekindergarten (UPK), $100 million for SUNY/CUNY Operating support, among other things.

All Fund disbursements represent an increase of $7.5 billion from SFY 2021-22 estimated levels primarily in local assistance grants, capital projects, and General State Charges.

The Enacted Financial Plan All Funds receipts are estimated at $212.8 billion, which represents an increase of $1.2 billion over the Executive Plan and a decrease of $33.8 billion or 13.7 percent below SFY 2021-22 estimates primarily in federal grants and accounting change of tax receipts.

### State Funds

State Funds spending consists of the General Fund, Debt Service Funds, Capital Projects Funds and Other State Funds. State Funds spending is projected to total $137.9 billion in SFY 2022-23, representing an increase of $2.9 billion or 2.2 percent over the Executive’s Plan and an increase of $9.2 billion or 7.1 percent over SFY 2021-22.
The Enacted Financial Plan estimates State Funds receipts in SFY 2022-23 will total $127.1 billion, an increase of $128 million over the Executive Plan, and a decrease of $19.7 billion or 13.4 percent from SFY 2021-22.

**State Operating Funds**

The State Operating budget includes all State spending from the General Fund, State Special Revenue Funds, and Debt Service Funds. This measure excludes Capital Projects Funds and federal spending. The Enacted Plan assumes State Operating Funds spending of $121.8 billion, an increase of $2.9 billion, or 2.5 percent over the Executive’s estimate and an increase of $6.6 billion or 5.7 percent over SFY 2021-22.

State Operating Fund receipts are estimated at $116 billion, an increase of $128 million or 0.1 percent over the Executive Plan; and a decrease of $21.5 billion or 15.6 percent from SFY 2021-22.

**General Fund**

The General Fund is the primary operating fund of the State and accounts for all unrestricted tax revenue and other receipts not dedicated to a specific fund, program or activity. The General Fund receives monies from personal income taxes, sales and users taxes, business taxes, other taxes, miscellaneous receipts, and transfers from other funds.

The SFY 2022-23 Enacted Plan projects that General Fund spending will total $98.4 billion, an increase of $7.7 billion or 8.5 percent from SFY 2021-22 estimated levels. The proposed spending is $2.9 billion over the Executive proposal and supports increased spending in Education, Health, Mental Health, Human Services and Higher Education.

In SFY 2022-23, General Fund receipts are estimated to total $92.8 billion. The Enacted Budget General Fund receipts are $128 million over the Executive forecast and $21.8 billion or 19.0 percent below SFY 2021-22 estimated levels.

**Reserves**

The Enacted Budget estimates the General Fund cash balance to be $27.5 billion at the end of SFY 2022-23, a decrease of $5.6 billion from SFY 2021-22 and a decrease of $145 million from estimates included in the Executive proposal.
Rainy Day Reserve Fund Increase

The Legislature maintains $4.3 billion in Rainy Day Reserves, unchanged from the Executive proposal and an increase of $920 million over SFY 2021-22.

The Legislature modifies an Executive proposal to authorize an increase to the maximum allowable Rainy Day Reserve Fund balance from five percent to 15 percent of the aggregate amount projected to be disbursed from the General Fund during the fiscal year immediately following the then-current fiscal year.

The Legislature modifies an Executive proposal to authorize the maximum allowable deposit into the Rainy Day Reserve Fund is also increased from 0.75 percent to three percent of the aggregate amount projected to be disbursed from the General Fund during the fiscal year immediately following the then-current fiscal year.
