

THE 68TH DISTRICT NYCHA TRACKER REPORT

The 68th Assembly District has the highest concentration of public of housing in the State, with 20 developments spanning across three miles of urban city blocks. Many times during the winter months, our New York City Housing Authority residents experience serious interruptions in heat and hot water services. As we continue to monitor NYCHA to ensure that they are providing safe and adequate housing, I am introducing a new NYCHA Tracker.

NYCHA Tracker is a report to the people of East Harlem of heat and hot water service interruptions in the 68th Assembly District. The data is based solely on direct reports of interruptions from NYCHA residents and Tenant Associations communicated to my office. If you are a NYCHA resident and are experiencing a heat or hot water outage please take the time to fill out an online survey regarding your experience at <https://goo.gl/forms/ydcuNzj979WwJsRJ2>.

NYCHA TRACKER REPORT
 February 22, 2019-March 4, 2019

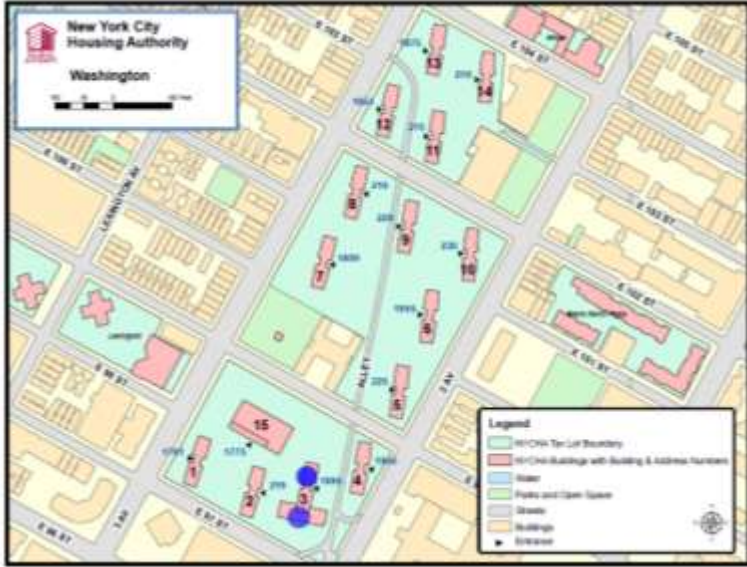

Carver Houses

A heat interruption was reported at 1465 Madison Avenue on 2/22/19, the NYCHA residence reported that interruptions generally take 4-7 days for NYCHA resolve. As of 3/4/19, the NYCHA website indicated there was no service interruption at this location.
