Supporting Our Veterans

As a veteran myself, I know the importance of supporting the veteran community at home and in the Legislature. I have met a number of veterans in the Mohawk Valley and North Country over the years. Each one has their own unique story but all share the same feeling of service and sacrifice.

This past session I was proud to support over a dozen pro-veteran bills, including the following:

- Allow veterans to apply for college credits at city or state institutions citing what they learned during military service (A.00914).
- Eliminate service fees for distinctive license plates issued to veterans (A.05644).
- Grant real property tax exemptions to disabled veterans regardless of whether he or she served during a “period of war” (A.05571).

*Thank a veteran today for protecting our country,
our liberty and most importantly, our freedoms.*
