Currently, our community is experiencing a **severe blood shortage** due to the cancellation of numerous blood drives and the fear caused by the COVID-19 pandemic. For this reason, blood donation centers are urging all healthy and eligible donors to donate blood at the location nearest their home.

It is important to note that donating blood, even during the COVID-19 pandemic, **is a safe process and people should not hesitate to give or receive blood.**

Blood donation centers advise against donating if you have been diagnosed with, or have come in close contact to anyone who has or is suspected of having, COVID-19.

To find a blood donation location near you, please visit:

OR

APPOINTMENTS ARE REQUIRED, SO PLEASE BOOK AN APPOINTMENT PRIOR TO VISITING A DONATION LOCATION!
