Permit No. 75

## Assemblyman Matt Slater hosted an event collecting feminine hygiene products for more than 200 women in need.

Assemblyman Matt Slater sponsored legislation to ensure both mother and child receive the best care before and after birth.

His plan provides paid leave for expectant mothers to attend prenatal health care appointments, and it enables every mother to receive postpartum health care screenings. (A.08977)

Assemblyman Slater also supported a new law making feminine hygiene products available through state assistance programs and sponsored legislation to expand access to in vitro fertilization in New York. (A.10130)

### Child Care Solutions

Studies show the Hudson Valley does not have enough child care options. To solve this problem, Assemblyman Slater wrote legislation to make quality child care more affordable and accessible through a new state tax exemption. (A.8579)
