**Our farms and agricultural community are the foundation that our state is built upon.**

I am fighting every day to protect our way of life and the hardworking men and women who work day in and day out to provide us with the things we rely on.

**Together, we will:**

- \* Allow farmers to submit agricultural assessments electronically. (A.02675)
- \* Invest in our agricultural community through the “New York Farmer Recruitment and Retention Act of 2022”, allowing us to attract and keep the best agricultural minds right here in New York. (A.05309)
- \* Extend eligibility for the agricultural property tax credit to provide much-needed relief to as many farmers as possible. (A.05722)
- \* Let New York State schools purchase reduced-fat or whole New York milk to provide to students. (A.09990)
- \* Provide students in ALL New York State schools with agricultural education. (A.09230)
