# Making Education a Priority in New York State

## Assemblyman Zebrowski listens to your concerns and turns them into action in the State Legislature:

- Increased State aid to Rockland County schools by over 8.5% in the 2013-14 budget; representing one of the largest increases in recent history.
- Passed legislation in the Assembly that would prohibit standardized State tests for grades K-2 (A.6593-A).
- Sponsored a bill that passed the Assembly that would prohibit the release of personally identifiable information of students (A.6059).
- Called for a comprehensive study of the costs associated with new testing and assessments.

## Assemblyman Zebrowski wants your ideas on improving education

Ken has been meeting with parents, teachers, and administrators discussing the common core, testing, and other issues facing education. As Ken prepares for the next legislative session, he wants to know your thoughts, ideas, and concerns related to education policy in New York State. Please contact him at:
