Central Hudson Update

Dear Neighbor,

Since December 2021, I have been fighting for the thousands of Central Hudson customers who have been victims of the utility's failed software rollout and the resulting billing disaster. Since then, I have:

- Passed legislation prohibiting back-billing past two months (A.4055-A)
- Introduced legislation restricting estimated billing (A.888-B)
- Worked with the Public Utility Law Project to monitor Central Hudson
- Held in-person and online forums to hold Central Hudson accountable
- Helped hundreds of customers resolve billing disputes
- Spoke out against the proposed Central Hudson rate increase

Central Hudson and other utility companies have a simple responsibility: to bill in a timely and transparent manner. I am working every day to ensure that both will happen.

Sincerely,

Assemblymember Jonathan Jacobson
