**STOP THE SPREAD**

# Protect your community from COVID-19

## Everyone must do their part.

- Stay home if you do not feel well.
- Participate in temperature checks and symptom screenings when entering public spaces.
- Wear face coverings when not at home.
- When with people who do not live in your household, keep 6 feet between you and others.
- Wash your hands often with soap and water for 20 seconds each time.

If you or a loved one have been near someone who has COVID-19, here's what to do:

- **Do not leave your home**, except to get medical care. Avoid taking buses, subways, and taxis.
- **Separate from other people in your home as much as possible.** You should stay in a specific "sick room" if possible.
- Do not share household items.
- Use a separate bathroom, if possible. If you share a bathroom, clean and disinfect after using it.
- Don't touch pets.
- Don't cook food and serve it to others.
- Avoid caring for children **and older adults, if possible.**

Symptoms may appear 2-14 days after exposure to the virus. People with these symptoms may have COVID-19:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

\*This list is not all inclusive. Please consult your medical provider for any other symptoms that are severe or concerning.

Stay up to date [www.health.ny.gov/coronavirus](http://www.health.ny.gov/coronavirus)

## WEARING FACE COVERINGS

# Face Masks and Coverings for COVID-19

- You must wear a face mask or face covering in public when social distancing (staying at least 6 feet apart) is not possible, unless a face covering is not medically tolerated. This includes on public transport, in stores and on crowded sidewalks.
- Children over 2 years of age should wear a face mask in public, too. Children under 2 years of age should NOT wear face coverings for safety reasons.
- Cloth face coverings should be made from fabric you can't see through when held up to the light. They must be cleaned before reusing.
- Disposable paper face masks should be used for one outing outside the home. They cannot be properly cleaned.
- The best way to prevent COVID-19 is to continue social distancing (staying at least 6 feet away from others), **even when wearing a face covering.**

## Putting On Face Covering

- **DO** clean your hands with soap and water or if that's not available, alcohol-based hand sanitizer, before putting on your face covering.
- Make sure the face covering covers both your nose and mouth.
- **DON'T** wear your mask hanging under your nose or mouth or around your neck. You won't get the protection you need.
- **DON'T** wear the face covering on top of your head, or take it off and on repeatedly. Once it is in place, leave the covering in place until you are no longer in public.

## Taking Off Face Covering

- **DO** clean your hands with soap and water or if that's not available, alcohol-based hand sanitizer, before taking off your face covering.
- Remove your mask only touching the straps.
- Discard the face covering if it is disposable. If you are reusing (cloth), place it in a paper bag or plastic bag for later.
- Wash your hands again.
- When cleaning a cloth face covering, **DO** put in the washer (preferably on the hot water setting).
- Dry in dryer at high heat. When it is clean and dry, place in a clean paper or plastic bag for later use. If you live in a household with many people, you might want to label the bags with names so the face coverings are not mixed up.

**AVOID SCAMS**

- Notify NYC: Beware of COVID-19 scams!
- Report **price gouging** to 311 or [NYC.gov/dcwp](https://www.nyc.gov/dcwp). You can also file a complaint to the Attorney General's office by filling out a [complaint form](#).
- **NYS Price Gouging Hotline: 800-697-1220.**
- CDC staff will **NOT** go door-to-door. If you experience this, call 911.

## SERVICES AND RESOURCES
