December 15, 2010

Honorable Sheldon Silver
Speaker
New York State Assembly
Room 932 Legislative Office Building
Albany, New York 12248

Dear Mr. Speaker,

It is with great pleasure that I forward to you the 2010 Annual Report of the New York State Assembly Standing Committee on Veterans’ Affairs.

In early March, I was honored, Mr. Speaker, to be named by you as chair of this important committee. I hope to continue the Assembly tradition of leadership that has been established since the committee was created in 1983.

Several significant measures became law this year, including legislation that provides funeral directors, undertakers, and funeral firms in possession of cremated remains for more than one hundred and twenty days a method of determining if such remains are those of a veteran and how they may be disposed of, with the help of certain veterans’ service organizations. This legislation will significantly facilitate the interment of veterans’ unclaimed remains by removing the barriers that now exist, while effectively providing the legal protection necessary to funeral directors and veterans’ organizations alike as part of this noble endeavor.

Some of the other measures enacted into law included: extension of the statute of limitations for cases based on torturous exposure of military personnel in Indo-china to phenoxy herbicide (Agent Orange); requiring the division of veterans’ affairs to maintain a small business portal on the division’s website; and the extension at local option of the redemption period for residential property for certain persons deployed by the military to four or five years. Under the same measure, a local government entity may waive fees, interest, and penalties on foreclosed residential real estate that is being redeemed if the
default was caused by financial hardship as a result of military activation or the owner was killed in action.

While some of our legislative goals were achieved this past session, much more remains to be done. In 2011, the Committee will focus on the returning veterans who have served in Iraq and Afghanistan. Also among the issues the Committee will examine are homeless veterans and continued outreach to women veterans.

I wish to extend my appreciation and many thanks to the members of the Committee, the Committee staff, and the veterans of New York and to you, Mr. Speaker, for your unwavering support for veterans.

Sincerely,

William B. Magnarelli

I. COMMITTEE JURISDICTION AND SUMMARY

The Assembly Standing Committee on Veterans’ Affairs evaluates legislation affecting nearly one million New York State residents who selflessly served their nation in the United States armed forces. This number includes the 66,116 women veterans who volunteered to serve in the military. Their jobs have ranged from nurses to switchboard operators to driving trucks in combat situations. The Committee’s work is geared toward safeguarding programs and promoting legislation to benefit veterans and their families. In addition, the Committee maintains an ongoing dialogue with the veterans’ community and addresses developing issues affecting the lives of New York State veterans.

Veterans’ issues are affected by a number of titles of New York State statute, principally: Civil Service Law, Executive Law, Military Law, Education Law, Real Property Tax Law, Public Health Law, and Retirement and Social Security Law. Amendments to the State constitution that would affect veterans are also considered by the Committee. New York State currently offers a variety of veterans’ assistance programs, including a real property tax exemption program, educational assistance for certain veterans and their family members, and a state veterans nursing home program. The Committee was represented at the remembrance ceremony held at the New York State Korean War Memorial in Albany, New York, honoring those who served in the war, to mark the 60th Anniversary of the conflict. The Committee was also represented at the American Legion Department of New York Convention held in Syracuse, New York, and the two New York State Division of Veterans’ Affairs State Veteran Leaders meetings held in May and November.

This past Legislative session the Committee held six meetings at which it considered eighty bills and three resolutions. Seven bills passed both houses of the Legislature, four were signed into law, and three were vetoed.

While the Standing Committee on Veterans’ Affairs has jurisdiction over legislation that affects veterans’ benefits and programs that help veterans and their families, the Committee does not work alone. Some initiatives advanced by individual veterans and organizations are referred to other standing committees, such as Energy, Transportation, Health, Government Employees, Labor, and Corporations, Authorities, and Commissions. As a result, the Committee’s chair, members, and staff must work closely with other committees to ensure that this unique population’s needs are met. To meet this goal, the Committee may analyze legislation referenced to other Assembly standing committees and conduct joint public hearings with other committees.
II. 2010 LEGISLATIVE HIGHLIGHTS

A. Agent Orange Extender  
(A.9737, Espaillat; Chapter 118 of the Laws of 2010)

Dioxin is a chemical contaminant that was contained in Agent Orange, a herbicide used for defoliation in Vietnam from 1962 until 1971, as well as along the demilitarized zones in Korea in 1968-69, and at Fort Drum, New York, in 1959.

