FIGHTING FINANCIAL STRUGGLES

I have been hard at work with partners in Albany to help enact changes for the benefit of our economic future. You work hard, and you deserve a state that works hard for you.

Here are just a few of the proposals I am supporting

✓ **Savings While Shopping**

I am supporting programs that eliminate sales tax on essentials like food and gas (A.7417).

✓ **Increase Health Care Savings**

I will assist New Yorkers with obtaining health insurance coverage and reducing health care costs (A.4545).

✓ **Property Tax Relief**

I want to readjust Enhanced STAR income caps to help provide economic security to those with fixed incomes (A.2383).

Block Unfunded Mandates

I want to ensure this state does not impose unfunded programs on local governments, forcing them, in turn, to raise your property taxes (A.5728).

Expand Credits Earned

I want to support families facing financial crossroads by increasing the Earned Income Tax Credit while providing them the flexibility to choose how and when they receive this credit (A.2498).

Child Care Accessibility

I want to increase child care accessibility and expand child care programs and facilities (A.2392).
