KEN BLANKENBUSH

FIGHTING FOR THE FARMS THAT FEED NEW YORK

STATE ASSEMBLYMAN

KEN BLANKENBUSH

“Strong farms build strong communities. I’ll keep fighting every day to make sure our farmers, families and veterans have the support they need to succeed.”

AS YOUR ASSEMBLYMAN, I am proud to sponsor legislation that would protect your family farms, lower costs for farmers, strengthen rural communities and open new doors for veterans in agriculture. When our farms thrive, New York thrives.

- ✦ **A.3623 – NY Food Insecurity, Farm Resiliency and Rural Poverty Act**
Partners our farms with local food banks so fresh food doesn't go to waste while giving farms and rural communities the tools they need to fight hunger.
- ✦ **A.2295 – Property Tax Relief**
Would help more farmers qualify for property tax relief by extending agricultural tax credits to those who lease farmland for five years or more.
- ✦ **A.3638 – More Agriculture Education in Schools**
Adds real farming lessons to classrooms so our kids understand how food is grown and why New York agriculture matters.
- ✦ **A.3633 – Veterans in Agriculture Assistance and Outreach Program**
Creates a full support system to help veterans get into farming with training, mentorship, mental health services and other forms of support.