Agent Orange received its name from orange painted on barrels containing the herbicide. Other herbicides were also named this way, e.g., Agents White, Blue, Green, and Purple. The barrels were color-coded to make identification easier for shippers and handlers.

Herbicide-spraying operations were conducted to clear vegetation, denying the enemy camouflage or cover for ambush. Herbicides were also used to destroy enemy food crops and to clear base perimeters, landing zones, waterways, and communication lines. An estimated 11 million gallons of Agent Orange were sprayed in Southeast Asia.

Of the nearly 440,000 Vietnam-era veterans in New York State, roughly 131,000 engaged in active duty in Southeast Asia. Thus, the number of veterans in New York State who were exposed may be very high.

Since the time this statute of limitations was first enacted in 1981, diseases and/or conditions have been recognized by the federal Department of Veterans’ Affairs to be associated with Agent Orange. Among those cited include, but are not limited to: Hodgkin’s disease, prostate cancer, adult-onset diabetes mellitus (Type II), Parkinson’s disease, ischemic heart disease, hairy-cell leukemia, chloracne (skin disorder), multiple myeloma, Non-Hodgkin’s lymphoma, respiratory cancers, and soft-tissue sarcoma. There is also suggestive evidence of a relation between hypertension and herbicide exposure.

In 1981, legislation was enacted to allow former members of the armed forces to initiate action to recover damages from personal injury caused by exposure to phenoxy herbicides (Agent Orange) within two years from the date of discovery of the injury or within two years from the date such injury should have been discovered, whichever is later.

This chapter extends to June 15, 2012, the deadline for filing suits against the producers of Agent Orange. Those persons whose injury or death was caused by contact with or exposure to phenoxy herbicides and who served as members of the U.S. Armed Forces in Indo-China from December 22, 1961, through May 7, 1975, may apply.
B. **Veteran Remains**  
(A.10754-A, Magnarelli; Chapter 444 of the Laws of 2010)

To varying degrees, funeral directors find that they are left in possession of cremated remains which go unclaimed by any relative or loved ones, even after a funeral home routinely makes numerous efforts to contact the deceased’s surviving family member, if any. Many of them are veterans who have served our nation with honor. Veterans who served honorably in the United States Armed Forces deserve a proper burial. There is a risk that veterans whose remains are unclaimed, and not identified as veterans, will be buried in pauper graves.

This chapter provides funeral directors, undertakers, and funeral firms in possession of cremated remains for more than one hundred and twenty days a method of determining, if such remains are those of a veteran and how they may be disposed of, if so, to allow the respectful disposition of such remains to take place with the assistance of certain veterans’ service organizations.

C. **Property Redemption for those Deployed by the Military**  
(A.8641-C, Espaillat; Chapter 516 of the Laws of 2010)

Many service members experience hardship as a result of activation to duty and service to their country. Often, this hardship results in the foreclosure of the service member’s home. They can already redeem this property.

However, this chapter extends at local option the redemption time period for residential property for certain persons deployed by the military to four or five years. It also allows any local government entity to waive fees, interest, and penalties for the redemption of foreclosed residential real estate caused by financial hardship as a result of military activation or the owner’s death in action during activation.

D. **Veteran-owned Business Opportunities**  
(A.7093-B, Espaillat; Chapter 428 of the Laws of 2010)

Veterans in New York State have been and continue to be vital to the small business enterprises in the State. New York State seeks to assist veterans in playing a greater role in the economy by forming and expanding small business enterprises. One way to achieve this goal is to provide additional assistance and support to veterans to better inform them on how to become an owner of a small business and how to expand thereby enabling them to realize the American dream that they fought for and protected.

This chapter requires the Division of Veterans’ Affairs to maintain a small business portal on its website and to provide links to appropriate government programs, including but not limited to the United States Department of Veterans’ Affairs. The Division may consult with the New York State Small Business Development Center and any other appropriate state agencies. The information may also be made available in printed form.
III. VETOES OF NOTE

A. Creation of the New York State Interagency Coordinating Council  
   (A.8296-A, Espaillat; Veto Memo 6757)

This bill would create the New York State Interagency Coordinating Council for service-disabled veterans to provide accessible, coordinated, and specialized service to service-disabled veterans from multiplied state and local agencies.

In his veto message, the Governor contends that the creation of this council would replicate services already provided by the Federal government and that the Division of Veterans’ Affairs and other state councils are already charged with addressing veterans’ issues, including veterans that were disabled in active duty for our country. Also, there is no money within the enacted budget to fund the creation of such a council.

