

Happy Holidays!

This year, I worked hard to make New York more affordable for working families. I fought for **lower utility costs** by getting involved in the Con Edison rate cases. I helped pass a state budget that **lowered income tax rates** for households earning less than \$323,000 and **increased tax relief for parents** by raising the Empire State Child Tax Credit. My colleagues and I delivered **universal free school meals** to keep kids fed and give parents one less thing to worry about. We're also helping adults go back to school and increase their earning power with **free community college** for those pursuing in-demand fields.

In 2026, I'll keep working to build healthy, affordable communities where all of us can thrive.

Sincerely,

Assemblymember Dana Levenberg
