

Dear New York Assembly Ways and Means,

Thank you for the opportunity to testify in support of full funding in the FY 2024 budget for the new statewide Public Campaign Finance Program.

This program will amplify the voices of everyday New Yorkers in our politics and make our candidates more responsive to the people. But I'm worried that it's not getting the funding it needs to be successful.

The Public Campaign Finance Board requested \$100 million for matching funds, but the FY2024 budget only includes \$25 million. Without full funding, candidates won't be confident that they can plan their strategies around appealing to small-dollar donors. And voters won't be confident that candidates will receive enough matching funds to overcome the influence of Big Money.

Funding this program now is an investment in our democracy's future. Please increase funding for future matching funds to \$100 million as requested by the Public Campaign Finance Board.

Once again, thank you for the opportunity to testify in support of this reform.

Sincerely,

Thank you for the opportunity to testify in support of full funding in the FY 2024 budget for the new statewide Public Campaign Finance Program.

This program will amplify the voices of everyday New Yorkers in our politics and make our candidates more responsive to the people. But I'm worried that it's not getting the funding it needs to be successful.

The Public Campaign Finance Board requested \$100 million for matching funds, but the FY2024 budget only includes \$25 million. Without full funding, candidates won't be confident that they can plan their strategies around appealing to small-dollar donors. And voters won't be confident that candidates will receive enough matching funds to overcome the influence of Big Money.

Funding this program now is an investment in our democracy's future. Please increase funding for future matching funds to \$100 million as requested by the Public Campaign Finance Board.

Once again, thank you for the opportunity to testify in support of this reform.

Dear New York Assembly Ways and Means,

Thank you for the opportunity to testify in support of full funding in the FY 2024 budget for the new statewide Public Campaign Finance Program.

This program will amplify the voices of everyday New Yorkers in our politics and make our candidates more responsive to the people. But I'm worried that it's not getting the funding it needs to be successful.

The Public Campaign Finance Board requested \$100 million for matching funds, but the FY2024 budget only includes \$25 million. Without full funding, candidates won't be confident that they can plan their strategies around appealing to small-dollar donors. And voters won't be confident that candidates will receive enough matching funds to overcome the influence of Big Money.

Funding this program now is an investment in our democracy's future. Please increase funding for future matching funds to \$100 million as requested by the Public Campaign Finance Board.

Once again, thank you for the opportunity to testify in support of this reform.

Dear New York Assembly Ways and Means,

Thank you for the opportunity to testify in support of full funding in the FY 2024 budget for the new statewide Public Campaign Finance Program.

This program will amplify the voices of everyday New Yorkers in our politics and make our candidates more responsive to the people. But I'm worried that it's not getting the funding it needs to be successful.

The Public Campaign Finance Board requested \$100 million for matching funds, but the FY2024 budget only includes \$25 million. Without full funding, candidates won't be confident that they can plan their strategies around appealing to small-dollar donors. And voters won't be confident that candidates will receive enough matching funds to overcome the influence of Big Money.

Funding this program now is an investment in our democracy's future. Please increase funding for future matching funds to \$100 million as requested by the Public Campaign Finance Board.

Once again, thank you for the opportunity to testify in support of this reform.

Dear New York Assembly Ways and Means,

Thank you for the opportunity to testify in support of full funding in the FY 2024 budget for the new statewide Public Campaign Finance Program.

This program will amplify the voices of everyday New Yorkers in our politics and make our candidates more responsive to the people. But I'm worried that it's not getting the funding it needs to be successful.

The Public Campaign Finance Board requested \$100 million for matching funds, but the FY2024 budget only includes \$25 million. Without full funding, candidates won't be confident that they can plan their strategies around appealing to small-dollar donors. And voters won't be confident that candidates will receive enough matching funds to overcome the influence of Big Money.

Funding this program now is an investment in our democracy's future. Please increase funding for future matching funds to \$100 million as requested by the Public Campaign Finance Board.

Once again, thank you for the opportunity to testify in support of this reform.

Dear New York Assembly Ways and Means,

Thank you for the opportunity to testify in support of full funding in the FY 2024 budget for the new statewide Public Campaign Finance Program.

This program will amplify the voices of everyday New Yorkers in our politics and make our candidates more responsive to the people. But I'm worried that it's not getting the funding it needs to be successful.