B. Addition of Representatives to Advisory Council  
   (A.10889, Paulin; Veto Memo 6721)

This bill would add a veterans’ provider representative and a veterans’ consumer representative to the advisory council of the Office of Alcohol and Substance Abuse Services (OASAS).

In his veto memo, the Governor maintained that point that his executive budget sought to reduce the members of state advisory councils.

C. Veterans Mental Health and Chemical Dependency Act  
   (A.11098, Magnarelli; Veto Memo 6786)

This bill would require the New York State Veterans’ Affairs Commission to develop and update, in consultation with the Office of Mental Health and the Department of Labor, a state interagency plan to improve outreach, assessment, and care for veterans and their families for mental health and/or substance abuse problems.

The Governor stated that the bill’s mandate would be duplicative of the work that is already being carried out by the Division of Veterans’ Affairs (DVA).
IV. BUDGET HIGHLIGHTS

A. The Division of Veterans’ Affairs

1. Veteran Counseling Services Program

The Division of Veterans’ Affairs (DVA) operates three principal programs. The largest is the Veterans Counseling Program, which provides counseling and claims services through a statewide network of State veterans’ counselors. The counselors, all of whom are veterans, and support staff help veterans complete and file applications for state, federal, and private benefits and services. Counselors also serve constituents through outreach to federal Department of Veterans Affairs medical centers, senior centers, state veterans’ nursing homes and local nursing homes, and public assistance offices. State veterans counselors help to ensure that active duty military personnel and their families receive the supplemental benefits to which they are entitled.

State veterans counselors receive professional training in veterans’ benefits counseling. When successfully completed, a certificate is awarded to allow these counselors to assist individual veterans to file claims with the U.S. Department of Veterans Affairs. Counselors receive on-going training, as well as technical information and manuals.

The SFY 2010-11 State budget appropriated $7,840,000 for services and expenses related to Veterans’ Counseling Services Program.

County and City Veterans Service Agencies

County and City Veterans’ Service Agencies are mandated by state law to inform members of the armed forces, reserves, organized militia, and veterans and their families about education, retraining, medical, and other rehabilitative services and facilities. They are also required to inform veterans and their families about federal, state, and local laws and regulations pertaining to their rights.

The State budget for SFY 2010-11 includes a sub-allocation of $1,177,000 for the payment of aid to County and City Veterans Service Agencies.

Monroe Veterans Outreach Center

The Veterans’ Outreach Center in Rochester, New York, is the oldest community-based outreach center serving veterans of all eras. Its mission is to improve the lives of veterans and their dependents by offering free veteran-specific programs, such as the Veterans Community Technology Center, which provides occupational skills training. The Outreach Center also provides counseling services for successful reintegration of veterans of the Iraq and Afghanistan conflicts into the community, short-term psychotherapy for veterans and their immediate families, residential programs for homeless veterans, and an alternative to incarceration program through the unified drug court system.
The State budget for SFY 2010-11 includes a sub-allocation of $250,000 for the services and expenses related to the Veterans’ Outreach Center, Inc.

2. **Blind Veterans’ Annuity Assistance**

In 2000, Chapter 453 raised the New York State Blind Veterans’ Annuity Program stipend from $500 to $1,000 a year. The benefit was first created in 1913, and the 2000 chapter was the first time the benefit was increased. Chapter 251 of the Laws of 2004 allows for the annual adjustment of the annuity now payable plus a percentage increase, if any, for compensation and pension benefits administered by the U.S. Department of Veterans Affairs in the previous year. The director of the Division of Veterans’ Affairs must publish by February first of each year the amount of the adjusted annuity.

The SFY 2010-11 budget appropriated $5,720,000 to this program. Up to $15,000 of the appropriation may be transferred to state operations for postage costs associated with this program.

3. **Veterans’ Education Program**

The Veterans’ Education Bureau is a unit within the Division. The Bureau is located in Albany and New York City and investigates and approves post-secondary educational and vocational institutions for the use of the Veterans’ Affairs education benefits. They are also responsible for approving on-the-job training and apprenticeship programs for the use of Veterans’ Affairs educational benefits.

The SFY 2010-11 budget included a $1,966,000 appropriation to operate this program.

4. **Administration Program**

The Administration Program is primarily composed of two programs, Supplemental Burial Benefits and Gold Star Annuity Benefits. In addition, the appropriation also provides for the funding for administrative personnel and operational expenses.

The SFY 2010-11 budget appropriates $1,337,000 for the expenses associated with the Administration Program.

