“Small businesses are the backbone of our economy and the heart of our communities. They create local jobs, keep money circulating close to home, and bring character and vibrancy to our neighborhoods. As someone who has owned and operated a small business for 36 years, I understand firsthand the challenges they face and the vital role they play in strengthening our communities.”

Sam Pirozzolo

Help For Small Businesses In Our Community

SUPPORTING SMALL RETAILERS (A.00981)

I support a proposal that would direct the state to find new ways to help small retailers stay open and thrive in New York. It would also launch a pilot program to give small business owners expert help with things like marketing, finances, planning, and navigating state rules—so they can grow and succeed.

BUY LOCAL, SUPPORT LOCAL (A.03221)

I support a proposal that would allow small businesses that sell New York-made products to get a tax break. It's a win-win that supports local farms, producers, and manufacturers while helping small businesses boost their bottom line.

JOB FOR PEOPLE WITH DISABILITIES (A.02008)

I support a proposal that would allow businesses that hire people with disabilities to get a tax credit, encouraging more inclusive hiring while helping employers grow a strong and diverse workforce.
