Resources added to emergency food assistance program; airbnb provides housing to healthcare workers; antibody testing in New York State; and more!

NYS Confirmed: 170,512
NYS deaths: 7,844
NYC confirmed: 94,409
Brooklyn confirmed: 24,846

NYS: GOVERNOR CUOMO

Photo Credit: Governor

- Governor Cuomo announced that **\$200 million** will go towards **Emergency Food Assistance program** for low-income families enrolled in SNAP.
- **Airbnb** is partnering with **1199 SIEU** to provide housing to their members. **Airbnb** provided a **\$2 million donation** to supply hotel rooms at no cost to frontline workers.
- The **InterContinental Times Square, Yotel, and the Hudson Hotel** is providing an additional **800 free hotel rooms** to out of state healthcare workers who are coming to NYC.
- Governor Cuomo is working with the Congressional delegation to create a **COVID-19 Heroes Compensation Fund** for essential workers and their families.
- New York State will conduct **300** COVID-19 antibody tests today and **2,000 tests by next week.**

NYC: MAYOR DE BLASIO

Photo Credit: (Reuters/Stefan Jeremiah) Mayor speaking in front of Billie Jean King Tennis Stadium

- **Billie Jean King Tennis Stadium is now accepting COVID-19 patients.** The temporary hospital facility will have **470** beds and an additional **20** ICU beds.
- Mayor De Blasio is asking the federal government for **anti-body testing** and **large scale testing** for New York City.
- **Thermometers** were delivered to city building, court building, 911 call centers and educational buildings. NYPD precincts, FDNY houses and sanitation garages will also receive thermometers.

SEARS PARKING LOT TESTING SITE

Photo Credit: Flickr

Yesterday, Governor Cuomo announced a new COVID-19 drive-through mobile testing site in the **42nd Assembly District**. The testing site is at the **Sears Parking Lot** in **Flatbush**. This testing site is **by appointment only**. To make an appointment you must contact the NYS Department of Health at 888-364-3065. For more information visit [here](#).

GOOD FRIDAY

Assemblymember Rodneyse Bichotte wishes a Happy Good Friday to all who observe. May the story of the cross and the love of Christ provide you with the strength to overcome the days ahead.

THANK YOU ESSENTIAL WORKERS

Working hard
to provide the
medication
we need.

Thank you
pharmacy workers.

- Coney Island Avenue (Cortelyou Road - Foster Ave)
- Newkirk Plaza
- Newkirk Avenue (Coney Island Ave - Ocean Ave)
- Foster Avenue (Coney Island Ave - Ocean Ave)
- Ditmas Park

WHAT TO DO IF YOU ARE SICK WITH COVID-19

What to do if you are sick with coronavirus disease 2019 (COVID-19)

If you are sick with COVID-19 or suspect you are infected with the virus that causes COVID-19, follow the steps below to help prevent the disease from spreading to people in your home and community.

Stay home except to get medical care

You should restrict activities outside your home, except for getting medical care. Do not go to work, school, or public areas. Do not use public transportation, ride-sharing, or taxis.

Separate yourself from other people in your home

As much as possible, you should stay in a specific room and away from other people in your home. Also, you should use a separate bathroom, if available.

Call ahead before visiting your doctor

If you have a medical appointment, call the healthcare provider and tell them that you have or may have COVID-19. This will help the healthcare provider's office take steps to keep other people from getting infected or exposed.

Wear a facemask

You should wear a facemask when you are around other people (e.g., sharing a room or vehicle) and before you enter a healthcare provider's office. If you are not able to wear a facemask (for example, because it causes trouble breathing), then people who live with you should not stay in the same room with you, or they should wear a facemask if they enter your room.

Cover your coughs and sneezes

Cover your mouth and nose with a tissue when you cough or sneeze. Throw used tissues in a lined trash can and wash your hands with soap and water for at least 20 seconds. If soap and water are not available, immediately clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol, covering all surfaces of your hands and rubbing them together until they feel dry. Soap and water should be used preferentially if hands are visibly dirty.

Clean your hands

Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol, covering all surfaces of your hands and rubbing them together until they feel dry. Soap and water should be used preferentially if hands are visibly dirty. Avoid touching your eyes, nose, and mouth with unwashed hands.

Avoid sharing personal household items

You should not share dishes, drinking glasses, cups, eating utensils, towels, or bedding with other people in your home. After using these items, you should wash them thoroughly with soap and water.

Monitor your symptoms

Seek prompt medical attention if your illness is worsening (e.g., shortness of breath or difficulty breathing). **Before** seeking care, call your healthcare provider and tell them that you have, or are being evaluated for, COVID-19. Put on a facemask before you enter the facility. These steps will help the healthcare provider's office keep other people from getting infected or exposed.

Ask your healthcare provider to call the local or state health department. Persons who are placed under active monitoring or facilitated self-monitoring should follow instructions provided by their local health department or occupational health professionals, as appropriate. <https://www.cdc.gov/coronavirus/2019-ncov/php/risk-assessment.html>.

Discontinuing home isolation

Patients confirmed to have COVID-19 should remain under home isolation precautions until the risk of secondary transmission to others is thought to be low. The decision to discontinue home isolation precautions should be made on a case-by-case basis, in consultation with healthcare providers and state and local health departments. Current information on COVID-19 is limited; home precautions are conservative and based on general recommendations for other diseases, like Middle Eastern Respiratory Syndrome (MERS).

For more information: www.cdc.gov/COVID19

STAY INFORMED

Health officials are working tirelessly to protect public health and contain this virus. And, as your representative in Albany, I am working to ensure that our state is putting the health and safety of our families first.

Remember COVID-19 can affect any community and we must stand by one another during this time, not alienate, threaten or discriminate against others.

For questions you can also reach out to the New York State's novel coronavirus hotline at **1-888-364-3065**. For continuous updates, you can visit the following websites:

- [Center for Disease Control and Prevention \(CDC\)](#)
- [World Health Organization \(WHO\)](#)

The CDC also now has the option for you to sign up for weekly updates on COVID-19.