4-a. **New York State Supplemental Burial Benefits**

Pursuant to Chapter 106 of the Laws of 2003, New York State offers a supplemental burial benefits program to eligible families of military personnel killed in combat or on duty subject to hostile fire or imminent danger, as defined in 37 U.S.C. Section 310(a)(4).

In the SFY 2010-11 budget, $200,000 was sub-allocated for this program and for transfer of such amounts as are necessary to state operations for related administrative expenses.
4-b. Gold Star Parents

Gold Star parents have selflessly inspired patriotic spirit in their children, encouraging them to serve the greater good of our country. These parents who have lost children to the ravages of war are now unable to rely upon their children in their twilight years.

This appropriation is dedicated to the payment of a $500 annuity upon application to the State Director of the Division of Veterans’ Affairs for a parent who, pursuant to 10 USC section 1126, is a Gold Star Parent and has an income at or below two hundred percent of the federal poverty level. Up to two parents may claim this annual benefit.

The SFY 2010-11 budget sub-allocates $599,000 to the payment of the Gold Star Parent annuities.

B. Division of Military and Naval Affairs

1. Recruitment Incentive and Retention Program

Chapter 268 of the Laws of 1996 established the Recruitment Incentive and Retention Program to provide eligible members of the New York Army National Guard, the New York Air National Guard, and the New York Naval Militia with a tuition benefit for undergraduate study.

In the budget for SFY 2010-11, $3,300,000 was included for this vital program.

2. NYS Military Museum and Veterans’ Research Center

The New York State Military Museum and Veterans’ Research Center is located in the Saratoga Armory in Saratoga Springs, New York.

In the budget for SFY 2010-11, $290,000 was appropriated for services and expenses related to youth academic and drug demand reduction programs, the New York Guard, the New York Naval Militia, the New York State Military Museum and Veterans’ Research Center, and the preservation and restoration of historic artifacts.

C. New York State Higher Education Services Corporation

The Veterans’ Tuition Awards Program

In 2008 the veterans’ tuition assistance program was extensively modified. The new program provides payments for tuition up to the undergraduate cost of education at the State University of New York. Veterans attending classes on a part-time basis receive a pro-rated amount. To be considered eligible the veteran must have served in Vietnam, Afghanistan, or the Persian Gulf and must have received a discharge under honorable conditions. Additionally the veteran must be enrolled in either an accredited undergraduate program, graduate program, or an approved vocational training program.
The program expanded the eligibility criteria for veterans to qualify for this benefit. In addition to veterans from the Vietnam, Afghanistan, and the Persian Gulf conflicts, the newly expanded benefit includes veterans that have earned an Expeditionary Medal. This expansion will ensure that veterans that served in smaller conflicts such as Grenada and Lebanon will receive the same benefits as those who served in the larger conflicts.

In the SFY 2010-11 budget, $39,150,000 was appropriated to cover the entire costs associated with the State’s many scholarship programs. Included in this group appropriation is Veterans’ Tuition Awards Program, which is authorized by Section 669-a of the Education Law.
V. BILLS THAT PASSED THE ASSEMBLY ONLY

A. Veterans’ Affairs Committee

1. Instructional Programs for American Military History
   (A.1532-A, Colton; Passed Assembly)
   
   This bill would require the director of the Division of Veterans’ Affairs, in consultation with the director of the New York State Military Museum and Veterans Resource Center, to establish a veteran speaker education program. The DVA would develop an informational pamphlet with a general overview of the veteran speaker educational program, to be circulated within school districts. The pamphlet would also list the available veteran speakers for the program who would be willing to share their military experience.

2. Veterans’ Bulletin Board
   (A.3809-A, Gabryszak; Passed Assembly)
   
   This bill would allow each county, city, town, or village to adopt a local law that would provide a bulletin board to be conspicuously displayed in the building that contains its municipal offices. The board would be used by veterans’ organizations, the Division of Veterans’ Affairs, and the county or city veterans’ service agencies to display information on veterans’ benefits or upcoming veterans’ events in the community.

3. Expansion of the Veterans’ Alternative Tax Exemption
   (A.5371, Cusick; Passed Assembly)
   
   This bill would expand the veterans’ alternative tax exemption so that it could apply to taxes levied by local school districts. It would allow those districts to conduct a public hearing regarding the tax exemption. After the hearing, the governing body of the school district could pass a resolution to provide the tax exemption. Qualified veterans living within a school district that passed the resolution would have the same tax exemption from their school district as they receive from their local tax district.

