Prices are rising and paychecks don't go as far as they used to. With gas prices increasing by over 42%, energy prices increasing by nearly 25%, and the cost of average everyday products going up 5.4%¹, New Yorkers are overdue for relief from inflation. That's why I'm sponsoring the Inflation Relief & Consumer Assistance Plan (LBD-13450-02-1).

Chris' plan would suspend state sales tax for two years on:

GAS

PREPARED FOODS

**PERSONAL CARE PRODUCTS/
HOUSEHOLD ITEMS**

Chris is working to boost our economy by sponsoring bills that:

- Fight tax hikes (A.5788).
- Incentivize investment in rural communities to create jobs and promote economic growth (A.2552).
- Create a tax credit for businesses that develop a "college to work" program, which pays tuition in exchange for an individual committing to work for the business after graduating (A.5345).
- Reduce the cost of broadband expansion in New York (A.4373, A.4197).
