\*Consists of the income one year after graduation for graduates from 2015 through 2020. Does not include records for the self-employed, those out of the labor force, or those who work outside NYS. Only includes wages of those working 3 or more quarters during an annual year. Wages have been inflation adjusted to 2022 dollars.

**ns Income data based on less than 10 students are not shown.**

Note: Majors are defined by two digit CIP code. The percentages represent the proportion of graduates employed in that industry.