4. State Cold War Certificate
   (A.6456-A, Ortiz; Passed Assembly)
   
   This bill would recognize the contribution of the men and women who served honorably during the Cold War by authorizing and awarding a State Cold War Certificate to these individuals.

5. Veteran-Owned Small Business Account
   (A.7063-A, Espaillat; Passed Assembly)
   
   This bill would require the Division of Veterans’ Affairs to include an accounting of the number of veteran-owned small businesses in the State of New York in its annual
report to the Governor and the members of the Legislature. This information would detail both small business concerns owned and controlled by veterans and small business concerns owned and controlled by service-disabled veterans.

6. Temporary Suspension on Loan Payments  
(A.10023-A, Espaillat; Passed Assembly)

This bill would extend the ability of members of military service to suspend their repayment of a loan to a retirement system while engaged in active service in the military from June 1, 2010, to June 1, 2012. For those members on military duty whose loans are deferred, the time for repayment of the unpaid member loan balances would be extended for a period of time equal to the length of their military duty.

7. Services Available to Veterans  
(A.11154, Sweeney; Passed Assembly)

This bill would require all subdivisions of the State to inquire, when dealing with a client or customer, whether he or she or a family member is a veteran, and to inform veterans and their families of the services and opportunities made available by the Division of Veterans’ Affairs. Any new forms created after the effective date of this Act shall contain the following questions: “Have you served in the United States Armed Forces,” and “Has someone in your family served in the United States Military?”

B. Aging Committee

   Review and Response of the Office for the Aging for the Veteran Population  
   (A.11225, Dinowitz; Passed Assembly)

This bill would direct the director of the New York State Office for the Aging (NYSOFA) to periodically review the programs offered by NYSOFA to ensure that they are appropriately responding to the needs of New York State's aging veteran population.

C. Government Operations Committee

   Military Leave for Public Employees  
   (A.5935, Towns; Passed Assembly)

Under current law, public employees that are ordered to military duty shall continue to receive their civilian salary and/or other compensation for a period of time. This bill would extend the current time period for which they are reimbursed from thirty days or twenty-two working days to sixty days or fifty-two working days, whichever is greater.
D. Local Governments Committee

Increased Municipal Support for Veterans’ Posts
(A.5934, Towns; Passed Assembly)

This bill would allow local town boards to appropriate an additional $500 for a total of $1,000 to support each post of a patriotic organization. In addition if the town does not have a post within its boundaries, but still has five or more citizens that belong to a post in an adjoining town then this bill would allow the town to appropriate an additional $175 for a total of $300 to support the post in the adjoining town. These appropriations are to be used to defray the costs of renting or maintaining an area for holding meetings.
VI. BILLS REPORTED BY OTHER COMMITTEES THAT BECAME LAW

A. Election Committee

Military and Absentee Ballots
(A.10681-B, Silver; Chapter 104 of the Laws of 2010)

This law enacts certain provisions that are required by federal law and is intended to increase the opportunity for military and special federal voters to cast their votes within a time frame that allows those votes to be counted. It also streamlines the absentee ballot application to eliminate extraneous information that is not required by the New York constitution.

B. Higher Education Committee

SUNY Upstate Medical University Study
(A.8173-A, Destito; Chapter 239 of the Laws of 2010)

This law directs the president of the State University of New York Upstate Medical University to conduct a study to explore the viability and compelling need for branch campuses of the State University of New York Upstate Medical University in the Fort Drum/Watertown and Mohawk Valley Regions of New York State.

C. Housing Committee

Preference to Veterans by Certain Housing Companies
(A.9501-A, Gianaris; Chapter 399 of the Laws of 2010)

This law recognizes and honors the service of veterans in Iraq, Afghanistan, and other recent conflicts by using the statutory criteria in the Civil Service Law for providing preferences in admission to Mitchell-Lama housing to veterans and their surviving spouses.

D. Environmental Conservation Committee

Hunting Authorization for Military Service Personnel
(A.924-E, DelMonte; Chapter 483 of the Laws of 2010)

This law authorizes the Department of Environmental Conservation to promulgate standards authorizing hunting with a crossbow, including hunting by military service personnel and disabled veterans.
Transfer of Lifetime License  
(Chapter 507 of the Laws of 2010)

This law allows the transfer of a lifetime license for hunting, fishing, and trapping upon the death of the purchaser within the first year of purchase, or when an active member of the United States Armed Forces dies in combat.

