Dear Neighbor,

*Shana Tovah to those who are celebrating Rosh Hashanah! I wish you the best health and much happiness for a sweet new year!*

For the first time in New York State, you have the choice to vote early between October 26 and November 3 or to vote on Election Day, Tuesday, November 5! Register today online! **Seawright Cofosts Census 2020 Jobs Fairs With  
Manhattan Assembly Colleagues**

*As a member of the New York State Assembly's Manhattan Delegation, Assembly Member Seawright sponsored a series of job fairs at Pace University and Hunter College Silberman School of Social Work this week.*

Every 10 years, the U.S. Census Bureau works to count every person residing in the United States. The results determine representation in all forms of government and funding, impacting all of our lives including public health, education and infrastructure.

***"The fight for a fairer census has to be a united effort to achieve the goal of making sure every New Yorker and everyone in the United States is counted," said Seawright.***

*In previous census counts both New York State and New York City were dangerously undercounted. The 2010 Census didn't count over 50,000 New York City residents due to an error that deemed their houses vacant, and hundreds of thousands more New Yorkers were uncouned. This resulted in the loss of billions of dollars in federal funding for hospitals, public schools, transportation, emergency services, and more. The undercount resulted in New York losing two congressional seats, limiting our state's influence in federal government.*

*Contact our office to receive information on applying for Census takers and administrative positions with a starting rate of \$25/hour.*
