"Education equips students with the knowledge and skills they need to succeed, and teachers deserve the support and resources to help them reach their full potential. By ensuring educators have the tools they need and students receive a high-quality education, we can create stronger classrooms and brighter futures for communities across Western New York."

- ASSEMBLYMAN PAT CHLUDZINSKI

7 AM WORKING TO IMPROVE OUR SCHOOLS BY:

Working to create apprenticeship opportunities for high school students that would expand career and technical education and establish a new diploma recognizing students who complete career-focused training to prepare them for the workforce.
(A.2118)

Delivering increases in Foundation Aid to school districts across Buffalo, Cheektowaga, and Lancaster, with five districts receiving nearly one and a half times the statewide average.
(A.10006-C)

Postponing all-electric school bus mandate, saving school districts tens of millions of dollars.
(A.10006-C)

Supporting free universal breakfast and lunch to all students, whether that be public, charter, or non-public schools, ensuring every child has access to meals during the school day.
(A.282)

Working to provide a state tax deduction of up to \$500 for teachers who pay out of pocket for classroom supplies, because no teacher should have to reach into their own pocket to give students the tools they need to succeed.
(A.1926)