E. Transportation Committee

Sampson Veterans Memorial Highway  
(Chapter 285 of the Laws of 2010)

This law designates a portion of State Route 96A in Seneca County as “Sampson Veterans Memorial Highway.”

Cpl. Paulo Marko Pacificado Memorial Bridge  
(Chapter 290 of the Laws of 2010)

The bridge on the William Floyd Parkway that crosses over State Route 27 in the town of Brookhaven shall be designated and known as “Cpl. Paulo Marko Pacificado Memorial Bridge.”

National Veterans Highway  
(Chapter 251 of the Laws of 2010)

This law designates all that portion of the state highway system constituting United States Route 62 within the State of New York as the “National Veteran’s Highway.”

Lt. Joseph J. Theinert Memorial Way  
(Chapter 307 of the Laws of 2010)

This law designates a portion of New York State Route 114 in the Town of Shelter Island, County of Suffolk, as "Lt. Joseph J. Theinert Memorial Way.”
VII. HONORING VETERANS THROUGH LEGISLATIVE RESOLUTIONS

A. Urging the New York State Congressional Delegation to Pass H.R. 2138 (Resolution No. 1235, Magnarelli)

The “Services, Education and Rehabilitation for Veterans Act” would provide grants to establish veterans’ treatment courts. Grants under this legislation would be made to veterans’ treatment courts and drug courts serving veterans, which effectively integrate substance abuse treatment, mandatory drug testing, sanctions, and transitional services in a judicially supervised court setting, with jurisdiction over nonviolent, substance-abusing offenders that have served in the United States military. Studies have shown that 30 to 40 percent of the 1.6 million troops who have served in Iraq and Afghanistan will face serious mental health injuries, and, because there are no visible scars, they can lead to other traumatic injuries. This resolution urges the New York State Congressional Delegation to pass the “Services, Education and Rehabilitation for Veterans Act.”

B. Urging the New York State Congressional Delegation to Ensure the United States Department of Veterans Affairs Health Care System Establish Limitations on Utilization and Disposal of Properties and Buildings in the State of New York (Resolution No. 1303, Magnarelli)

Veterans of the United States armed services from New York State who have served their country so honorably have had the most comprehensive system of assistance at their disposal of any nation in the world. It is critical that the policies of the Federal Department of Veterans’ Affairs reflect a policy that places the continued needs of New York veterans and the community in the forefront of that consideration. This resolution calls upon the New York State Congressional delegation to encourage the Secretary of the Department of Veterans’ Affairs to continue to provide for all the needs of veterans in New York State at all the facilities operated by the Department of Veterans’ Affairs in the State. This includes enacting policy to retain all properties currently used by the VA and to ensure that enhanced leases of properties and buildings include a provision of services for veterans, including those of limited financial means.

C. Memorializing the U.S. Congress to Pass H.R. 4197, “The Gold Star Mothers National Monument Act” (Resolution No. 1034, Espaillat)

During World War I, mothers of sons and daughters who served in the United States Armed Forces displayed flags bearing a blue star to represent their pride in family and their hope of their children’s safe return home. For more than 60,000 of these mothers, that hope was shattered, and many of them began to display flags bearing a gold star to represent the sacrifice that their son or daughter made. The Gold Star Mothers National Monument Act of 2009 would authorize the Gold Star Mothers National Monument Foundation to establish a monument on federal land in the District of Columbia or its environs, as a unit of the national park service. This resolution memorializes the U.S. Congress to pass “The Gold Star Mothers National Monument Act of 2009.”

The American flag, symbol of the Republic for 234 years, has undergone many changes over its history. Flag Day was officially established by a proclamation of President Woodrow Wilson on May 30, 1916; while Flag Day was celebrated in various communities after Wilson’s proclamation, it was not until August 3, 1949, that President Harry S. Truman signed an Act of Congress designating June 14th each year as Flag Day. The Pledge of Allegiance received official recognition by the United States Congress on June 22, 1942, when it was included in the United States Flag Code. This resolution commemorates June 14th as Flag Day, and June 22nd as the 66th Anniversary of the Official Recognition of the Pledge of Allegiance.

