THE FACTS SPEAK FOR THEMSELVES:

Electricity prices for residential consumers have risen **58.1%** since 2019.¹

The New York Independent System Operator (NYSIO) has expressed **concerns about grid reliability** in the near future.²

NYSERDA* confirms expenses could exceed more than **\$4,100** per household.³

*New York State Energy Research and Development Authority

Families and businesses across Long Island are struggling with **skyrocketing utility bills.**

Assemblyman Jake Blumencranz is fighting for **common-sense solutions** to bring relief, restore energy reliability, and protect taxpayers from costly mandates.

ALBANY'S OWN EXPERTS ADMIT: **MANDATES MEAN MASSIVE PRICE HIKES.³**

I'm leading the fight to stop these costly mandates and put the focus back where it belongs—on **YOU**.

THAT'S WHY I SUPPORT THE LOWER PLAN, WHICH WOULD:

✓ **PROTECT LOCAL CONTROL (A.8328)**

Prohibits the future construction of battery energy storage systems and related facilities on Long Island.

✓ **RETURN UNUSED NYSERDA FUNDS TO RATEPAYERS (A.8876-A)**

Sends surplus state energy funds back to residents as utility bill credits, helping lower monthly energy costs.

✓ **ALLOW SCHOOL DISTRICTS TO OPT OUT OF THE ZERO-EMISSION BUS MANDATE (A.2005)**

Gives local schools flexibility to avoid costly mandates, helping protect school budgets and local taxpayers.

✓ **PROTECT ACCESS TO NATURAL GAS AND OTHER HEATING OPTIONS (A.6796)**

Ensures homeowners and businesses can continue using affordable heating systems, preventing forced and expensive upgrades.

✓ **REQUIRE NOTICE WHEN ENERGY SUPPLY RATES SPIKE (A.1270)**

Requires utilities to alert customers when rates jump significantly and connect them with bill assistance programs.

I AM FIGHTING TO LOWER UTILITY BILLS WITH THE UTILITY BILLING INTEGRITY ACT (A.10764)

A common-sense solution that would harness the power of technology to improve transparency, preventing billing errors, and put money back in your pocket.