The Public Campaign Finance Board requested \$100 million for matching funds, but the FY2024 budget only includes \$25 million. Without full funding, candidates won't be confident that they can plan their strategies around appealing to small-dollar donors. And voters won't be confident that candidates will receive enough matching funds to overcome the influence of Big Money.

Funding this program now is an investment in our democracy's future. Please increase funding for future matching funds to \$100 million as requested by the Public Campaign Finance Board.

Once again, thank you for the opportunity to testify in support of this reform.

This program will amplify the voices of everyday New Yorkers in our politics and make our candidates more responsive to the people. But I'm worried that it's not getting the funding it needs to be successful.

The Public Campaign Finance Board requested \$100 million for matching funds, but the FY2024 budget only includes \$25 million. Without full funding, candidates won't be confident that they can plan their strategies around appealing to small-dollar donors. And voters won't be confident that candidates will receive enough matching funds to overcome the influence of Big Money.

Funding this program now is an investment in our democracy's future. Please increase funding for future matching funds to \$100 million as requested by the Public Campaign Finance Board.

Once again, thank you for the opportunity to testify in support of this reform.

Dear New York Assembly Ways and Means,

Thank you for the opportunity to testify in support of full funding in the FY 2024 budget for the new statewide Public Campaign Finance Program.

This program will amplify the voices of everyday New Yorkers in our politics and make our candidates more responsive to the people. But I'm worried that it's not getting the funding it needs to be successful.

The Public Campaign Finance Board requested \$100 million for matching funds, but the FY2024 budget only includes \$25 million. Without full funding, candidates won't be confident that they can plan their strategies around appealing to small-dollar donors. And voters won't be confident that candidates will receive enough matching funds to overcome the influence of Big Money.

Funding this program now is an investment in our democracy's future. Please increase funding for future matching funds to \$100 million as requested by the Public Campaign Finance Board.

Once again, thank you for the opportunity to testify in support of this reform.

Sincerely,

Dear New York Assembly Ways and Means,

Thank you for the opportunity to testify in support of full funding in the FY 2024 budget for the new statewide Public Campaign Finance Program.

This program will amplify the voices of everyday New Yorkers in our politics and make our candidates more responsive to the people. But I'm worried that it's not getting the funding it needs to be successful.

The Public Campaign Finance Board requested \$100 million for matching funds, but the FY2024 budget only includes \$25 million. Without full funding, candidates won't be confident that they can plan their strategies around appealing to small-dollar donors. And voters won't be confident that candidates will receive enough matching funds to overcome the influence of Big Money.

Funding this program now is an investment in our democracy's future. Please increase funding for future matching funds to \$100 million as requested by the Public Campaign Finance Board.

Once again, thank you for the opportunity to testify in support of this reform.

Sincerely,
Anthony LaRocca

Dear New York Assembly Ways and Means,

Thank you for the opportunity to testify in support of full funding in the FY 2024 budget for the new statewide Public Campaign Finance Program.

This program will amplify the voices of everyday New Yorkers in our politics and make our candidates more responsive to the people. But I'm worried that it's not getting the funding it needs to be successful.

The Public Campaign Finance Board requested \$100 million for matching funds, but the FY2024 budget only includes \$25 million. Without full funding, candidates won't be confident that they can plan their strategies around appealing to small-dollar donors. And voters won't be confident that candidates will receive enough matching funds to overcome the influence of Big Money.

Funding this program now is an investment in our democracy's future. Please increase funding for future

matching funds to \$100 million as requested by the Public Campaign Finance Board.

Once again, thank you for the opportunity to testify in support of this reform.

Sincerely,
Carla Cherry

Dear New York Assembly Ways and Means,

Thank you for the opportunity to testify in support of full funding in the FY 2024 budget for the new statewide Public Campaign Finance Program.

This program will amplify the voices of everyday New Yorkers in our politics and make our candidates more responsive to the people. But I'm worried that it's not getting the funding it needs to be successful.

The Public Campaign Finance Board requested \$100 million for matching funds, but the FY2024 budget only includes \$25 million. Without full funding, candidates won't be confident that they can plan their strategies around appealing to small-dollar donors. And voters won't be confident that candidates will receive enough matching funds to overcome the influence of Big Money.

Funding this program now is an investment in our democracy's future. Please increase funding for future matching funds to \$100 million as requested by the Public Campaign Finance Board.

Once again, thank you for the opportunity to testify in support of this reform.

Sincerely,
Taylor Smith