IX. MEMORIALIZING THE GOVERNOR TO PROCLAIM VETERAN-RELATED EVENTS

A. Memorializing Governor David A. Paterson to Proclaim April 2010 as the Month of the Military Child
   (Resolution No. 1195, Russell)

New York State has a long-standing tradition of serving in the armed forces of the United States. There are 1.7 million American children and youth under the age of 18 with a parent serving in the military and approximately 900,000 with one or both parents deployed multiple times. April is designated as the Month of the Military Child to underscore the important role children play in the Armed Forces community. This resolution urges all citizens of New York State to display the Nation’s flag for the month of April out of respect for all children whose parent or parents are on active military duty. The resolution also memorializes Governor Paterson to proclaim April 2010 as the Month of the Military Child.

B. Memorializing Governor David A. Paterson to Proclaim April 9, 2010, Yellow Ribbon Day
   (Resolution No. 1071, Tedisco)

The dedication and sacrifices of our military personnel during times of crisis ensure our continued role as a nation and embody the ideals of democracy. Many have devoted countless hours distributing yellow ribbons around the State of New York to heighten awareness of and support for the men and women who are serving our country, in addition to promoting unity and respect for those brave individuals who protect our freedom. This resolution memorializes Governor Paterson to proclaim April 9, 2010, as Yellow Ribbon Day in the State of New York.

C. Memorializing Governor David A. Paterson to Proclaim May 2010 as Military Appreciation Month
   (Resolution No. 1383, Stirpe)

New York State residents have a long-standing tradition of serving in the Armed Forces of the United States, with thousands giving their lives in defense of their country. In 2004, the United States Senate and House of Representatives passed a resolution designating the month of May as “National Military Appreciation Month” and called upon the President to issue each year a proclamation as such, calling on the people of the United States to honor the dedicated service provided by those in the Armed Forces. It is fitting to raise awareness of the sacrifices the brave men and women of the military have made in order to preserve our liberty. This resolution memorializes Governor Paterson to proclaim May 2010 as Military Appreciation Month in New York State.
D. Memorializing Governor David A. Paterson to Proclaim the Week Prior to Veteran’s Day as Veterans Awareness Week (Resolution No. 1445, Sweeney)

Throughout our nation’s history, the men and women of America’s armed forces have preserved our freedom, protected our security, and upheld our democratic values. The true meaning of Veteran’s Day may not receive enough attention on the one-day holiday set aside for this purpose. This resolution would draw further attention to those who have made incredible sacrifices for our country. During this week to honor veterans, schools could spend more time on programs describing the reasons men and women were asked to serve our country, as well as the encouragement to attend various memorial services for those who perished.
X. OTHER ACTIVITIES BY THE COMMITTEE

A. Subcommittee on Women Veterans

The Subcommittee on Women Veterans sponsored the 16th annual Women Veterans’ Recognition Day in the Assembly. The history of women’s service in America’s military conflicts is as old as our independence and as timeless as our reverence for freedom and democracy. As early as the American Revolutionary War, and in every major American conflict thereafter, women have served honorably and courageously on behalf of the country. More than 212,000 female servicemembers have been deployed during Operation Iraqi Freedom and Operation Enduring Freedom, making up to eleven percent of the force there from the United States. Over 120 of those women have given their lives and more than 600 have been wounded in action. June 12 is Women Veterans’ Recognition Day, the date that President Harry Truman signed the Women’s Armed Services Integration Act, that females were allowed to serve a permanent role in the active and reserve branches and were no longer relegated to serving in “women’s components” during times of war. During the Equal Rights Movement, many of the remaining limitations on female participation in the Armed Forces disappeared, particularly with the advent of the All-Volunteer Force in 1973. In the last two decades, legislative and Department of Defense positions became available to women and these opportunities vary by service. For example, the ban on women serving on submarines was lifted in April 2010, and they could start serving as early as 2011. On Women Veterans’ Recognition Day, local Assembly members were asked by the chair of the Subcommittee to invite and introduce one women veteran in their district. This year’s honorees were Adrienne Daniels, Senior Chief Petty Officer, Navy (McEneny); Lillian Yonally, Women’s Air Force Service Plots, WASP (Reilly); Leslie A. Fleur, Hospital Corpsman First Class, Seabee Combat Warfare Navy (Sayward); Wanda Hunterm, Corporal, U.S. Marine Corp (Amedore) and Elena Rozier, Captain, U.S. Marine Corp (Amedore).

Assembly Resolution K 1475 (Lupardo) was adopted memorializing Governor David A. Paterson to proclaim June 12, 2010, as Women’s Veterans Recognition Day” in the State of New York.

The subcommittee also sponsored two other resolutions.

1. Paying Tribute to the Women’s Airforce Service Pilots (WASP) (K 1477, Lupardo)

The Women Airforce Service Pilots (WASP) was established during World War II with the primary mission of flying noncombat military missions in the United States, thus freeing their male counterparts for combat missions overseas. The WASPs were the first women ever to fly American military aircraft. They flew almost every type of aircraft operated by the Army Air Force during World War II, logging more than 60 million miles. They did not receive veterans’ status until 1977. Legislation was signed into law in July 2009 by President Obama to award the Congressional Gold
Medal to the members of the WASP. The Congressional Gold Medal is the highest award Congress bestows upon a civilian. WASPs who qualify for the medal are women who flew under operational flight orders for the Army Air Force during World War II and were officially named WASP by order of General Hap Arnold, Commanding General of the Army Air Force. This resolution pays tribute to the Women Airforce Service Pilots who received the Congressional Gold Medal.

2. **Urging the New York State Congressional Delegation to Pass H.R. 1522, the United States Cadet Nurse Corps Equity Act (K 1418, Jaffee)**

The United States Cadet Nurse Corps was a program established by the federal government in 1943 with the primary purpose of ensuring that the United States had enough nurses to care for the needs of its citizens on both the home and war fronts. This program contributed to a dramatic rise in the number of nursing students, a greater public recognition of nurses, and changes in the manner in which nurses were educated and trained. The Nurse Training Act, known as the Bolton Act of 1943, created the United States Cadet Nurse Corps which offered an innovative solution to the pressing shortage of nurses at the start of World War II. It offered tuition and other financial incentives and a quick way to train a corps of nurses who would temporarily free graduate nurses for military duty. H.R. 1522, the United States Cadet Nurse Corps Equity Act, would provide that services of the members of the organization known as the United States Cadet Nurse Corps during World War II constituted active military service for purposes of laws administered by the Secretary of Veterans Affairs. The resolution urges the New York State Congressional Delegation to pass H.R. 1522, the United States Cadet Nurse Corps Equity Act.

B. **Public Hearings**

On February 22, 2010, the New York State Assembly Standing Committees on Mental Health, Alcoholism and Drug Abuse and on Veterans’ Affairs held a public hearing in Albany, New York, on services for New York State veterans with co-occurring disorder, a mental illness and substance abuse disorder that present themselves simultaneously. Those who testified included representatives of the Division of Veterans’ Affairs, the Office of Alcoholism and Substance Abuse Services, the New York State Office of Mental Health, and several not-for-profit organizations that provide counseling services to veterans. This hearing provided the basis for two key pieces of legislation: the “Veterans Mental Health and Chemical Dependency Act” (A.11098/S7961, Magnarelli/Adams) and a mental illness and chemical dependency initiative designed to eliminate stigma and misinformation (A.11054/S8062, Ortiz/Adams).

On November 5, 2010, the New York State Assembly Standing Committee on Veterans’ Affairs held a public hearing in Syracuse, New York. The purpose was to review the implementation of programs funded in the most recent State budget and to
review and evaluate the ways in which the State can more effectively assist veterans in locating and obtaining access to services for veterans and to evaluate the State’s role and response to the increasing number of veterans who are at risk of developing mental health problems. Among those who provided testimony were representatives of the New York State Division of Veterans’ Affairs, the Office of Mental Health, the New York State Council of the Vietnam Veterans of America, the Veterans of Foreign Wars Department of New York, and the American Legion Department of New York. It was suggested that a list of agencies that help veterans be developed for each county and be distributed to all agencies in that particular area to be used as a reference in helping veterans.
XI. OUTLOOK FOR 2011

The Assembly Standing Committee on Veterans’ Affairs is looking forward to a productive year in 2011. The Committee will continue to work with the Division of Veterans’ Affairs, Division of Military and Naval Affairs, other State agencies, veterans’ organizations, and individual veterans throughout New York State to develop programs and services to assist the veterans of this state.

The issues that the Committee intends to pursue include the following:

- reintegration of recently returning veterans from areas of combat into the community;
- disabled veteran treatment, rehabilitation, and reintegration back into their communities;
- the establishment of veteran mental health and outreach programs to help those veterans in need of specific care relating to mental health, post-traumatic stress disorder, and substance abuse;
- the increasing number of homeless amongst the veteran population;
- outreach to older veterans;
- increased outreach to women veterans to better identify and respond to their needs;
- the development of veterans’ courts; and
- a plan to provide for long-term health care needs for veterans;

The Committee will continue to strive to uphold its responsibilities by addressing the needs of New York State’s more than one million veterans and their families.
