When some lawmakers blocked a bill to expand tuition benefits for Gold Star Families, Gary Finch knew something they didn't — real New Yorkers never give up without a fight. Across the state, we spoke with one voice: the men and women who fight for our freedoms and protect our families deserve the best we can give.

Our voices were heard!

Together, we made sure that the children of service members who die in the line of duty will receive free college tuition.

The Right Values. Real Results.
