An inflation relief plan from

JOHN 
McGOWAN
NEW YORK STATE ASSEMBLYMAN

"The fight to keep money in the pockets of those who work hard each day, for those who can barely afford their utility bills, the price of household items or food for their tables is a fight I am eager to take up, and that fight does not stop here. Our future generations need a chance before they resort to cheaper, more affordable states, which is why as your Assemblyman, I will work to ensure every New Yorker gets the break they deserve and money back in their pockets once again."

JOHN 
McGOWAN
NEW YORK STATE ASSEMBLYMAN

Together, we can make New York an affordable state once again, which is why during my first term in office I am fighting to:

- ✔ **Protect** consumers from additional taxing when they shop outside of the state for their merchandise (A.6715).
- ✔ Give families a **break** from state sales tax on gas, personal care products, household supplies and prepared meals at grocery stores (A.1690).
- ✔ Implement a **tax credit** for those who choose to professionally install water purification or filtration systems in order to access potable water in schools, homes or businesses (A.3739).
- ✔ **Repeal** congestion pricing to avoid cost hikes for delivery vehicles, EMS and commuters entering New York City (A.4660).
- ✔ Provide a **tax exemption** on property owned by volunteer fire companies and/or volunteer ambulance services in Rockland County (A.4666).

As always, please do not hesitate to call my office if you have any questions or concerns. For more information on this or any other state issues, please contact me at:
